Leroy A. Clink, Wallace L. Chapman, Phyllis A. Hodsdon, Andrew P. Duris and Henry C. Turner, Jr.

SPECIAL TOWN MEETING

July 17, 1961

Meeting called to order at 7:04 P.M.

A quorum was present.

By vote of the Town Mr. Butterfield, the architect, was allowed the floor to explain the reason for the high bids on the new School building addition.

Article 1: Amendment as stated on the Warrant was rejected by unanimous vote.

Following motion and amendment made and accepted.

That the Town reject the bids on the School additions. That the Building Committee be instructed to work with the architect to modify the Building to reduce the building cost without reducing facilities and to have the project rebid this fall or early next year.

Amend "facilities" to exclude showers if necessary to meet the original estimated price. The decision to be made by the building Committee.

Passed by unanimous vote.

Meeting adjourned 9:45 P.M.

REPORT OF THE BOARD OF PUBLIC WELFARE

Year Ending December 31, 1961

Board of Public Welfare
Granville, Massachusetts

I hereby submit my annual report as Director of Public Assistance.

STATISTICS BY CATEGORY

Old Age Assistance:

Nine persons received this type of relief. One new application was received and no cases were closed.

Medical Assistance to the Aged:

Seven persons received aid; five cases were closed and one application denied.

Aid to Dependent Children:

Two cases representing seven persons were aided. One application was received.

Disability Assistance:

One person received assistance. No applications.

General Relief:

Two applications were received; one accepted and one denied; one case closed.

Changes in Public Assistance laws and policies:

April 1, 1961: The time specification relating to Aid to Dependent Children was repealed.

May 15, 1961: The Old Age Assistance citizenship and additional residence requirement for non-citizens was removed. Persons sixty-five and over are no longer eligible for Disability Assistance.

August 1, 1961: Amendments to Title II of the Social Security Act increased the benefits of some groups of current beneficiaries and broadened eligibility for new groups of individuals; retired male workers became eligible to receive a reduced benefit between sixty-two and sixty-five years of age.

October 1, 1961: Federal participation was increased for both Old Age Assistance and Disability Assistance.

Respectfully submitted,

BELLE B. PENDLETON

Director of Public Assistance

LIBRARY TRUSTEES' REPORT

To the Citizens of the Town of Granville:

During the past year the Library received a State Aid Grant which has been used for improvements and repairs. As we have complied with state requirements we expect to receive another grant this year.

The addition of a conference room and a storage room, for tools and equipment, are among the many improvements made during the year.

The Trustees appreciate, and gratefully accepted for the Library, magazines and reference books presented by the Library Club, books donated by the Pearl Phelon and Robert Cross families, and a stone step for the walk donated by Max Stacker.

Many worthwhile books have been added to the Library and it is hoped that all will visit and make use of them.

Respectfully submitted,

ANN-MARIE CROWLEY, Secretary

REPORT OF LIBRARIAN

Mary Dickinson

To the Citizens of the Town of Granville:

The library at times is a very busy place. Especially, since the elementary grades have their share of homework as well as the Junior High and High School students. New reference material is being added to the collection all the time for the students' convenience.

A very successful weeding workshop was held in November with twenty-one persons present, representing at least six different communities. The purpose of the workshop was to give librarians an idea of what books to discard from the book shelves. It was a very instructive meeting as well as an enjoyable one.

A fine collection of pitchers was on display in the Historical Room this past year. Thanks to Mr. Robert Dowling and Miss Frances Deming for the use of them. It would be greatly appreciated if others would loan an interesting collection for the year 1962.

As usual the Library Club allotted a certain amount of money for the purchase of historical and reference books.

With the gracious help of the Library Club, State Bookmobile and all the Friends of the library, a very adequate service has been offered to the patrons.

The following children have received State reading certificates for reading five or more approved books:

Deborah Avery	Joann Dewey	Elizabeth Jones
Edwin Beckwith	Linda Dewey	James Jensen
Dale Banks	Deborah Duris	David Jensen
Karen Beckwith	Andrea Duris	Barry King

REPORT OF THE FINANCE COMMITTEE

To the Citizens of Granville for the year 1961:

There were no unforeseen expenses incurred by the town this year. Five small allotments were made as follows:

1. \$75 to the Board of Assessors.
2. \$100 to the Tree Warden.
3. \$23.34 for warning and speed.
4. \$.19 for secondary roads.
5. \$26.98 for the Fire Department.

In the past the Finance Board has endeavored to point out possible economy measures. We have gone over the current budget and feel that all the appropriations listed are sound and reasonable. However, as in every budget there are items that if the Town so wishes they could economize on. To this end I am listing these items which the Finance Board feels could be reviewed at the Town Meeting and will be prepared to discuss them in an open session if any of the Citizens so desire.

1. \$1,000 Civilian Defense.
2. \$1,000 Board of Health.
3. \$200 Warning and speed signs.
4. \$102,490 Educational.
5. \$96,000 School building program.
6. \$150 Library — boiler room.
7. \$11,000 Insurance fund.
8. \$400 Improvements to Town barn.

Respectfully submitted,

GEORGE E. WOODGER, Chairman

EDWARD A. JENSEN, JR., Secretary

The Superintendent is available for conferences by appointment.

REPORT OF THE SCHOOL COMMITTEE

The past year has been a time of change for our Granville educational system. It has also been a significant year in which a major step was taken toward a single grade per teacher.

In the belief that we would be operating the 1961-1962 school year with the new building addition as approved by the Town Meeting, the School Committee planned accordingly. Two additional teachers were hired and plans made to operate with six rooms at the Village School. Likewise, in accordance with our stated plans, in last year's report, to operate the seventh and eighth grades on a semi-departmental basis; the seventh and eighth grade pupils from West Granville were brought into the Village School. This reduced the load on the teachers in this school and should result in significant improvement, as well as acclimating these pupils to a larger school and a departmental organization prior to their introduction into the Westfield schools.

Unfortunately, the building addition did not materialize as soon as hoped, and our plans were revised accordingly. Rather than completely scrap these plans it was decided to partition the gymnasium and convert this space into two temporary classrooms and cafeteria area. This has meant complete curtailment of the physical education program during the inclement weather. Despite these crowded conditions we have been operating quite satisfactorily due to the cooperation of staff and pupils. With the building addition much closer to fruition, these conditions should be alleviated by the 1962-1963 school year.

The area of transportation has also occupied a considerable amount of this Committee's time. Revisions had to be made in the bus routes to bring the West Granville pupils to the Village School. In addition the Westfield Junior High operated on a double session basis until January 15, 1962. This required a special trip to return our ninth grade pupils at mid-day.

In addition to procuring the two teachers for the expanded program at the Village School, it was necessary to obtain a replacement for Mr. Smith at West Granville. Each time it becomes necessary to replace a teacher in a multiple grade position, extreme effort on the part of the Superintendent is required as few graduates wish to teach in these positions. This will continue to be a problem over the years.

The electrical wiring at the Village School required revision due to the increased load requirements. New tile flooring was installed in one of the classrooms at West Granville. Overall the physical facilities at both schools are in satisfactory condition.

Our budget is continually increasing due to the increased enrollment in both town schools and in the number of pupils being sent to Westfield. Plans for 1962-1963 include the hiring of an additional teacher so that we may operate seven classrooms and reduce the number of multiple grade rooms.

We wish to express our appreciation to all the residents of Granville and to our entire staff for their interest and cooperation during the year.

Respectfully submitted,

HENRY MILLER, Chairman

PHYLLIS WOODGER, Secretary

REPORT OF THE SUPERINTENDENT

I hereby submit by tenth annual report as Superintendent of Schools, it being the fifty-ninth of such reports, in the Berkshire-Hampden South-west School Union.

The United States has developed its public educational system rather rapidly and well. Our early schools were for children of landowners and of a college preparatory nature. However, the idea of schools for all developed early with Massachusetts taking a leading role. Today our public schools are for all boys and girls regardless of their background or mental abilities.

It is a known fact that we all do not have the same mental capacity to learn. It is a known fact that some children are ready for formal learning earlier than others. It is a known fact that some learn more rapidly than others. It is a known fact the family environment is an important factor. Over the years, the mentally retarded, the slow learner, the child with average ability, and the vocationally adapted have been reasonably provided for.

Only recently, however, have we become seriously concerned about the talent of our gifted children. We need to use the talents of our more brilliant young people. Only about forty per cent of our talented who could be trained are graduating from college.

It is still important that we provide educational opportunities for all children, but it is also important, if we hope to preserve our institutions and way of life, to develop our talented human resources to their greatest capacity.

These talented are more mature, they see more implications of a given situation, they better understand causes and effects, they are constantly trying to find the why of things, and they are able to use mental shortcuts that tend to do things more rapidly and thoroughly, and they are more apt at budgeting their time. These are the young people who have been neglected. They are the ones for which we must provide a more enriched program, challenge, and an opportunity to develop intellectually to their greatest capacity.

Providing for individual differences is more difficult in the smaller schools and becomes increasingly more practical in the larger schools where there is a larger staff, more specialization, and more equipment.

We are engaged in a great world struggle between two opposing ideologies. To stay on top we must conserve and develop our human talents to their fullest.

PERSONNEL CHANGES:

Mr. Thomas Shaughnessy, a 1961 graduate of the Westfield State College, was appointed to teach grades four, five, and six at the West Granville School. Mr. Shaughnessy replaced Mr. Charles Smith who resigned to accept a teaching position in Williamsburg.

Mr. Norman Parent was appointed to teach at the Village School in a newly created position. Mr. Parent graduated from the Westfield State College in 1961.

Mrs. Caroline Saltus was appointed to teach at the Village School in a newly created position. Mrs. Saltus taught in Maine and is a 1961 graduate of the Westfield State College.

REIMBURSEMENTS:

Granville has been certified to receive from the State the sum of \$17,518.70. A detail of this income will be found at the end of the Financial Statement. This income represents about five percent (5%) of the 1926 budget request.

UNDESIRABLE CONDITIONS:

The 1961 - 1962 school year is being conducted under some very undesirable building conditions. The temporary classrooms are not conducive to good teaching, but better than half days. The dining room facilities are crowded. The food preparation area is inadequate. Physical education is limited to good days; when it is possible to go outdoors.

These conditions have been accumulating for several years. Fortunately a contract has been signed to build an addition to the Village School. In September, conditions will be much more desirable.

The second undesirable condition existed for ninth grade students who were forced to attend school on a half-day schedule. This problem was corrected on January 15th, when the new Westfield Junior High School opened.

SCHOOL ORGANIZATION FOR THE 1961 - 1962 SCHOOL YEAR:

This year found a substantial change in the class organization. At West Granville grades one through three are in one room, and grades four through six are in the second room. Seventh and eighth graders attend the Village School.

At the Village School there are six teachers for eight grades with the seventh and eighth grades being on a semi-departmental program.

The ninth graders attend the Junior High at Westfield. Grades ten through twelve attend the Westfield High School.

IMPROVEMENTS AND REPAIRS:

Only necessary and routine improvements and repairs have been made at the Village School in anticipation of new construction.

At West Granville tile floors were laid in the upper-grade classroom and corridor. The exterior of the building was painted. Mr. Clink installed new ropes and painted the flag-pole.

HOT LUNCH PROGRAM:

The program is successful due to fine cooperation. Feeding an average of 110 children is no easy task and that much more difficult under present conditions. About 75% participate in the program. This is a good average.

Financially, we are just about breaking even or slightly better. Careful planning and a good supply of surplus government foods have been contributing factors.

The present plan of a part-time worker will need to be changed if the number served increases too much more.

TRANSPORTATION:

Considerable changes have taken place this year due to larger numbers, being transported, transporting seventh and eighth graders from West Granville, and double sessions at Westfield. Additional changes will be necessary in the future.

EDUCATIONAL RECOMMENDATIONS:

Granville is going through a transitional period. With the addition to the Village School opportunity will be available to enlarge and expedite better education. I would suggest the following:

1. When the enrollment reaches 160 pupils at the Village School, that a teacher be hired for each of the first six grades.
2. That we continue semi-departmental teaching in grades seven and eight.
3. That a third teacher be engaged for the seventh and eighth grade area in order to allow the principal time for administration and supervision with fewer classes to teach will allow for greater specialization.
4. That the teachers be granted full cooperation and academic freedom to teach their subject matter areas as professionals.
5. That some thought be given to ninth grade students who leave

Granville for one year to attend the Westfield Junior High, and then are relocated at the Westfield High School. Also, consider what will happen when Granville's secondary enrollment increases to the point that Westfield might not be able to continue to take tuition pupils.

THE SCHOOL UNION:

Southwick had grown to the place where it needs and desires to become an individual administrative unit. This fact has become increasingly evident during the last few years.

A comparison of growth in the School Union shows in the following chart.

	1952	1961
Budgets	255,100	661,044
Vocational	6,550	25,880
Enrollment	870	1,616
Teachers and Principals	28	91
Other Personnel	27	68

Of the above Southwick represents 80% of the budgets, 78% of the teachers, 81% of the other personnel, and 92% of building value and maintenance. This will increase drastically in 1962.

This causes a double problem. Southwick needs the services of a full-time Superintendent. However, it leaves the remaining three towns in the position of not being large enough to support a three-town district.

To dissolve the School Union requires a three-fourth vote of the School Committees in the participating towns. Granville has so voted. This will not become final until at least three of the other towns approve and until the State Department of Education can organize the remaining towns into a satisfactory administrative unit. This may take a year or several years.

In closing may I call your attention to the reports that follow as a part of this report, and express my gratitude to those who have cooperated to help our schools.

Respectfully submitted,

ROLAND C. WEEKS
Superintendent of Schools

NO SCHOOL

It is the policy of the School Committee to order the no-school signal only in most severe weather conditions or when transportation is interrupted. At other times parents are expected to use their own good judgment in sending children to school.

The signal for no-school is broadcast over Station WTIC of Hartford, Station WSPR of Springfield, Station WDEW of Westfield, and TV Channel 22 of Springfield.

The signal will be broadcast frequently between 6:30 and 9:00 A.M. Please do not telephone school officials or radio and TV Stations.

EMPLOYMENT CERTIFICATES

Educational certificates (work permits) are required for all persons under 18 who are employed in manufacturing, mechanical, mercantile, and certain other establishments, and in certain trades. These may be obtained from Mrs. Miriam Dickinson of Granville or from the Superintendent's Office in Southwick.

REPORT OF THE PRINCIPALS

To the Superintendent of Schools:

I hereby submit my sixth annual report as principal of the Granville Village School.

Mrs. Caroline Saltus, a third grade teacher, and Mr. Norman Parent, a seventh grade teacher, have been added to our faculty this year. This has decreased the work load per teacher and has thus enabled us to give more time and concentrated work in specific areas to the children who are in need of such. To accommodate the new teachers, the gymnasium has been divided into two temporary classrooms, with the remaining area being presently used as an eating area for grades one through six.

By the time this report is printed, the new addition should be well under way. This will be of great benefit to the children of Granville and to the town in general. We should never sanction second rate conditions for a first rate education.

The United Fund Drive was conducted during the first week of November. A total of \$23.07 was contributed by the pupils. This money will be divided and sent to various charities.

Due largely to present inadequate facilities and cramped space, we may not be able to reach the amount of money needed to take the present eighth grade class to New York. If this should be true, the children will be asked to make up the difference. There was a balance of \$56.04 in the school activity fund; the children earned \$64.92 from dances, making a total of \$120.96.

The annual basketball jamboree will not be presented this year and the use of the gym for all extra-curricular activities has had to be curtailed.

We are very thankful that the Recreation Committee is planning to provide us with the ice skating rink again this year. It worked out very successfully last year and was thoroughly enjoyed.

This year Mrs. Hayden and Mrs. King again have our appreciation for their efforts to provide nutritious hot lunches under difficult circumstances.

For all those who would like to contact the school, I would urge that you call during the morning hours when Mrs. Kenney is in the office and can give you assistance.

I wish to thank, at this time, all the school personnel who have given their assistance, understanding, and co-operation.

Respectfully submitted,

WALLACE R. LAWRENCE,

Principal — Village School

To the Superintendent of Schools:

I hereby submit my first report as principal of the West Granville School.

The exterior of the building and the flag pole were painted during the summer. A very neat sign with the name of the school has been placed on the front of the building. The corridor floor and the upper room floors have been tiled. A typewriter was provided this year.

We have been experiencing some difficulty with the furnace. The west side of the chimney needs some repairs. The rest of the school plant is in very good condition.

Two public programs were given during the year. In May, we held a Spring Festival. In December, the usual Christmas program was held in conjunction with the annual Community program.

I wish to express my thanks to the Superintendent, school personnel, and parents who have helped to make my work so enjoyable.

Respectfully submitted,

ALICE M. FRISBIE,

Principal — West Granville

REPORT OF THE MUSIC TEACHER

To the Superintendent of Schools:

I hereby submit my third annual report as music teacher in the Granville Schools.

Music study has followed the same curriculum of teaching rote songs; rotation, rhythmic; reading and singing in multiple parts; voice training; appreciation, dancing; and testing. Some instruction was given on instruments; and a Rhythm Band was formed in the primary grades. Songs in French were learned.

The project for the year 1960-1961 was the study of Folk Music Around the World. In each school, the project culminated in a public program, a "Folk Music Festival", which was given on the school lawn. Folk songs and dances were presented from the following countries: England, Germany, France, Sweden, Denmark, Italy, Scotland, and America. The Festival included the ceremony of the Crowning of the May Queen; — perhaps the most delightful part of the whole program!

Since September 1961, I have been working on a project of correlation of music with other school subjects. This has promoted room programs on various subjects. To date, we have accomplished such units as: "Civil War Songs"; Birth of the Star Spangled Banner"; "The Gingerbread Man"; "The Three Billy Goats Gruff"; and, "The Life and Music of Franz Schubert." Each unit was prepared and performed by the pupils of one room for the pupils of another room. Thus, each room will receive a program as well as to give one.

I have presented two sound films for all the pupils, namely "Instruments of the Orchestra", and "The Tanglewood Story."

I want to thank all the grade teachers, principals, Art Supervisor, and parents, who gave me such excellent assistance this year.

Respectfully submitted,

ELLEN J. WHEELER,

Music Teacher

REPORT OF THE ART TEACHER

To the Superintendent of Schools:

The following is my third report on the art curriculum at the Granville Schools.

The art instruction has been similar to that of previous years with a few variations in method.

The lower grades have learned to use simplified forms in freehand drawing. They have also had story illustration and their usual work with construction paper. The walls and windows of their rooms have shown to advantage the art work of these young pupils.

Special drawing pencils and art erasers were obtained for the upper grades to be used for freehand drawing and sketching. They also learned more about water colors and abstract design. The eighth graders as usual worked hard to make posters and decorations for their class dances. Both schools kept their hall bulletin boards attractive with a new theme each month.

Many of the pupils helped with their artistic talents for the May Day program. Once again the Granville Schools made their contribution to the Red Cross by making Valentine and Memorial Day favors to be distributed throughout the Westfield area.

Respectfully submitted,

BEATRICE A. LEWIS,

Art Teacher

REPORT OF THE SCHOOL LUNCH PROGRAM

To the Superintendent of Schools:

I herewith submit my report as manager of the Granville Village school lunchroom.

We have one hundred forty-three pupils in the school and are feeding one hundred ten per day.

About one hundred fifteen take milk. Mrs. King is still my helper and has been with me for five years.

She does a wonderful job and is very good about giving me new ideas. She also takes me to meetings when we have to go on lunchroom business. She comes in at ten o'clock or a little before, and leaves when we are through which is around two o'clock.

I come at quarter of eight now as we have so many more.

I wish to thank my helper, also the teachers who have helped me and been so cooperative.

Respectfully submitted,

EULALIA HAYDEN,

Manager

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

The children in the Granville Schools were given the Snellen Vision Test in September in compliance with the Massachusetts Department of Public Health.

The individual Pure Tone Audiometer Testing was done in October on all children in the school system. The plotting hearing of each child in the first grade was recorded and will be done on each child that enters the first year of school. Children with hearing loss were also graphed.

The physicals were done in November by Dr. Adrian Delerzon. Starting this year physicals will be done on the first, third, fifth, and seventh grades. Also, students absent last year and new students to our school system were done.

The check of heights and weights will not be done until after the first of the year.

The Department of Public Health did the Mantoux Test for Tuberculosis on all students with parental consent. The response was 100% and all children tested were negative. This is an unusual record and one the Town can be proud of according to the Hampden County Tubercular Office. Dr. Jardinico from the Westfield State Sanatorium did the testing.

The dental examinations were done by Mrs. Watt again this year.

The Massachusetts Department of Public Health desired the immunization record on all first grade children. The department is interested in the number of children immunized against smallpox, diphtheria, pertussis, and poliomyelitis. All first grade children in Granville were done due to the good attendance at our clinics.

The report was sent in as requested.

Respectfully submitted,

RUTH T. OLSEN, R.N.,

School Nurse

REPORT OF THE FIRE DEPARTMENT

The town fire equipment was called 9 times: 3 chimney, 3 grass, 1 forest, 1 truck brake and 1 car.

The ambulance was called 30 times. 17 to Noble Hospital, 5 to Springfield Hospitals, 4 to Hartford Hospitals, 2 to Westfield Nursing Homes and 2 not needed.

There were 396 permits issued: 381 burning permits, 5 oil storage, 6 liquified gas, 2 gasoline, and 2 dynamite.

Respectfully submitted,

CHIEF, GRANVILLE FIRE DEPARTMENT

REPORT OF THE RECREATION COMMISSION

To the Citizens of Granville:

"Music for a Sunday Afternoon", a talent show for children, was held May 7th at the Village School. A varied program of piano, accordion and vocal numbers was enjoyed.

The Sixth Annual Fourth of July Community Field Day was held on the Village School Grounds. It started with a parade at 10:30 A. M. followed by appropriate exercises featuring the Liberty Drum Corps of Westfield, judging of entries and awarding of prizes. After lunch a softball game between married and single men took place, followed by field events, a horseshoe pitching tournament and a rolling pin throwing contest. An exhibition of Western style square dancing was presented by members of the Wagon Wheel and Pioneer Valley Square Dance Clubs, including local couples. After the supper hour, Miss Cheryl Woodger was chosen and crowned MISS GRANVILLE of 1961. John Cesan entertained with a Magic Show for the children. Dancing to records for both round and square dancing was enjoyed by all. The traditional bonfire ended the day at 10:00 P. M. The success of the day was attributed to the many people who helped make it so.

The Swim School for children in grades one through six was repeated this year under the able direction of Mrs. John Jones assisted by Verna Kampe. 53 children were enrolled.

The Little League Baseball Team had a most successful season under the leadership of Emil Maceyka, assisted by Kenneth Gillam and Norman Holcomb. Six games were played. The group wound up the season with a picnic at Babb's Beach in Southwick.

The plastic lined skating rink was installed on the Village School Grounds. Water was pumped from the brook to fill it by the Volunteer Fire Department.

The Public Address System was used at several Town Meetings. The Record Player was used by the 4-H Clubs, the Cooperative Kindergarten and the Women's Auxiliary.

The Recreation Commission made a survey of existing recreational facilities in Granville for the Westfield River Watershed Association to be included in a brochure devoted to the Watershed's recreational possibilities.

The picnic tables in the grove at the Village School were painted this year.

New equipment purchased this year included:

Record Albums for both square and round dancing.

A life jacket for the Swim Class.

A new cartridge for the Record Player.

The Recreation Commission wish to thank all those who so generously gave of their time and talents to make the over-all program possible.

PATRICIA ROSENAU

REPORT OF THE GRANVILLE CIVIL DEFENSE

To the Board of Selectmen:

During the year 1961, the Department of Civil Defense organized and equipped an auxiliary police unit consisting of fourteen members. The training of this police unit consisted, in part, of a first aid course which was also available to the public. The services of this unit are available for any emergency.

Four Civil Defense members attended five weeks of radiological training classes in the town of Montgomery, Massachusetts. Application has since been made for radiological monitoring equipment furnished by the Federal Government.

A medical unit has been organized, currently five active members, who are nearing completion of the advanced first aid course.

Three new two meter mobile radio units have been purchased and are being assembled by the members of the communications unit.

Several trips have been made to Civil Defense meetings and training courses in both Massachusetts and Connecticut to gain working knowledge applicable to our needs here in Granville.

We have also availed ourselves of the Government Surplus Property Warehouse in Taunton, Massachusetts, and acquired several pieces of equipment.

The cooperation of the Board of Selectmen and the members of our Civil Defense units is greatly appreciated and we sincerely hope the people of Granville will come in and look over the town's Civil Defense facilities.

REPORT OF THE PUBLIC HEALTH NURSE

To the Selectmen of the Town of Granville:

Mr. and Mrs. Ernest Humphrey gave a nurse's bag to the Department of Public Health in appreciation for professional services rendered.

Service Report:

Therapeutic visits	58
Telephone calls	109
Clinic attendance	501
Clinics	5
Visits to Nurse	7

Inservice education:

Spring session	2 meetings
Fall session	2 meetings

Because changing health needs and health care as well as social and economic developments are constantly remolding public health nursing, the state division of public health nursing of the State Department of Public Health has organized a state wide inservice educational program. All public health nurses and school nurses are requested to attend. The program is designed to improve the professional competence of nursing service.

The Department Mantoux tested all students in the Granville Village and West Granville school system for Tuberculosis. Dr. Jardinico from the State Sanatorium at Westfield did the testing.

The Town of Tolland gave a Lifeline for syringes to the Department of Public Health. This gift was given for the privilege of the Town-folk of Tolland to attend the clinics in Granville.

Mr. Melvin Jensen and I made arrangements with Miss Hendrickson, Director of Maternal and Child Health for the State of Massachusetts, for a set of films to be shown in June to the advanced first aid group, police, and C. D. Directors.

The Department was able to arrange for one child to go to Camp Fredrick Edwards for two weeks in June.

Respectfully submitted,

RUTH T. OLSEN,

Public Health Nurse

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on March 5th, 1962 at 7 o'clock P. M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen and Board of Public Welfare, Tax Collector, Treasurer, Assessors, School Committee and act thereon.

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the expenses of the Town for the coming year.

Article 3. To see what sums the Town will appropriate for General Government.

Article 4. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 5. To see what sums the Town will appropriate for Health and Sanitation.

Article 6. To see what sums the Town will appropriate for General Highway Purposes.

Article 7. To see what sums the Town will appropriate for Public Welfare.

Article 8. To see what sums the Town will appropriate for Veterans Benefits.

Article 9. To see what sums the Town will appropriate for Veterans Administration.

Article 10. To see what sum the Town will appropriate for the Town Library.

Article 11. To see what sums the Town will appropriate for Unclassified Departments.

Article 12. To see if the Town will vote to appropriate a sum to cover the costs of Interest and Certifying.

Article 13. To see what sums the Town will appropriate for the Insurance, Workmen's Liability Fund and Reserve Fund.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$600 on the Old Westfield Road Cemetery, and the Woodlawn Cemetery on the Blandford Road, for maintenance and landscaping.

Article 15. To see what sums the Town will vote to appropriate for Educational Purposes.

Article 16. To see if the Town will vote to appropriate \$5,000 for the Stabilization Fund.

Article 17. To see if the Town will vote to transfer the Machinery Fund to maintain the Machinery Account for 1962.

Article 18. To see if the Town will authorize the Treasurer with the approval of the Selectmen to borrow from time to time in anticipation of the revenue of the financial year ending December 31, 1962 and to issue a note or notes, therefore payable in one year and to renew any note or notes for a period of less than one year in accordance with the provisions of Chapter 41 Section 17 of the General Laws.

Article 19. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow on or before January 1, 1963 in anticipation of the revenue of the year ending December 31, 1963.

Article 20. To see if the Town will vote to use \$10,000 from the Stabilization Fund to reduce the borrowing for School Building Program.

Article 21. To see if the Town will vote to appropriate the sum of \$25 to the Westfield River Watershed Association.

Article 22. To see if the town will vote to appropriate the sum of \$432 for seven paid holidays for the town highway employees, said employees to be eligible after one year service. This appropriation to be added to the vacation fund.

Article 23. To see if the Town will vote to appropriate and transfer from Surplus Revenue the sum of \$1300 for the purchase of Grader snow plow wing.

Article 24. To see if the Town will vote to appropriate and transfer from Surplus Revenue the sum of \$1600 for the purchase of a motorized broom.

Article 25. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time of holding this Meeting.

HEREOF Fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of said Meeting.
Given under our Hands and Seal this day of 1962.

NELS H. OLSEN
REINHOLD M. SUSSMANN
ROLAND G. OVESEN
Board of Selectmen

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town affairs, to meet at the Town Hall in Granville Center on March 5th, 1962, to vote upon the Articles which follow. The polls will open at 10 o'clock A. M. and close at 7 o'clock P. M.

Article 1. To bring in and deposit your ballots for one Moderator, one Auditor, one Tree Warden, each for one year; one Selectman, one Assessor, one School Committee, one Library Trustee, two Recreation Commission Members each for three years; and one Constable for three years.

Article 2. To choose all necessary Town Officers.

Article 3. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof, in each of the usual places in Town for posting such notices, seven days at least before the time of holding said Meeting.

HEREOF, fail not and make due returns of this Warrant with your doings thereon to the Town Clerk at the time and place of said Meeting.

Given under our Hands and Seal this day of 1962.

Respectfully submitted,

NELS H. OLSEN

REINHOLD M. SUSSMANN

ROLAND G. OVESEN

Article 18: Voted:	
To authorize the Treasurer with the approval of the Selectmen to borrow from time to time in anticipation of the revenue of the financial year ending December 31, 1962 and to issue a note or notes, therefore payable in one year and to renew any note or notes for a period of less than one year in accordance with the provisions of Chapter 41 Section 17 of the General Laws.	
Article 19: Voted:	
To authorize the Treasurer with the approval of the Selectmen to borrow on or before January 1, 1963 in anticipation of the revenue of the year ending December 31, 1963.	

Article 20: Voted: To amend and accept Article 20 as follows:

The Town to use \$10,000.00 from the Stabilization Fund and to appropriate and transfer from available funds in the Treasury (Surplus Revenue) the sum of \$20,000.00 to reduce the borrowing for the School Building Program.
Program.

Article 21: Voted:

To appropriate the sum of \$25.00 to the Westfield River Watershed Association.

Article 22: Voted:

To appropriate the sum of \$432.00 for seven paid holidays for the Town Highway Employees, said employees to be eligible after one year service. This appropriation to be added to the vacation fund.

Article 23: Voted: Grader Snowplow Wing:

To transfer from Surplus Revenue the sum of \$1300.00 for the purchase of Grader Snowplow Wing.

Article 24: Voted: Motorized Broom:

To transfer from Surplus Revenue the sum of \$1600.00 for the purchase of a Motorized Broom.

Article 25: Voted:

To accept the report of the West Granville School Building Survey Committee.

Article 26: Voted:

The Moderator appoint a West Granville School Building Committee with authority to enter into any or all contracts for the purpose of obtaining preliminary drawings and estimated costs for the erection of an addition to the West Granville School, the Committee to include one Selectman, one member of the School Committee, and three other members.

Article 27: Voted: To amend and accept Article 27 as follows:

To appropriate \$1,000.00 from Surplus Revenue to cover the cost of obtaining preliminary plans for an addition to the West Granville School.

Article 28:

The resignation of Mr. Robert A. Dowling as a member of the Finance Committee for more than 12 years was accepted by Mr. Edward C. Roberts, the Moderator.

"In accepting the resignation of Mr. Dowling, I wish to thank him for his devoted service to the Town. He has been a doer rather than one who

talks much and does nothing. Mr. Dowling has spent many long hours at Finance Committee Meetings, and attending meetings of the State Finance Committee Organization. Our thanks for a difficult job well done to the best interests of the Town." Edward C. Roberts, Moderator.

A vote of thanks was rendered Mr. Dowling and Mrs. Mildred R. Stiles, who resigned as Clerk and Bookkeeper for the Board of Selectmen.

Moderator appointed Mr. Stephen M. Roberts to replace Mr. Dowling as a member of the Board of Finance.

Mr. Henry Olsen introduced Mr. William W. Sharp of Southwick, who will replace Mrs. Stiles, as Clerk and Bookkeeper for the Board of Selectmen.

Voted to adjourn 9:15 P.M.

A Quorum was present

West Granville School Building Committee:

Reinhold M. Sussmann, Henry F. Miller, Phyllis A. Hodsdon, Leroy A. Clink, Ray Nestrovich, William S. Pratt and Raymond C. Peebles.

REPORT OF THE BOARD OF PUBLIC WELFARE

To the Citizens of Granville:

I hereby submit the annual report for the year ending December 31, 1962.

As a result of continuing concern on state, national and local levels regarding the effectiveness of Public Welfare programs, attention has been focused upon a careful and complete evaluation of these programs to determine what revisions should be made to improve them. Accordingly, on July 1, 1962, a new plan for social services to Aid to Dependent Children families became effective and on September 1, 1962 the plan was extended to the remaining categories of Public Assistance. The objective set up by the U. S. Department of Health, Education and Welfare has for its major concept intensive social services to strengthen family life; to safeguard children in hazardous home situations; and the reduction of dependency through an effective program of rehabilitation services. For the remaining categories of relief, the general purpose is to help families and individuals to maintain or restore themselves as useful, productive individuals by assisting them to become self-supporting, independently able to take care of themselves and to afford them an opportunity to participate in community life.

STATISTICS BY CATEGORY

Old Age Assistance:

Eleven persons received aid; two cases were closed, leaving nine cases to continue next year.

Aid to Dependent Children:

Two cases representing one parent and six children received aid; one case was closed during the year.

Disability Assistance:

One case aided.

Medical Assistance to the Aged:

Three persons received aid; two cases were closed.

General Relief:

None.

Respectfully submitted,

BELLE B. PENDLETON

Director of Public Welfare

REPORT OF THE LIBRARY TRUSTEES

Roberta Dowling, Chairman

To the Citizens of the Town of Granville:

The Trustees are pleased to report that improvements have continued to be made in the basement of the library.

Work on the kitchen has progressed as follows: walls have been painted, stainless steel sink has been installed, and counters and cabinets have been completed.

The Trustees are also pleased to report that many groups and organizations such as the Kindergarten, Grange, Library Club and others have continued to make use of the library facilities.

Many of the older surplus books were donated to Belchertown State School and Monson State Hospital.

The Library Club as usual donated the magazines.

Respectfully submitted,

ANN-MARIE CROWLEY, Secretary

REPORT OF THE LIBRARIAN — 1962

To the Citizens of the Town of Granville:

The books taken off the shelves because of non circulation for five years or more were given to the Monson State Hospital and the Belchertown School. A few were also given to Noble Hospital in Westfield.

During the year some books were donated by members of the community and the Library Club, for which the librarian is very grateful. The new books are more attractive and enticing every year, it is a wonder anyone can resist them.

Several people visited the Historical Room in 1962. Many of the exhibits have been reclaimed by the owners, so it is necessary to have replacements, either loaned or donated, to have an interesting collection.

The students of all ages have really been using the library facilities and more and more books are needed on every subject. Miss Barbara Morey of the bookmobile has been very helpful in filling requests for information not on hand in this library.

Every year a few more names are added to our list of subscribers and the library is trying to meet their requirements. With the support and aid of the state, town, Library Club and friends, we should be able to meet these requirements completely. Thanks to all.

REPORT OF THE FINANCE COMMITTEE

To the Citizens of Granville for the year 1962:

The unforeseen expenses were high this year.

- a) \$45.00 for Tax Collector's Maintenance.
- b) \$100.00 for retrimming snowplow wing.
- c) \$1,300.00 emergency rebuilding of Village School furnace.
- d) \$4.95 for Cemetery Maintenance.

Our total budget is going to raise about \$15,000.00 this year depending on the action of the Assessors and the town meeting. This means all departments should review expenditure carefully especially for new equipment.

The Finance Board feels that additional discussion should be held on the following items:

- 1) New school bus.
- 2) \$500.00 Library book fund.
- 3) New town truck.

The Finance Board has been approached by a citizens' group on the purchase by the town of the property opposite the Town Library for \$7,500.00 and recommends that the town do so.

Respectfully submitted,

GEO. E. WOODGER, Ch.

EDWARD A. JENSEN, JR., Sec.

FREDERIC WACKERBARTH

REPORT OF THE SCHOOL COMMITTEE

After years of study, discussion, and planning the much needed expansion of our physical facilities at the Village School became a reality this past year. With the addition of four classrooms, as well as cafeteria and kitchen areas, the Village School should adequately serve the community educational plant needs for years to come. However, it has been recom-

mended that an all-purpose room should be added to the West Granville School in order to provide somewhat similar accommodations for lunches, visual aid instruction, recreation, etc.

As an adjunct to the expansion in buildings, the Committee is continually striving to guide our educational policy along the line of improvement as required in these days of accelerated need. Keeping this as our goal has brought the realization that we can no longer operate efficiently with a teacher principal. As new inexperienced teachers are added or replace experienced teachers, it becomes evident that a teacher-principal cannot provide the guidance and assistance required and still carry a full schedule of class instruction.

Therefore, we have established the position of supervising principal responsible for both schools and we are presently seeking qualified applicants. It is the plan of this Committee to start the 1963-1964 school year with this revised system.

We have added an additional teacher at the Village School for the present school year and are now operating seven classrooms there, with dual classes in only two rooms. The policy of this Committee is to achieve a single grade per teacher as soon as enrollment makes it economically feasible.

The additional rooms have required the addition of a full-time custodian to maintain the building in first-class condition. In addition many minor maintenance jobs can be quickly accomplished by the custodian.

The Committee has included in the budget, allotments for major maintenance items, such as replacement of floor tile at the Village School, and correction of the front lawn drainage problem, and surfacing of the driveway at West Granville.

This year three buses are in operation making use of the spare bus which had been retained when the last new bus was purchased. However, excess maintenance required on this bus has led to the Committee's recommendation that a new bus be procured. This item has been included in the 1963 budget.

In reviewing this budget it is again evident that educational costs are continuing to rise. This increase is due to higher school enrollment and greater tuition costs, rather than per pupil costs. Granville's per pupil cost is generally in line with the state average and has remained nearly the same over the past three years.

Early in 1962 the School Committee adopted a teacher salary schedule which has since been revised as a result of the new state minimum requirement of \$4500.

We wish to express our appreciation to all the residents of Granville and to our entire staff for their interest and co-operation during the year.

Respectfully submitted,

HENRY MILLER, Chairman

PHYLLIS WOODGER, Secretary

SUPERINTENDENT'S REPORT

I hereby submit my eleventh annual report as Superintendent of Schools, it being the sixtieth of such reports in the Berkshire-Hampden Southwest School Union.

How many of us, previous to 1950 had seen Congress in action, the Tournament of Roses Parade, a World Series Baseball Game, a famous symphony concert, an inauguration of a President, or world news in the making? How many, ten years ago, believed it possible to circle the earth in a matter of minutes, or for a submarine to stay submerged for months? How many of us, twenty-five years ago, could foresee the tremendous strides in automation or the advancement in medical science?

Inventions, technological advancement, and changes in social structures have gone far beyond our greatest power of imagination. There is much more to come and it will continue to be with such rapidity that we will still wonder in amazement.

Our boys and girls are far more advanced knowledgewise and socially than we were at their age. They read more, they see more, and they travel more. Their obligations to society are greater and more complex.

Educationally, are we keeping pace? What has it done to education already and what will it do to our educational concepts? Can we say — "What is right today will be right tomorrow"?

Education today requires more comprehensive training, a need for greater knowledge, a need to educate a greater number of students, a need to become thinkers, a need to develop broad-mindedness, a better understanding of the people of the world, and a need for continuous evaluation of our educational process.

Educational changes have been, and rightly so, conservatively slow. It has been a matter of determining the difference between fads and constructive changes. Educational instruction is still basically the fundamentals at the elementary level. However, changing world conditions and advancements demand that, at our secondary level, there be a flexibility in setting up programs.

Are we as educators, parents, and as a community ready, able, and willing to accept the challenge of change?

PERSONNEL CHANGES:

Mrs. Ann May Donovan was appointed to teach grade one at the Village School. She replaced Mrs. Kuznicki who was transferred to grades three-four. Mrs. Donovan graduated from American International College.

SCHOOL UNION:

To dissolve the School Union requires a majority vote of the Committees in the participating towns. An effort was made this year to dissolve the Union. Granville and Southwick voted in favor with Tolland and

Sandisfield voting against dissolution. Not receiving a majority vote it will be necessary to continue as a unit until such time as it is proven desirable to attempt dissolution again. From January through June, Granville will contribute twenty (20%) percent toward the operation of Union No. 39. Starting July 1st its share will be five (5%) percent with Southwick absorbing seventy percent, Sandisfield fifteen percent, and Tolland ten percent.

BUILDINGS:

The addition to the Village School was completed during the fall. There are now seven teachers at the Village School with eight being required within three years. Grades one through eight are at the Village School. Grades one through six are at West Granville with two teachers. The addition at the Village was much in need to relieve crowded conditions and to provide better gym and cafeteria facilities.

A Committee has been appointed to secure building plans for West Granville.

TRANSPORTATION:

The school is now operating three buses. There are no transportation contracts. Mr. Joseph LeClair, who has driven in West Granville for many years, is driving the third bus. He transports seventh and eighth graders from West Granville to the Village School and picks up all West Granville students.

CUSTODIAL:

Mr. Boughton, who had been a part-time custodian, was replaced by a full-time man with the opening of the new addition. Mr. Raymond Sandman was appointed to the full-time position.

NO SCHOOL:

It is the policy of the School Committee to order the no-school signal only in most severe weather conditions or when transportation is interrupted. At other times parents are expected to use their own good judgment in sending children to school.

The signal for no-school is broadcast over station WTIC of Hartford, Station WSPR of Springfield, Station WDEW of Westfield, and TV Channel 22 of Springfield.

The signal will be broadcast frequently between 6:30 and 9:00 a.m. Please do not telephone school officials or radio and TV stations.

EMPLOYMENT CERTIFICATES:

Educational certificates (work permits) are required for all persons under 18 who are employed in manufacturing, mechanical, mercantile, and certain other establishments, and in certain trades. These may be obtained from Mrs. Miriam Dickinson of Granville or from the Superintendent of Schools Office in Southwick.

REORGANIZATION:

The Committee has voted to eliminate the position of teaching-principal at the Village School and to establish a full-time supervising principal effective this coming school year.

This is educationally sound. A supervising principal can devote his/her full time to the supervision and administration of the Granville Schools. It will relieve a teacher from doing two jobs and give him/her an opportunity for full-time teaching without interruption. Due to Southwick's need for more of the Superintendent's services the supervising principal will be able to do many of the things that need to be done by a person right on the spot.

EDUCATIONAL RECOMMENDATIONS:

Last year's report stated that Granville was going through a transition period. This is still true and will be for some time to come. Last year's recommendations, that are still this year's, are as follows:

1. When enrollment reaches 160 pupils at the Village School, a teacher should be engaged for each grade.
2. That we continue semi-departmental teaching in grades seven and eight.
3. That thought be given to the ninth grade students who are at the Westfield Junior High for just one year.
4. Give serious consideration to the fact that our secondary school pupils might not always be accepted at Westfield if our enrollment reaches a point where it becomes a burden to Westfield.

In addition to the repeated recommendations I would suggest serious consideration be given to bringing more of the grades from West Granville to the Village School.

A PROBLEM:

Securing well-qualified elementary teachers is still a big problem. Today's teachers are becoming specialists at grade levels and in specified areas. New teachers are looking for single grades, specialized areas, adequate salaries, and desirable working conditions.

Conditions at the Village School, which will soon be a teacher per grade school, adequate supervision, and a good building will be an aid to recruiting. At West Granville multiple grades and travel are factors unfavorable to getting teachers who plan to stay more than a year or two. Salaries in the small towns will have to equal or better that of large towns and cities if we hope to hold good teachers.

There is a critical shortage of elementary teachers, the effects are being felt nationwide. Teachers are able to make choices of positions and they will choose those that are most desirable to themselves.

— — — — —

Your attention is called to the statistics and reports that follow as a part of this report.

Gratitude should be expressed to the Building Committee who has gone through trying times to get the addition to the Village School completed. Particular thanks should go to Mr. Christian Jensen, Chairman of the Committee, for his devotion and supervision of the project.

May I express my thanks to those who have cooperated to help our schools during the year.

Respectfully submitted,

ROLAND C. WEEKS

Superintendent of Schools

REPORT OF THE PRINCIPALS

To the Superintendent of Schools:

I hereby submit my seventh annual report as Principal of the Granville Village School.

This year has seen a vast improvement in the plant conditions of the Village School. The new addition with its four classrooms and accompanying eating facilities has transformed our school into a structure capable of fulfilling the needs of our pupils. We have grades one, two, and three in the original section while grades five through eight are in the new wing. Grade four is the only grade presently split with half in grade three and half in grade five. The spare room in the original building serves a multitude of uses, such as; a classroom for music, art, audio-visual material and health. We expect that in the near future the old kitchen space will be made into a teachers' room. The gym is currently being restored so that it can be once again used for physical education. New lighting has been installed.

The heating facilities were repaired in October. Prior to that time the school was without heat.

The area around the school and part of the playground has been seeded. The children have been asked to stay off the new grass until early summer.

The United Fund Drive was conducted during the first week of November. A total of \$26.40 was collected which in turn will be distributed to the several charities.

At present there is \$181.56 in the school Activity Fund. This money has been raised by various school activities with the help of interested and conscientious parents and adults. We hope to raise \$352.00 for the annual class trip to New York.

Mr. Clark Boughton, who has served so well for the past several years as custodian and friend to the children has resigned and has been replaced by Mr. Raymond Sandman on a full-time basis.

I would like to thank the School Committee, Superintendent, teachers, and all related personnel who are helping us give our children a future through education.

Respectfully submitted,

WALLACE R. LAWRENCE

Principal — Village School

To the Superintendent of Schools:

I hereby submit my second report as principal of the West Granville School.

There has been no change in our teaching force.

The school plant is in good condition. All minor repairs have been completed.

The pupils presented a Spring Festival and a Christmas program as part of the annual community Christmas program. We need a temporary platform to make this program more effective.

School banking and the milk program have been carried on throughout the year.

The installation of a Merry-Go-Round on the playground has been greatly appreciated.

I wish to express my appreciation to the Superintendent, School Committee, and parents for their interest and cooperation.

Respectfully submitted,

ALICE M. FRISBIE

Principal — West Granville School

REPORT OF THE MUSIC TEACHER

To the Superintendent of Schools:

I hereby submit my fourth annual report as part-time Music Teacher in the Granville Schools.

I have continued to teach rote songs, ear training, notation, rhythms, voice culture (including remedial work in the primary grades), part-singing in the upper grades, folk and square dancing, music appreciation, the science of sound, and other fundamentals of music. Complete adherence to the State Curriculum for Music Study was accomplished except in the field of learning rhythm band instruments.

At the Village School, I presented the following additional school programs: "Songs of the Sea", "Marching On With Music", "Songs of the West", "Clementine", and "Christmas Time". At eighth grade graduation, the music consisted of a medley of three songs from "The Sound of Music", by the 7th and 8th grades, and a patriotic song by the Girls' Chorus.

At West Granville, I participated in the two annual public programs; one at Christmas, and the one in the Spring — "May Day Festival".

Respectfully submitted,

ELLEN J. WHEELER

Music Teacher

REPORT OF THE ART TEACHER

To the Superintendent of Schools:

The following is my fourth report on the subject of art in the Granville Schools.

The art schedule has been somewhat changed due to the growth of the Village School. We now have seven periods of art a day and I am happy to say that they are held in an art and music room which is most convenient.

Our art work in general has been much the same as last year, although I have stressed functional design in the upper grades.

In both schools we held an art contest for the upper classes with two subjects from which to choose; either that of fashion design or automotive design. I was most pleased with the results, and the winners of the contest received blue ribbons and had their drawings exhibited on the bulletin boards.

The pupils did exceptionally well decorating the hall bulletin boards with appropriate themes throughout the year. They also contributed through

their art work to the Junior Red Cross, by making attractive favors for the various holidays.

Respectfully submitted,

BEATRICE A. LEWIS

Art Teacher

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

The children in the Granville Schools were given the Snellen Vision Test in December in compliance with the Massachusetts Department of Public Health.

The individual Pure Tone Testing was done in October on all children in the school system. The plotting hearing of each child started was continued this year. Children with hearing difficulty are reported to the teacher and their seating arrangement in the classroom changed to accommodate the student.

The physicals were done in November by Dr. Adrian Delerzon. The odd grades were done and new students to the school system were examined.

The check of heights and weights will be done after the first of the year. Hair will be checked at the same time.

The dental exams were done by Mrs. Watt again this year. The need for dental referral has been reduced by 50% with this service.

I wish to thank all of the teachers and parents for their help and cooperation. It certainly makes my work pleasant and easier.

Respectfully submitted,

RUTH T. OLSEN, R.N.

School Nurse

REPORT OF THE SCHOOL LUNCH MANAGER

To the Superintendent of Schools:

I hereby submit my annual report as manager of the Village School Cafeteria.

There are one hundred forty-three pupils in the school with an average of one hundred per day taking advantage of the full lunch ("A" Program) and an average of one hundred twenty-five participating in the "C" (Milk) program.

Mrs. King is an able assistant in the kitchen. She is in her sixth year on the job.

I start about 8:00 A.M. and Mrs. King starts at 9:00 A.M. We usually finish about 2:00 to 2:30 P.M.

We are pleased with our lovely new kitchen that is well-lighted, with modern equipment, and has ample working and storage space.

I wish to thank Mrs. King, the teachers, and custodian for their help and cooperation.

Respectfully submitted,

EULALIA HAYDEN

Manager

Added in 1962 Approximately	6,000
<hr/>	
Total Equipment Inventory	\$26,187

REPORT OF THE GRANVILLE SCHOOL BUILDING COMMITTEE

After several committees, much planning, and a lot of hard work the Village School Addition has finally become a reality.

Due to the severe winter conditions of January, 1962 the starting date for construction was postponed until April. Construction progress was fairly steady throughout the summer with a few holdups due to material not being delivered on schedule.

The opening of school was delayed a week with the hope of the nearly completed building being ready for occupancy, but with minor items to be finished classes were not able to move in until October.

At the present time all four rooms, the kitchen and cafeteria are being used. We feel that this addition should serve the school needs of the town for several years to come.

Due to the large window area and heat from the sun, we found it advisable to have venetian blinds on the south side. These were installed during the Christmas vacation.

Although the building has been completed, the lawn and baseball field seeded, there are still some items to be finished. The baseball back-stop has to be relocated, shrubbery planted, and the parking area increased in size. As soon as the weather permits in the spring, we will have these items completed.

BUILDING COMMITTEE FINANCIAL REPORT

December 31, 1962

Amount available	\$148,000.00
Amount spent	140,578.87
Balance	<u>\$ 7,421.13</u>

Respectfully submitted,

CHRISTIAN JENSEN, Chairman

Granville Building Committee

REPORT OF WEST GRANVILLE SCHOOL BUILDING COMMITTEE

Letter of Authorization

December 18, 1962

The Moderator has appointed you to serve on the Committee as voted under Article 26 of the Annual Town Meeting, March 5th, 1962.

Article 26: Voted:

The Moderator appoint a West Granville School Building Committee with authority to enter into any or all contracts for the purpose of obtaining preliminary drawings and estimated costs for the erection of an addition to the West Granville School, the committee to include one Selectman, one member of the School Committee, and three other members. Committee:

Reinhold M. Sussmann, Henry F. Miller, Phyllis A. Hodsdon, Leroy A. Clink, Ray Nestrovich, William S. Pratt, Raymond C. Peebles.

Yours truly,

(Signed)

EDWARD C. ROBERTS, Moderator

CHARLES E. HANSEN, Town Clerk

The West Granville School Building Committee has held six meetings since its appointment early in December, 1962. Ray Nestrovich was elected chairman and Mrs. James Hodsdon secretary. Seven architects were invited to meet with the committee for interviews. Of this number four accepted appointments but two withdrew, and two firms were eventually considered.

The committee members examined the records and recommendations of the West Granville School Building Survey Committee which were reported to the town meeting on March 5, 1962, and concluded the needs of the school would best be met by the construction of a 40' by 50' addition to the rear of the existing building.

Exterior walls would be of cinder block with brick veneer to match the existing building. The floor would be concrete slab on gravel, surfaced with resilient tile or sheet floor covering. Interior walls would be cinder block finished in pastel colors. The present heating system would be utilized for the addition as well as for the existing building.

The addition would constitute an all-purpose room, including a 9' by 18' platform, 6' by 8' storage space and a small counter with single basin sink near the lunching area. This room is planned for maximum simplicity and flexibility, allowing for the following basically educational uses: physical education and recreation during inclement weather; use of audio-visual aids; science projects and demonstrations; assemblies and film showings; plays and programs; music instruction and rehearsal; aptitude and achievement testing, conferences and special instruction; execution and display of art projects; lunching away from classroom desks; physical and dental examinations.

Following the conclusion of architect interviews the committee voted to retain Ralph M. Sizer, A.I.A., of Westfield to design the proposed addition. Mr. Sizer's firm has designed and supervised the construction of twenty-two schools, many in their entirety and a number of additions. Highly successful additions in Middlefield and Peru and a number of other school projects were constructed in rural locations similar to West Granville. Mr. Sizer promises that preliminary plans will be available in time for the Annual Town Meeting in March, 1963.

In accordance with the terms of Article 26 of the March 5, 1962, Town Meeting, the committee entered into an agreement with the architect for preparation of preliminary plans, preliminary specifications and drawings in Granville Town Hall on January 30.

Respectfully submitted,

RAY NESTROVICH, Chairman

PHYLLIS A. HODSDON, Secretary

REPORT OF THE FIRE DEPARTMENT

The town fire equipment was called out 20 times in the last year. There were 2 house fires, 2 Church, 5 chimney and furnace, 1 barn, and 10 grass and forest fires.

The ambulance was called 17 times. 14 times to Noble Hospital, 1 to Springfield Hospital, 1 to Hartford Hospital and 1 not needed.

There were 468 permits issued; 456 burning permits, 2 liquified petroleum gas, 8 oil storage, and 2 dynamite.

Respectfully submitted,

Chief, Granville Fire Department

JAMES C. ROBERTS

Sealer of Weights and Measures

REPORT OF THE LAW AND ORDER DEPARTMENT

To the Citizens of Granville:

Accidents	22
Domestic complaints	147
Breaks and attempts	10
Investigation of shooting	1
Attempted assaults	4
Hit and run	1
Stolen cars	5
Transients removed from town	7
Arrests	9
Suicide	1

At the time of the writing of this report all breaks and attempted breaks have been investigated and considered closed.

Those responsible for certain breaks are serving time in the State of Massachusetts or in the State of Connecticut.

At the present time we have two outstanding cases, one pertaining to fires and the other to obscene telephone calls.

The fire cases are being handled by the Detective Bureau of the State Police out of the District Attorney's office, whom we have to work with from time to time when they are investigating the case.

The telephone calls are being investigated by several police departments including the State Police because of the wide area in which they have been received. May we suggest anyone receiving such calls in the future to notify us immediately.

May we also remind the people that with the new traffic violation notice now standard throughout the State of Massachusetts anyone who receives three warnings for any traffic violation in one calendar year will automatically lose his right to operate for a period of thirty days. This is mandatory.

We have had complaints that vehicles are not stopping for the stop signs and are also failing to keep to the right of the islands.

We regret to say in the future we are going to have to issue these warnings and let the Registrar take action. This seems to be the only way to solve this problem.

Also at this time we would like to express our appreciation to the townspeople who have assisted and cooperated with the Police Department throughout the past year.

Respectfully submitted,

NELS OLSEN, Chief
BERT PARKER

- 2 Pair of climbing irons
- 2 Safety belts
- 1 Helmet and Liner
- 3 Ropes
- 2 Warning Signs

1962

REPORT OF THE RECREATION COMMISSION

To the Citizens of the Town of Granville:

"Music for a Sunday Afternoon," a talent show for children, was held on May 20th at the Baptist Chapel. Piano and accordion numbers were given and for the first time refreshments were served.

The Seventh Annual Fourth of July Community Field Day was held on the Village School Grounds. It started at 10:30 A. M. with a parade from the library to the school, followed by appropriate exercises featuring the Liberty Drum Corps of Westfield, judging of parade entries and awarding of prizes. The afternoon program included a horseshoe pitching tournament, field events for school children, a pic eating contest for boys, a watermelon eating contest for girls, a rolling pin throwing contest for women. Highlights of the evening were the crowning of Miss Bonnie Blakesley as MISS GRANVILLE of 1962, entertainment featuring the Dixieland Band of Westfield High School and dancing to records with Ray Nestrovich calling the square dances. The traditional bonfire ended the day. The names of the winners of the annual MISS GRANVILLE contest, from its inception in 1958, have been inscribed on a plaque and placed in a permanent location in the town hall to maintain a record for the future. Our grateful thanks go to the chairmen and the members of the various committees, for their fine cooperation and spirit which made the day most successful.

We wish to express our thanks to Mr. and Mrs. Joseph LeClair, Jr. for their donation of a piano in time for the '62 July Fourth program. Because of the unavailability of the school piano, there has always been a problem in supplying music for outdoor affairs.

The Swim School for children in grades one through six was continued this year under the able direction of Mrs. John Jones, assisted by Mrs. Richard Brown. Of the 57 children enrolled, 6 passed their Beginners' Test, 9 passed their Advanced Beginners' Test and 9 passed their Intermediate Test. This project was self-supporting.

Granville's entry in the Bernie Battle's League was coached by Stuart Egerton assisted by Guy Egerton, Norman Holcomb and Philip Gietek. The team of 16 boys, hampered by playing all their games away, due to the school expansion, compiled a won-lost record of 1 and 7. Team members sold raffle chances on a U. S. Savings Bond with the proceeds going into the treasury of the Bernie Battle's League. The Bernie Battle's All-Star Team was composed of twelve players, six each from Granville and Russell. The six Granville members were Wayne Maceyka, Robert Hazen, Keith Holcomb, William Norris, James Wackerbarth and David Boucher. The All-Stars lost by a 7 to 3 score to the Southwick Little-League All-Star Team. At present, plans are under way to expand the league to include at least five teams in the coming year. It is hoped that in the coming year the team will have a playing field at home and that the townspeople will come out to support their team and see their youngsters in action.

One of the most popular and successful undertakings sponsored by the commission was the Western Style Square Dance Classes conducted by Ray Nestrovich, for school children in grades 7 through high school. Of the 43 who enrolled, 38 graduated and formed a club known as the "HICKORY STICKS."

We were proud to become sponsors of Troop 113 of the Boy Scouts of America which received its charter October 31st. Nineteen boys received their Tenderfoot Badges at a District Court of Honor at Blandford. Since then all except one have received their Second Class Badges and many are well on the way to First Class. At present there are 23 boys in the troop, three of them being Eagle Scouts (highest rank held in Scouting). Scoutmaster Richard Nadeau is also an Eagle Scout. The Scout Committee consists of Emil Maceyka, Chairman, with Ralph Dickinson and Kenneth Gillam assisting.

It is recommended that some consideration be given to the advisability of the following future town projects:

A hardtop tennis court on the school grounds with central drain.

The Court could be converted to a permanent skating rink in the winter, thereby reducing the expense and labor of the unsatisfactory plastic liner rink which needs constant replacing and upkeep.

A summer playground program to run for a period of six to eight weeks.

A permanent set of outdoor lights.

A 16 mm. camera and projector to keep a record of the town's events.

EXPENSES

Little-League Baseball team	\$109.30
1962 Fourth of July Field Day	295.46
Misc.	9.00
<hr/>	
Total	\$413.70

The success of the over-all program is due to the volunteers who so generously gave of their time and talents.

REPORT OF THE GRANVILLE CIVIL DEFENSE

To the Board of Selectmen:

During the early part of the 1962 fiscal year, the Civil Defense Department was obligated to provide a Survival Plan for the Town of Granville. Many hours were spent writing and rewriting and planning before we arrived at the proper plan. We submitted the plan to the Area Director, who submitted it to State Headquarters and Federal Headquarters in Washington. The plan was returned to Granville Civil Defense Department for rewriting with three minor changes and then was accepted by all departments concerned. With the timely loan of the Duplicating Machine by the School Committee, we were able to produce fifteen copies of the plan without much cost to the Town. Five copies of the plan went to the Area Headquarters; to be distributed to State and Federal Headquarters. Three copies were given to the Granville Village School. One copy was given to the West Granville School. One copy was given to the School Committee and three copies were given to the library. One copy was given to the Selectmen. The remaining four copies are in the Granville Civil Defense Department.

On the 18th of April, 1962 at 8:00 P.M., Open House was held at the Town Hall to familiarize the townspeople with the work and activities of Civil Defense. Movies were shown by Area Director, Robert Boulay, and a Radiological Display and Demonstration was given by Colonel Shupe. Each section of the Town's Civil Defense Department had a display of their related equipment.

The Civil Defense Department is in the process of constructing an office in the basement section of the Town Hall. This area will provide

Civil Defense Sections with adequate working area, and also provide a secure place for Civil Defense equipment. In this area we will be able to operate radios at the prescribed monthly time, hold any section meetings or confer with other Civil Defense personnel without conflicting with other meetings in any part of the Town Hall.

The Civil Defense Department has installed an intercom system in all offices in the Town Hall in order to eliminate the necessity of running from office to office looking for someone. We are also in the process of installing an emergency lighting system for Civil Defense and other offices in the Town Hall so that the offices can function without interruption.

We have also applied for and received approval for a Civil Defense Transceiving Station license in the eleven meter band from the Federal Communications Commission in Washington, D. C. This type of station does not require each individual to have a ham radio operator's license.

In the later part of 1962 and early days of 1963, the Civil Defense Department has been devising an evacuation plan for our school children. Since our school children are spread out over a large area and attending Westfield Junior High, St. Mary's School, Trade School and Westfield High School, this will require a considerable amount of coordinated planning between the Civil Defense Department and the School Committee and the Westfield Civil Defense Department. Bus routes will have to be planned so that our children will be transported home as soon as possible. Alternate bus drivers also will have to be acquired, trained, and licensed so that in the case of an emergency the alternates will be required to make the run if regular drivers are not available.

The cooperation of the Board of Selectmen, the members of the School Committee, and our own Civil Defense units have been greatly appreciated. We sincerely hope that the people of Granville will show future interest in Civil Defense endeavors.

Respectfully submitted,
WILLIAM H. BOUCHER, Director
WALLACE L. CHAPMAN, Deputy Director
HARLON R. HANSEN, Deputy Director

REPORT OF THE PUBLIC HEALTH NURSE

To the Selectmen of the Town of Granville:

Mrs. Helen Beckwith has given the Department of Public Health a backrest for use in home nursing care. Anyone wishing to use the backrest may contact the department for this useful article.

Service Report:

Therapeutic visits	40
Visits to the Nurse	15

Clinics	3
Clinic attendance	231

Inservice education:

Spring session	3 meetings
Fall session	6 meetings

The oral (Sabin) polio vaccine is a live attenuated vaccine so modified that it is able to induce an antibody response both serologic and gastrointestinal in the individual taking the syrup-type vaccine. This serologic immunity will protect a person from acquiring clinical infection, and the gastrointestinal resistance will prevent the multiplication of polio virus in the alimentary tract should the patient be exposed to naturally occurring polio viruses of the same type. This should reduce markedly or eliminate entirely the incidence of carriers and break the chain of possible polio infection in the future. As to whether Salk is better than the Sabin (oral) vaccine most Doctors reply, "Salk vaccine is a good preventive." There were not enough requests made to the local Department of Public Health to warrant a clinic for the syrup-type vaccine.

Respectfully submitted,

RUTH T. OLSEN, R.N.

Public Health Nurse

1962 REPORT

of the

TRUSTEES FOR COUNTY AID TO AGRICULTURE

and the

HAMPDEN COUNTY IMPROVEMENT LEAGUE

GRANVILLE, MASSACHUSETTS

AGRICULTURAL WORK

Several newly organized and definitely worthwhile programs are now available to all farmers as follows:

- (1) *Dairy* — Forage testing as an aid to more efficient feeding.
- (2) *Poultry* — Record keeping for improved management.
- (3) *Potatoes and Vegetables* — Marketing improvement through better grading.
- (4) *Fruit* — Effective insect and disease control and improved marketing.

- (5) *Floriculture and Nursery Culture* — Improved marketing and merchandising and improved management as an aid to lower production costs.

Agents in Hampden County assisted farmers in the programs listed above through meetings, circular letters and individual farm visits throughout the year.

The above listed programs received emphasis during the year. Requests for specific information available from agents at all times.

HOME DEPARTMENT WORK

During the year 14 different women attended 4 meetings or demonstrations conducted by 13 local leaders assisted by the county agents and state specialists. There were 4 different projects during the year. The following leaders incurred expenses totalling \$16.75:—

Mrs. Stillman Humphrey, Mrs. Nelson Warner and Mrs. Joseph Welch.

4-H CLUB WORK

During the year 55 boys and girls enrolled in 6 different projects. 11 local leaders assisted the county agents and state specialists in conducting the projects. The following incurred expenses totalling \$50.53.

Mr. and Mrs. Harold Chapman, Mrs. William Pratt, Mr. and Mrs. George Sandman, Mrs. Raymond Whiting, Cheryl Woodger and Mr. and Mrs. George E. Woodger.

The appropriation made by your town was used by the agents of the Trustees for only residents of your town.

FINANCIAL SUMMARY

1962 Appropriation	\$.....
1961 Unexpended Balance	231.36
Total Available for 1962	231.36
Total Expenditure in 1962	67.28
Total Available for 1963	164.08
Recommended Appropriation for 1963	50.00

By ALBERT H. FULLER, Clerk

COPY OF TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

HAMPDEN ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on March 4th, 1963 at 7 o'clock P. M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen and Board of Public Welfare, Tax Collector, Treasurer, Assessors, School Committee and act thereon.

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the expenses of the Town for the coming year.

Article 3. To see what sums the Town will appropriate for General Government.

Article 4. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 5. To see what sums the Town will appropriate for Health and Sanitation.

Article 6. To see what sums the Town will appropriate for General Highway Purposes.

Article 7. To see what sums the Town will appropriate for Public Welfare.

Article 8. To see what sums the Town will appropriate for Veterans Benefits.

Article 9. To see what sums the Town will appropriate for Veterans Administration.

Article 10. To see what sum the Town will appropriate for the Town Library.

Article 11. To see what sums the Town will appropriate for Unclassified Departments.

Article 12. To see if the Town will vote to appropriate a sum to cover the costs of Interest and Certifying.

Article 13. To see what sums the Town will appropriate for the Insurance, Workmen's Liability Fund and Reserve Fund.

Article 14. To see if the Town will vote to raise and appropriate

the sum of \$300.00 on the Old Westfield Road Cemetery, and the Woodlawn Cemetery on the Blandford Road and West Granville Cemetery, for maintenance and landscaping.

Article 15. To see what sums the Town will vote to appropriate for Educational Purposes.

Article 16. To see if the Town will vote to appropriate \$5,000 for the Stabilization Fund.

Article 17. To see if the Town will vote to transfer the Machinery Fund to maintain the Machinery Account for 1963.

Article 18. To see if the Town will authorize the Treasurer with the approval of the Selectmen to borrow from time to time in anticipation of the revenue of the financial year ending December 31, 1963 and to issue a note or notes, therefore payable in one year and to renew any note or notes for a period of less than one year in accordance with the provisions of Chapter 41 Section 17 of the General Laws.

Article 19. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow on or before January 1, 1964 in anticipation of the revenue of the year ending December 31, 1964.

Article 20. To see if the Town will vote to appropriate the sum of \$60.00 to the Westfield River Watershed Association.

Article 21. To transact any other business that can legally come before this meeting.

Article 22. To see if the town will vote to appropriate \$7500.00 to purchase the Trevallion property to be used as a town park.

And you are directed to serve this Warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time of holding this Meeting.

HEREOF Fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of said Meeting.
Given under our Hands and Seal this day of 1963.

Voted: To appoint a Committee to assist Recreation Commission in conjunction with Public Law No. 566.

Committee: Mrs. Doris A. Kampe, Henry C. Turner, Henry S. Wackerbarth.

Finance Committee appointed by the Moderator: George E. Woodger, Frederic S. Wackerbarth, Edward A. Jensen, Jr., Roland G. Ovesen, John B. Jones.

Meeting adjourned 10:28 P.M.

SPECIAL TOWN MEETING

JUNE 5TH, 1963

Article 1: Voted to rescind the action taken under Article 18 of the Annual Town Meeting.

Article 2: Voted to authorize the Board of Selectmen, acting as Park Commissioners, in accordance with Chapter 79 and Chapter 45, Section 3 of the General Laws of the Commonwealth of Massachusetts to take by eminent domain for park purposes the following described real estate including the buildings thereon bounded and described as follows:

The land in Granville, Hampden County, Massachusetts, bounded and described as follows:

Northerly: By Maple Street, so-called.

Easterly: By Granby Road, so-called.

Southerly: By Main Street, so-called.

Westerly: By land of Stacker.

And to raise and appropriate and transfer from the sum voted under Article 18 at the Annual Meeting of 1963 the sum of \$7,500.00.

Article 3: Voted to accept the report of the Committee appointed to recommend the best use of the Trevallion property.

Article 4: Voted to authorize the Selectmen to let out for bids to sell the House and Barn on the Trevallion Property. The buildings to be disposed of within ninety days after the Town has received the Deed. That the Moderator appoint a Committee of five to continue plans to improve the property.

Motion made and passed that an article be inserted in the Warrant at the Annual Town Meeting next, that an equal amount be appropriated to match the proceeds from the sale of the buildings, for the improvement of the Property.

Committee: Joseph L. Dickinson, Charles E. Hansen, Katherine J. Phelon, Wilhelmina H. Tryon, Robert A. Dowling.

Article 5: Voted to transfer from available funds in the Treasury the additional sum of \$2,500.00 for the addition and alterations to the existing West Granville School.

Article 6: Voted to adjourn: 8:30 P.M.

REPORT OF COMMITTEE ON TREVALLION PROPERTY

The committee appointed by Moderator Edward Roberts at the Town Meeting of March 1963, to make a study of the best use of the Trevallion property after its acquisition by the town wish to present their report.

The committee unanimously agreed after considerable thought and deliberation that for the best interests of the town the land be cleared of both structures — house and barn. The land would be made into a park for beautification of the center — not for recreation.

It is advocated that the sale of the buildings for clearance be let out for bids. The buyer would present certified check. Legal agreement for cleaning-up process would be drawn up. Any money realized from the sale of buildings or parts of same would be used for improvement of the area.

The Baptist Church voted to give their parcel of land, a strip 18 feet by 45 feet, on southern end of property to the Town of Granville provided the town acquires adjoining land and creates and maintains the park.

Cognizant of the fact that some citizens favor restoration of the house, the committee, though historically-minded, feel that restora-

ation by the town is not practical. The sponsorship of such a project would be far beyond the scope of the town's ability to manage, to maintain, and to finance.

It has been suggested by a committee member in the interest of safety to look into the feasibility of widening northern end of the Granby Road by using part of the Trevallion land.

The town of Granville is well-known and appreciated for its quiet, refreshing beauty. The approach to the town with its overhanging maples is a joy and a delight at all seasons of the year, because of the foresight of one citizen a century ago. Let us look ahead and plan to beautify. The center of this lower village can be transformed into a verdant green of which we may be proud.

Committee:

Joseph Dickinson, Chairman
Charles Hansen
Robert Dowling
Wilhelmina Tryon
Katherine Phelon

REPORT OF THE BOARD OF PUBLIC WELFARE

Gentlemen:

I hereby submit my annual report for the year ending December 31, 1963.

A new concept of Public Welfare having been determined in 1962 by the United States Department of Health, Education, and Welfare; 1963 has seen the gradual extension of the various phases of the program, and a widening scope of persons eligible for Public Assistance. Included in the latter are a second parent in Aid to Families with Dependent Children (AFDC); patients while on release from mental hospitals; Cuban Refugees; and revision of allotments to dependents of members in the Armed Forces.

Chapter 726, Acts of 1963, effective January 1, 1964, eliminates legal settlement in General Relief and provides 20 per cent State reimbursement on expenditures.

Chapter 566, Acts of 1963, effective January 1, 1964, repeals legal settlement in Old Age Assistance (OAA) and increases State reimbursement to 70 per cent of the remainder, after Federal reimbursement.

STATISTICS BY CATEGORY

General Relief:

Chapter 117:

Two persons received aid.

Chapter 117, Section 24 A:

Two applications received; two applications denied.

Old Age Assistance:

Ten persons received aid; one application was denied, and one case was closed.

Medical Assistance to the Aged:

Two persons received aid; and one case was closed.

Aid to Families with Dependent Children:

One case representing one parent and one child received aid. One application was denied.

Disability Assistance:

One person received aid.

Respectfully submitted,

MRS. BELLE B. PENDLETON,
Director

REPORT OF THE LIBRARY TRUSTEES

Roberta Dowling, Chairman

To the Citizens of the Town of Granville:

The Trustees are pleased to report that the kitchen has been completed and is being used by the various organizations that have continued to make use of the basement facilities.

A check for \$1,000 was received from the Florence Whitney estate and has been added to the Whitney fund.

The Library Club again donated all the magazines and several books.

The Trustees wish to thank Philip Dickinson for his services in keeping the flag at half-mast during the thirty-day mourning period for our late President.

New wooden steps, a lawn mower, plaques, and rubber runners have been purchased for the library.

Several book donations have been received.

Respectfully submitted,

ANN-MARIE CROWLEY,
Secretary

DOROTHEA G. TRYON

Financial Secretary

REPORT OF THE LIBRARIAN — 1963

To the Citizens of the Town of Granville:

After many years of fine service to Granville our Bookmobile friends from Pittsfield, Miss Barbara Morey and Mr. Thomas Mooney found it necessary to take Granville and vicinity from their schedule. It made us realize what a great help the Bookmobile is to our service, when we were without their aid for several months.

As we are a member of the Western Regional Public Library System, we now have the Bookmobile from Springfield with Mrs. Poole as librarian and Mr. Tibbett as her assistant. They are both very fine people and they will serve us well.

At present many students are working on their term papers. They are required to have six books and articles on their particular subject, which would be rather hard to find in such a small library. So there again, the Regional System is very good about filling our requests.

The Historical Room was visited by many people this summer. Mrs. Ralph Hiers, who is in charge of the room had several special displays from Curtis Tavern and Mrs. Pearl Klerx.

The Library Club again voted a certain amount of money for the purchase of reference books for the library. The club also agreed to pay a substitute for the Librarian to enable her to attend classes in library science, but the classes were not held because there were not enough students.

Many thanks to all the friends of the library.

FINANCE COMMITTEE'S REPORT

To the Citizens of Granville:

The Finance Committee would like to take this opportunity to discuss the over-all financial status of the Town.

Because of additions to the schools, the surplus funds in the Town have been drastically reduced. Debt retirement this year on the school buildings will be \$21,000 and next year \$10,000. Even with these sums taken from Surplus there will be a noticeable increase in the tax rate. If all of the requests presented to the Finance Committee were voted, the tax increase will amount to something in excess of \$10.00 on the thousand. The obvious way that this can be held to a minimum for the next two years is to minimize expenditures for the replacement of equipment already being used by the Town. To this end the Finance Committee is recommending that the Town does not procure a new school bus this year or a new ambulance and that the money appropriated for the filling in at the back of the West Granville school be held to \$1,000 which should be adequate for leveling and topping a playground but not filling in and cutting down of trees in the background.

On both of the large items above, the new school bus and the new ambulance, it has been determined that with relatively minor expenditures compared to the cost of new equipment, these vehicles can be continued in service for another two years.

To give a feel for the effect of various items on the budget, for every \$2,500 increase in the Town budget the tax rate will go up \$1 per \$1000 assessed value. The fixed costs of the Town will go up about \$20,000 in the school department and about \$7,000.00 in other departments. In addition to this there is \$20,000 which was requested, but not recommended by the Finance Committee in an effort to minimize tax rate increases.

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town affairs, to meet at the Town Hall in Granville Center on March 2nd, 1964, to vote upon the Articles which follow. The polls will open at 10 o'clock A. M. and close at 7 o'clock P. M.

Article 1. To bring in and deposit your ballots for one Moderator, one Auditor, one Tree Warden, each for one year; one Selectman, one Assessor, one School Committee member, one Library Trustee, two Recreation Commission members each for three years; and one Constable for three years.

Article 2. To choose all necessary Town Officers.

Article 3. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof, in each of the usual places in Town for posting such notices, seven days at least before the time of holding said Meeting.

HEREOF, fail not and make due returns of this Warrant with your doings thereon to the Town Clerk at the time and place of said Meeting. Given under our Hands and Seal this 27th day of January, 1964.

Respectfully submitted,

NELS H. OLSEN
REINHOLD M. SUSSMAN
JOSEPH L. DICKINSON

REPORT OF THE SCHOOL COMMITTEE OF THE GRANVILLE PUBLIC SCHOOLS 1963

School Committee

Henry Miller, Chairman	1966
Phyllis Woodger, Secretary	1964
Christian Jensen	1965

Superintendent of Schools, School Union 39

Roland C. Weeks, Southwick, Massachusetts 01077

Superintendent's Office

Junior-Senior High School, Southwick	Telephone 569-6463
Secretary, Helen Childs	
Clerk, Jean Fenner	

Office Hours

Daily Monday through Friday

School Days: 8:00 - 12:30 and 1:00 - 4:30

NON-School Days: 9:00 - 12:00 and 1:00 - 4:00

The Superintendent is available for conferences by appointment.

With the completion of the all-purpose room at the West Granville School late in 1963, our building program for the immediate future appears finished. This now provides those missing facilities which for so long have been noted.

Starting with the 1963-64 school year, we have been operating with a full-time Supervising Principal administering the affairs of the Village and the West Granville School. The educational system of Granville has taken a great step forward with this addition and the Committee believes this should strengthen our system considerably. We have been fortunate in obtaining the services of Mr. Harold Martin to fill this position. He has taken a sincere and enthusiastic attitude in approaching this challenging position and should offer considerable help to our staff of teachers.

It was with sincere regret that the Committee accepted Mr. Fitzgibbon's resignation to take a position in the Westfield School system. We wish him every success in his new work. Mr. Davidson has been elected to replace him and the Committee hopes he will receive the cooperation and understanding of all parents.

Miss Wanda Taylor was elected to the position of first grade teacher and has been a welcome addition to our staff.

It is the plan of the Committee to hire another teacher for the 1964-65 school year in order to allot a single grade per teacher at the Village School. West Granville will still operate with multiple grades per room, sending the upper grade pupils to the Village School.

As you may note, the School Budget is continually on the rise. A considerable amount of this is due to the increased number of pupils sent to Westfield as tuition pupils and the increased cost per pupil. Also adding another teacher to the staff increases the instruction allotment. In order to remain competitive with neighboring towns in securing and keeping capable teachers we must maintain a salary schedule on a par with these towns. The Committee, at present, has under consideration a revised schedule proposed by the Teachers' Salary Committee.

Considerable progress has been made in maintaining the schools during the past year. New tile was placed in the corridors at the Village School and two classrooms painted during the holiday period. The roof at the Village School has had extensive repairs. The front lawn at West Granville was raised in order to facilitate the drainage of this area. With the new addition the playground area is restricted and the Committee has allotted a sum in the present budget to fill and extend the playground.

We wish to express our appreciation to all resident of Granville and to our entire staff for their interest and cooperation in the advancement of Education.

HENRY MILLER, Chairman
PHYLLIS WOODGER, Secretary
CHRISTIAN JENSEN

SUPERINTENDENT'S REPORT

I hereby submit my twelfth annual report as Superintendent of Schools, it being the sixty-first of such reports in the Berkshire-Hampden Southwest School Union.

Are our schools and colleges meeting their responsibilities? Usually, anyone asking this question has something on his mind and the answer would be "no".

We are living in a rapidly changing world. Within a period of less than seventy years we have gone from the horse and buggy to the space age. It has brought pressures to all phases of development — social, industrial, and educational. There is an awareness of change and need.

However, in education, it isn't a lack of achievement. In the United States, it has given more children better knowledge and skills than has ever before been given to any people. There is cause for genuine pride in the achievements of our public schools despite undue criticism by groups and individuals.

We can do better. We expect to do better. The day of jobs for the unskilled worker is rapidly passing. This means there is much more to learn to live in today's world.

How are we to improve education? It means the continuance of the constant evaluation of our program. It means the pruning out of the deadwood and the grafting of new ideas. It means the improvement of instructional methods and the reduction in teacher-pupil ratio. It means providing teachers with modern teaching tools, with adequate and proper space. It means the development of programs that will meet both ends of the learning ability scale. It means the willingness to adjust to change.

Improving education requires teaching and learning skills. Also important in the development of an educated person are the virtues of honesty, respect, religious convictions, willingness to work, and acceptance of responsibility.

It is a team effort composed of home, community, church and school.

Many of the older citizens remember the horse-drawn vehicles; most of us remember the electric trolley cars, the advent of the automobiles and buses, the strides in air travel; all of us have seen the development of space travel and communication. What's coming tomorrow? We don't know but through educational development more

changes are sure to come. Not only will the development of educational changes take place but a continuation of teaching the basic fundamentals must be stressed and a greater development in the field of liberal arts.

The schools have done well. They will have to do better. Planning today for tomorrow's achievements is a continuous evaluation program.

PERSONNEL CHANGES

Mrs. Ann M. Donovan left to accept a teaching position in Templeton. Miss Wanda Taylor, a 1963 graduate of Westfield State Teachers College, was appointed to replace Mrs. Donovan in grade one.

John Fitzgibbon resigned, effective November 30th, to accept a teaching position in Westfield. Mr. Fitzgibbon had been a member of the faculty since 1957. We were sorry to have him leave but wish him success in his new position.

Kenneth Davidson was appointed to replace Mr. Fitzgibbon.

The cafeteria found Mrs. Eulalia Hayden retiring as of November 30th, after seventeen years of faithful service. Mrs. Arlene King who had assisted Mrs. Hayden was appointed manager. Mrs. Grace King was appointed assistant.

After nearly thirty years of driving school bus, Mr. Joseph LeClair retired. Mr. LeClair drove the West Granville children as a contractor all except the last year. When it became necessary to have a larger bus and to transport seventh and eighth grades to the Village, Mr. LeClair inaugurated the route by driving one of the school-owned buses.

BUILDINGS

The Village School is using seven of the eight classrooms this year. In September, the eight rooms will be used with a teacher for each grade.

The West Granville School held its first official function in the new all-purpose room for its community-school Christmas program. The all-purpose room is a dream completed for many who have had this in mind for many years. The new room will serve as a useful unit in the all-round program of the West Granville pupils.

TRANSPORTATION

Transportation of pupils is a major activity in the school program. Buses transport local pupils, seventh and eighth graders, from West Granville to the Village School, and Junior and Senior High students to Westfield.

The number being transported is crowding the capacity of the three buses and schedules are operated on a very close time element.

Cooperation by parents in having their children ready on time is needed and appreciated. Good conduct on the bus is important for safety reasons. Failure to abide by rules could be serious to a pupil if he should lose the privilege because of poor conduct.

NO SCHOOL

It is the policy of the School Committee to order the no-school signal only in most severe weather conditions or when transportation is interrupted. At other times parents are expected to use their own good judgment in sending children to school.

The signal for no-school is broadcast over station WTIC of Hartford and station WSPR of Springfield.

The signal will be broadcast frequently between 6:30 and 9:00 a.m. Please do not telephone school officials or radio stations.

WORK PERMITS

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time. Those fourteen (14) and fifteen (15) must have a physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from Mrs. Miriam Dickinson of Granville or from the Superintendent of Schools office in Southwick.

THE SCHOOL UNION

This is the sixty-first year of the Berkshire-Hampden Southwest School Union. There have been, over the years, several attempts to dissolve the district. The most recent was two years ago.

There are three plans of school district organization in Massachusetts. They are the individual cities or large towns, the school union, and more recently the regional school. The school union consists of two or more towns each operating as a separate unit but sharing the administrative costs on a percentage basis. The regional school operates as a single unit with each town in the region having representation; with one budget and each town sharing the total cost.

In our school union there are four towns. This school year Southwick pays 70% of the administrative costs and furnishes the office. Sandisfield pays fifteen per cent, Tolland ten per cent and Granville five per cent.

The following are interesting statistics based on the 1963-64 school year:

Town	Total Budget	Enrollment	Teachers
Southwick	78%	81%	85%
Sandisfield	7%	5%	4%
Tolland	1%	1%	1%
Granville	14%	13%	10%

The budgets in the four towns total approximately \$872,500. There are 1950 pupils, 98 teachers, and 65 other employees.

SUPERVISING PRINCIPAL

The process of reorganizing from a teaching-principal at the schools to a supervising-principal took place in September.

Mr. Harold Martin was appointed principal. He was principal in Otis last year. He had been acting principal in East Windsor, Connecticut. He has had eight years of teaching experience.

Mr. Martin is making a detailed study of curriculum, reorganizing the school, supervising instruction, and devoting his full time to the organization and program of the schools.

This was an educationally sound step in improving the educational program. As time goes on greater results will be noticeable.

Mr. Martin, in his section of this report, will go into greater detail of his duties, functions, objectives accomplished, and future plans.

EDUCATIONAL RECOMMENDATIONS

Last year it was recommended that there should be a teacher for each grade. This will become a reality in September.

We have continued departmental teaching in grades seven and eight. Reassignment of teaching assignments next September should strengthen the program. Serious consideration should be given to including grade six in the program.

The problem of our ninth graders having to adjust to one year at the Westfield Junior High and the following year at the Senior High still exists. There isn't any particular solution at the present time, but it is worthy of thought.

I would recommend consideration of transferring grade six from West Granville to the Village School. The addition of the all-purpose room has made the West Granville School much more conducive to an all-round educational program. However, if departmental work becomes effective in grade six, it would be educationally sound to include West Granville.

Your attention is called to the statistics and reports that follow as a part of this report.

Respectfully submitted,

ROLAND C. WEEKS

Superintendent of Schools

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I hereby submit my first annual report as Principal of the Granville Public Schools.

Since the first of August it has been my responsibility to supervise the educational program of the Granville Public Schools. In this capacity I began studying our present program and making preparations for the opening of the 1963-64 school year.

During this past school year a committee of teachers was engaged in studying our reading program. The results of their study revealed that the Granville Schools are keeping pace with the surrounding communities in their teaching of reading and use of related materials.

The Science Research Associates has published a Reading Laboratory to be used in conjunction with the regular reading text. This Reading Laboratory provides a wide range of interest materials in connection with a range of reading ability. We now have one of these Reading Laboratories and anticipate purchasing others in the future.

The students of the Granville Schools are tested annually in the area of achievement and biennially for intelligence. Our first grade students were tested in September with a readiness test. The students in grades two through eight were tested in October for achievement and grades 2, 4, 6, 8 were tested for intelligence in November.

This past fall, when the first report card was issued, all the parents of the first grade students at the Village School had a conference with the teacher. Further conferences are being planned for next school year.

This school year I have been evaluating our present curriculum. Living in a changing world, to change has become part of our way of life, but we do not change just for the sake of change itself. As areas of concern in our curriculum become apparent through study, recommendations will be forthcoming.

Along with curriculum, our departmentalization structure of the upper grades is being considered. At present only two subjects are being shared by the teachers in grades seven and eight.

The educational program of our schools must be constantly evaluated in terms of our goal. Our goal is teaching children how to become useful citizens in the community and how to live and participate in a democracy.

I wish to thank our School Committee for their dedication to our school program, Mr. Weeks, for his leadership and guidance, also our instructional staff, who have faithfully instructed our children for the past year and years.

Respectfully submitted,

HAROLD J. MARTIN

Principal

Granville Public Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

The physicals were done by Dr. Adrian Delerzon in October. The first, third, fifth, seventh, new and absentee students were examined.

The State dental hygienist, Mrs. Watt, did the dental exams again this year in October. This service is a very satisfactory one in our schools. Again this year the number of dental cavities was greatly reduced.

On May seventh the teachers, Mr. Weeks, and the nurse met at

the school for a discussion on legal interpretation regarding aspects of health care in schools and First Aid.

The Pure Tone Testing was done on all students individually. We are fortunate that no student is hampered by having to wear a hearing aid.

The check of heights and weights will be done in the Spring as per schedule, and heads are checked for cleanliness at the same time.

This year the Granville School Committee has purchased its own vision equipment. I wonder if the general public is aware that one-third of the students in the Granville Schools are wearing glasses. Each student is checked yearly, and any referrals are rechecked before a parent is notified.

At this time I wish to thank all of the teachers and parents for their help and cooperation. This year I have had the added pleasure of working with Mr. Martin. Having a full-time supervising principal to be able to call on at any time has made the nurse's work easier and in some instances lessened my time.

Respectfully submitted,

RUTH T. OLSEN, R.N.

School Nurse

REPORT OF THE SCHOOL CAFETERIA

To the Superintendent of Schools:

I hereby submit my first annual report as manager of the Village School cafeteria.

Mrs. Hayden retired on November 30 and I assumed her duties at that time. Grace Kane has been appointed cafeteria helper.

The enrollment at the Village School is 150 and we serve on the average of 100 lunches a day. Nearly every child in school is taking advantage of our milk program. The amount of commodities we receive from the government helps us provide the children with a well-balanced meal economically.

We purchased some knives and a Hamilton-Beach mixer this year.

I enjoyed working with Mrs. Hayden and am looking forward to the coming years working with Mrs. Kane.

Respectfully submitted,

ARLENE B. KING

Manager

REPORT OF THE VILLAGE SCHOOL BUILDING COMMITTEE

The work of this committee this year has been completing the equipping of the building, grounds development, and completing odds and ends. At the present time the sidewalk and completion of the grounds are the two major projects remaining. This work should be completed by mid-summer and this account closed.

Respectfully submitted,

CHRISTIAN JENSEN

Chairman

REPORT OF THE FIRE DEPARTMENT

The Town fire equipment was called out 19 times in the last year.

There were 1 house fire, 2 barns, 2 storage sheds, 2 trucks, 11 forest and brush fires and 1 false alarm.

The Ambulance was called 31 times: 24 times to Noble Hospital, 1 to Springfield Hospital, 3 to Nursing Homes in Westfield, 1 Westfield Nursing Home to Granville, 1 from Noble Hospital to Granville and 2 calls for oxygen in Granville. The hospital beds were also loaned out 3 times this year.

There were 352 permits issued, 336 burning permits, 8 oil burner, 2 liquified petroleum gas, 4 blasting permits, 1 dynamite storage and 1 gasoline.

FIRE DEPARTMENT INVENTORY

- 1 1951 Buick Ambulance
- 1 1945 Ford Fire Truck with American LaFrance Midship Pump — 500 gals. per minute
- 1 1948 Diamond T Fire Truck with Maxim Midship Pump 500 gals. per minute
- 1 Ford Tank Truck — 1200 gals.
- 2800 ft. 2½" Hose. National Standard thread pin lug couplings
- 1800 ft. 1½" Hose. Black Iron Pipe Thread pin lug couplings

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To the Board of Selectmen,
Gentlemen:

In compliance with Section 34, Chapter 98, of the General Laws, the report of the Weights and Measures Department for the year ending December 31, 1963, is tendered herewith. Our report to the Director of Standards for the same period was submitted January 7, 1964, as required by Section 37, Chapter 98, of the General Laws.

Scales: 100 to 5,000 lbs. 2 adjusted, 3 sealed.

Scales: Under 100 lbs. 11 adjusted, 16 sealed.

Avoirdupois weights: 13 sealed.

Liquid measures: 1 sealed.

Gasoline meters: 1 adjusted, 10 sealed.

Grease meters: 2 sealed.

Total devices: 14 adjusted, 45 sealed.

Sealing fees collected: \$22.40

Respectfully submitted,

JAMES C. ROBERTS

Sealer of Weights and Measures

POLICE DEPARTMENT REPORT

To the citizens of Granville:

Accidents	24
Domestic complaints	243
Breaks and attempts	9
Hit and run	1
Stolen cars	3
Transients removed from town	2
Arrests	3
Larceny	6

It can be noted from the above that the overall police activity was comparable to last year. Some categories were more active while others were not.

At the present time there are three separate cases still under investigation.

Temporary no-parking signs are going to be erected on the East side of the Granby Road from approximately the Lake Road to Silver Street to alleviate the traffic congestion to the ski area.

In response to many questions regarding the traffic duty in the Gorge construction, the payroll for these officers was met by the State and the contractor.

Again, this year we wish to express our appreciation for the assistance and cooperation of the town's people.

Respectfully submitted,

NELS H. OLSEN, Chief
STANLEY BECKWITH
ARTHUR SHEETS
BERT PARKER

Constables

INVENTORY OF EQUIPMENT — TREE WARDEN

As of December 31, 1963

- 1 Pole Clipper (3 sections)
- 2 Pair Climbing Irons
- 2 Safety Belts
- 1 Helmet and liner
- 2 Warning Signs

MELVIN E. JENSEN

REPORT OF THE GRANVILLE CIVIL DEFENSE

To the Board of Selectmen:

During the early part of the 1963 Fiscal Year, the Civil Defense Department has been busy completing the new Civil Defense office in the basement of the Town Hall. Many a night has been spent in mixing cement, laying blocks, wiring, and the necessary things that are required to build such an office to house all the sections of the Civil Defense Organization. We wish to thank the many members of the organization who spent a lot of their free time helping with the work. We also wish to thank Harrison (Horsey) King for his expert assistance in erecting the cinder block wall of our office. The new Civil Defense Office has the required fall-out protection required so that we may function in any emergency, whether national or local.

On May 17, 1963 at 1:30 P.M., our first school evacuation exercise was held. The towns and cities that participated were as fol-

lows: Granville, West Granville, Blandford, Russell, Tolland, Montgomery, Southwick, Westfield, Agawam, and West Springfield. The joint efforts of the school systems, the school committees, and the Civil Defense, as to the planning of bus routes, the loading of the busses, and the children that walked (so that the children would arrive safely and as soon as possible), was outstanding. The town of Granville and West Granville busses did not leave their usual parking places until 1:30 P.M. At that time, they left for their appointed routes and proceeded as planned. At 2:41 P.M., the last child was walking in the driveway of his home. The total time of one hour, eleven minutes was required to complete the evacuation. We wish to thank the many individuals concerned, and most of all our thanks to the children themselves for the way they conducted themselves.

We again availed ourselves of the Massachusetts Surplus Properties Warehouse in Taunton, at which we purchased our office equipment. We also purchased for the Town Highway Department office equipment, a portable air compressor, and a small water pump. We will continue to avail ourselves of this service as the opportunities arise.

The cooperation of the Board of Selectmen, the members of the School Committee, and our own Civil Defense units have been greatly appreciated. We sincerely hope that the people of Granville will show continued interest in Civil Defense endeavors.

Respectfully submitted,
WILLIAM H. BOUCHER, Director
WALLACE L. CHAPMAN,
Deputy Director
HARLON R. HANSEN,
Deputy Director

REPORT OF THE PUBLIC HEALTH NURSE

To the Selectmen of the Town of Granville:

Service report:

Therapeutic visits	68
Visits to the nurse	20
Health guidance	30
Clinics	3
Clinic attendance	217

Inservice education:

Spring session 4 meetings

Fall session 2 meetings

I would like at this time to thank all the ladies who gave their time so willingly and generously to help make the clinics a continuously successful program each year.

Each year more of the Townspeople are taking advantage of the health service. This must be a gratifying reward for the Selectmen, who are in charge of a nursing service program.

Respectfully submitted,

RUTH T. OLSEN, R.N.

Public Health Nurse

REPORT OF THE TRUSTEES FOR COUNTY AID TO AGRICULTURE

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for County Aid to Agriculture are empowered to receive, on behalf of the County, money appropriated by any town or by the Federal Government for carrying out the provisions of the law under which they are appointed.

The Trustees are further empowered to maintain agents to conduct meetings or demonstrations, make individual farm and home visits and in all ways help to improve home and community interests in every way possible.

Their agents have made contacts during the past year in every community either by public meetings, individual visits, group discussions, demonstrations or otherwise in attempting to assist the needs of the citizens toward better business, better living and better community service and have been capably assisted by hundreds of local volunteer leaders to this end.

In Granville the following citizens have been of real assistance in promoting such assigned projects as have been conducted during the year: Mrs. Richard Brown, Mrs. Edward Schultz, Mrs. Nelson E. Warner, Mrs. Joseph Welch, Cheryl Woodger and Mrs. George E. Woodger.

A total expense of \$40.98 was incurred during the year for either travel or purchase of material needed in carrying on the various projects by the local leaders. The appropriation made by your town was used by the agents of the Trustees for only residents of your town.

FINANCIAL SUMMARY

1963 Appropriation	\$ 50.00
1962 Unexpended Balance	164.08
Total Available for 1963	214.08
Total Expenditures in 1963	40.98
1964 Balance Available	173.10
1964 Recommended Appropriation	50.00

Respectfully submitted,

ALBERT H. FULLER, Clerk

REPORT OF VETERANS' DEPARTMENT

During 1963 the expenditures for Veterans' Benefits exceeded the original appropriation of \$2000 by \$16.32.

It's an obvious fact that the veteran and his dependents are slowly aging as the years pass by, consequently, a stay in the hospital may be more extended before complete recovery is possible. Another factor is the increase in basic hospitalization and medical cost that have been granted last year. It is also more difficult for the veteran to secure immediate re-employment thus causing a longer "stay" on our rolls.

It is our guided opinion that the Veterans' Service account will continue to rise during the ensuing years as indicated by the continuing increases as stated previously. Granville's budget for 1964 will again be \$2000.

The following figures account for expenditures during 1963:

Ordinary Benefits	\$1,541.52
Fuel	176.00
Doctor	95.00
Medical	203.80

Total Expended 1963\$2,016.32

The Town of Granville is in receipt of \$828.53 from the Commonwealth of Massachusetts for the State's share of the expenditures for 1962. This amount has been turned over to the E & D account.

Granville's share of the cost of administration for this department for 1963 was \$534.59.

As is undoubtedly known the Veterans' Department serves a dual purpose. In addition to accounting for and disbursing cash aid to qualified veterans, this office makes itself available for processing of numerous phases of veteran entitlements — such as pensions, income questionnaires, recording of discharges, rehabilitation, housing, insurance, education, employment, tax exemptions, counseling, etc.

These services, which are available to all veterans, have definitely tended to ease the many problems confronting the present day veteran and his dependents. They have resulted in large savings to the town. As an example — veteran pensions and widow's pensions were acquired during 1963 — thereby increasing the amount of Federal revenue paid to residents of Granville — thus eliminating extra expenditures by the local government.

Over 1400 individual varied services were requested of this department during the year. It is our intention that a new census of Granville veterans will be taken in 1964.

Respectfully submitted,

DAVID C. GALLANO, Agent

REPORT OF THE RECREATION COMMISSION

To the citizens of the Town of Granville:

The Recreation Commission submits the following report of activities for 1963.

The Western Style Square Dance classes were conducted by Ray Nestrovich for married couples. Fourteen couples completed the course and organized as the "Granville Buckboards." The "Hickory Sticks," the teenage group of 1962; and the "Granville Buckboards" entered a float in the Fourth of July parade and took first prize.

"Music Festival," a talent show for children, was held May 12, 1963, at the Village School. Sixteen performers took part. Refreshments were served to approximately seventy-five people.

The Little League had a very successful season. Gerald Prince started as manager but because of work pressures, he was forced to give it up. Edwin Beckwith continued with the group. Nine games were played in the Bernie Battles League. Our group finished second in the league. Other extra games were played with Westfield and Southwick. Next year's plans will include Little League for boys, 8 to 12, and a Babe Ruth League for boys, 12 to 14 in age. Next year's coaches will be Edwin Beckwith, Frederick Wackerbarth, Gerald Prince, and Richard Dearborn. The complete resurfacing of the baseball field at the Village School con-

tributed to the Little League's successful season and the extended plans for next year.

We continued sponsorship of Boy Scout Troop 113 consisting of 19 boys, with Kenneth Gillam as scout master, assisted by Emil Maceyka, Joseph LeClair, Jr., and Watson Mosher. A new group of 6 "Explorers" was formed with Donald Demarais as master assisted by Richard Nadeau.

The Swim School for children in grades one through six was continued this year under the able direction of Mrs. John Jones, assisted by Mrs. Richard Brown. Of the 45 children enrolled, 14 passed their beginners' test and 9 passed their advanced beginners' test. This project was self-supporting.

John and Joyce Jones have offered the use of the skating rink at Family Hill to the townspeople. We appreciate their kind offer, and are certain that many will take advantage of the good skating available there during the winter months.

The Eighth Annual Fourth of July Community Field Day was held on the Village School grounds. It started at 10:30 A.M. with a parade from the library to the School, followed by appropriate exercises featuring the Liberty Drum Corps of Westfield, judging of parade entries and awarding of prizes. The afternoon program included a horseshoe pitching tournament, field events for school children, a pie eating contest for boys, a watermelon eating contest for girls, a rolling pin throwing contest for women, and a volley ball game for men and women. Highlights of the evening were the crowning of Miss Linda Bloomberg as Miss Granville of 1963, entertainment featuring "Mr. C.," the Magician, the Dixieland Band of Westfield High School, and an exhibition of Western square dancing with Ray Nestrovich doing the calling. The traditional bonfire ended the day. Our grateful thanks go to the chairman and the members of the various committees, for their fine cooperation and spirit which made the day most successful.

Last winter two groups were formed for volley ball. The men play on Monday nights and the women meet on Tuesday nights. We welcome new comers to this activity, and would like to expand membership in each group.

We thank the volunteers who gave their time and effort so generously to make the program a success.

Expenses

1963 4th of July	\$174.70
Baseball program	289.67
Supplies	105.64

COPY OF TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

HAMPDEN ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on March 2nd, 1964, at 7 o'clock P. M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen and Board of Public Welfare, Tax Collector, Treasurer, Assessors, School Committee and act thereon.

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the expenses of the Town for the coming year.

Article 3. To see what sums the Town will appropriate for General Government.

Article 4. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 5. To see what sums the Town will appropriate for Health and Sanitation.

Article 6. To see what sums the Town will appropriate for General Highway Purposes.

Article 7. To see what sums the Town will appropriate for Public Welfare.

Article 8. To see what sums the Town will appropriate for Veterans Benefits.

Article 9. To see what sums the Town will appropriate for Veterans Administration.

Article 10. To see what sum the Town will appropriate for the Town Library.

Article 11. To see what sums the Town will appropriate for Unclassified Departments.

Article 12. To see if the Town will vote to appropriate a sum to cover the costs of Interest and Certifying.

Article 13. To see what sums the Town will appropriate for the Insurance, Workmen's Liability Fund and Reserve Fund.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$100.00 for maintenance of the Old Westfield Road Cemetery and \$150.00 to cover the cost of care of all Veterans' Graves not having perpetual care.

Article 15. To see what sums the Town will vote to appropriate for Educational Purposes.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$348.25 to pay the premium on the accident insurance policy covering the volunteer firemen while in performance of the duties.

Article 17. To see if the Town will vote to transfer the Machinery Fund to maintain the Machinery Account for 1964.

Article 18. To see if the Town will authorize the Treasurer with the approval of the Selectmen to borrow from time to time in anticipation of the revenue of the financial year ending December 31, 1964, and to issue a note or notes, therefore payable in one year and to renew any note or notes for a period of less than one year in accordance with the provisions of Chapter 41 Section 17 of the General Laws.

Article 19. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow on or before January 1, 1965, in anticipation of the revenue of the year ending December 31, 1965.

Article 20. To see if the Town will vote to appropriate the sum of \$60.00 to the Westfield River Watershed Association.

Article 21. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time of holding this Meeting.

HEREOF Fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of said Meeting. Given under our Hands and Seal this 27th day of January 1964.

LETTER FROM STATE AUDITOR

Mr. Anthony H. MacKinnon
Director of Accounts
Dept. of Corporations and Taxation
Boston, Massachusetts

Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Granville for the period from August 26, 1962, the date of the previous examination, to July 11, 1964, and submit the following report thereon:

The records of financial transactions of the several departments receiving or disbursing town funds or sending out bills for collection were examined, checked, and compared with the records of the town treasurer and the town bookkeeper.

The surety bonds of the several town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

The books and accounts in the town bookkeeper's office were examined and checked. The recorded receipts were compared with the treasurer's books and with the records in the several departments collecting money for the town, while the payments, as entered, were checked with the treasurer's books and with the treasury warrants. The appropriations and loan authorizations were checked with the town clerk's records of financial votes passed by the town meetings and with the finance committee's authorizations of transfers from the reserve fund.

The ledger accounts were analyzed, the necessary adjustments resulting from the audit were made and balance sheet showing the financial condition of the town on July 11, 1964 was prepared and is appended to this report.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was analyzed and the recorded receipts were compared with the town bookkeeper's records, with the departmental records of payments to the treasurer, and with other sources from which money was paid into the town treasury. The payments were compared with the warrants approved by the selectmen and with the town bookkeeper's records.

The treasurer's cash balance on July 11, 1964 was proved by actual count of the cash in the office and by reconciliation of the bank balance with a statement furnished by the bank of deposit.

The records of payroll deductions for Federal and State taxes and the county retirement system were examined. The deductions were listed, the payments to the proper agencies were verified, and the balances in the general treasury were reconciled with the controlling ledger accounts.

The records pertaining to funded debt, as well as temporary loans, were examined and checked. The loans issued were compared with the treasurer's recorded receipts, while the payments on account of temporary loans, maturing debt, and interest were proved by comparison with the amounts falling due and were checked with the cancelled securities on file.

The savings bank books and securities representing the investment of the trust and investment funds in the custody of the treasurer were examined and listed. The income was proved, and all transactions and balances were verified and compared with the town bookkeeper's ledger.

The records of tax titles held by the town were examined and checked. The amounts transferred to the tax title account were checked with the collector's books and the tax titles on hand were listed, reconciled with the town bookkeeper's ledger account, and checked with the records at the Registry of Deeds.

Considerable detailed checking was found necessary to balance the treasurer's accounts, which added materially to the time consumed in making the audit.

The books and accounts of the tax collector were examined and checked in detail. The tax and excise accounts outstanding at the time of the previous audit, as well as all subsequent commitments, were audited and proved with the warrants issued by the board of assessors. The recorded collections were checked with the payments to the treasurer as shown by the treasurer's and bookkeeper's books, the abatements, as entered, were compared with the assessors' records of abatements granted, the transfers to the tax title account were proved, the outstanding accounts were listed and reconciled with the respective controls in the bookkeeper's ledger, and the cash balance on July 11, 1964 was verified by actual count of the cash in the office.

The outstanding accounts were further verified by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies received it appears that the accounts, as listed, are correct.

The appropriations were listed from the records of town meeting proceedings as kept by the town clerk, and the amounts voted were

compared with the aggregate appropriations raised by the assessors in the determination of the 1963 and 1964 tax rates.

The records of receipts of the town clerk for dog and sporting licenses were examined and checked. The payments to the State and to the town treasurer were verified, and the cash on hand on July 11, 1964 was proved by actual count.

The records of receipts of the board of selectmen and the sealer of weights and measures, as well as of the fire, public welfare, veterans' services, and school departments, and of all other departments collecting money for the town, or committing bills for collection, were examined and checked. The payments to the treasurer were verified, the outstanding accounts were listed and proved, and the cash on hand in the several departments was proved by actual count.

Appended to this report, in addition to the balance sheet, are tables showing reconciliations of the several cash accounts, summaries of the tax, excise, and departmental accounts, as well as schedules showing the transactions and condition of the several trust and investment funds.

For the cooperation extended by the several town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

WS:MCC

Respectfully submitted,
WILLIAM SCHWARTZ
Assistant Chief of Bureau

REPORT OF THE TOWN CLERK

ANNUAL TOWN ELECTION

MARCH 2, 1964

333 Ballots:

Elected:

Moderator: Edward C. Roberts	One year
Selectman: Reinhold M. Sussmann	Three years
Assessor: Kenneth L. Ripley	Three years
School Committee: Phyllis Woodger	Three years
Auditor: Harold E. Chapman	One year
Tree Warden: Melvin E. Jensen	One year
Constable: Clark L. Boughton	Three years
Library Trustee: Robert A. Dowling	Three years
Recreation Commission: Valerie H. Drolett	Three years
Recreation Commission: Edwin A. Beckwith	Three years

Question on Ballot: Yes, 203; No, 59:

Shall Chapter thirty-two B of the General Laws, authorizing any County, City, Town or District to provide a plan of group life insurance, group accidental death and dismemberment insurance, and group general or blanket hospital, surgical and medical insurance for certain persons in the service of such County, City, Town or District and their dependents, be accepted by this Town?

BOARD OF PUBLIC WELFARE

December 31, 1964

Board of Public Welfare
Granville, Massachusetts
Gentlemen:

Public assistance for the Town of Granville for the year ending December 31, 1964 was administered for the first ten months by Mrs. Belle B. Pendleton, and for the last two by Mrs. Myrtle S. Elton. The annual report which is hereby submitted is the summary of both directors for the year 1964.

The Board of Rate Setting established a higher per diem rate for both hospital and nursing home care. Under Section 30K of Chapter 7 of the General Laws, effective January 1, 1964, the per diem hospital rates were increased; while under Section 30L of Chapter 7 of the General Laws, effective July 1, 1964, convalescent and nursing home rates were advanced.

During 1964, Chapter 118A of the General Laws, Old Age Assistance and Medical Assistance to the Aged was revised. The Acts of 1964, Chapter 549, effective September 1, 1964, amended Section 1 by increasing Leisure Time Activities allowance for Old Age Assistance recipients from \$5 — \$6 per month; Chapter 489, effective September 7, 1964, amended the same Section 1 to provide an increase ceilings for burials

(\$400) and for the application of a resource to this maximum cost; effective September 21, 1964, Chapter 595 amended Section 2A by increasing a married child's exemption to \$6,000 and increasing the exemption for each of his or her dependents to \$1,200.

Chapter 515, Acts of 1964, effective September 10, 1964, amended Chapter 117 of the General Laws whereby expense for hospitalization on General Relief cases will be assumed by the Board of Public Welfare for a period not exceeding thirty days prior to date of request for assistance.

Beginning with December 1964, an amendment to Chapter 118 of the General Laws, Aid to Families with Dependent Children, provides for Federal financial participation for children 18 - 21 years who are students pursuing courses leading to high school diploma or its equivalent or regularly attending courses of vocational or technical training designed to fit them for gainful employment.

STATISTICS BY CATEGORY

GENERAL RELIEF:

Chapter 117:

No cases.

Chapter 117, Section 24A:

Two applications received; one case aided; one case denied or referred to another agency.

OLD AGE ASSISTANCE, Chapter 118A:

Nine cases carried forward January 1, 1964; one case closed; nine cases aided; eight cases open as of December 31, 1964.

MEDICAL ASSISTANCE TO THE AGED, Chapter 118A:

One case pending January 1, 1964; two applications received; three cases aided; one case closed; two cases aided as of December 31, 1964.

DISABILITY ASSISTANCE, Chapter 118D:

One case open and aided during 1964.

AID TO FAMILIES WITH DEPENDENT CHILDREN, Chapter 118:

One case aided with no new cases added in 1964.

SUMMARY:

As of December 31, 1964 twelve cases representing twelve adults and one child are currently receiving assistance.

Respectfully submitted,

Mrs. Myrtle S. Elton, Director

Mrs. Belle B. Pendleton, Retired Director

REPORT OF THE LIBRARY TRUSTEES

ROBERT A. DOWLING, Chairman

To the Citizens of the Town of Granville:

The Trustees are pleased to report that Mrs. Ralph Hiers has done an excellent job as curator of the Mable Root Henry Historical Museum. Exhibits have been worthwhile and interesting. Due to the increased use and interest in the museum new lights have been installed.

The Kindergarten has continued to use the basement room in the library. Due to an increased enrollment, from the original 6 pupils to 32 pupils this year, they have found it necessary to have double sessions this year. This means that they now must have certain safety regulations, prescribed by the state, in order to be granted a license to operate. One of these requirements was met in Sept. when an electric fire alarm system was installed in the basement. As the Library Trustees had no appropriation for this type of improvement the Kindergarten paid for 1/4 of the bill and the Town of Granville paid for the rest of it. However, we could and did make minor improvements in the boiler room. The Trustees feel that due to this increase in the use of the library facilities it may be necessary to have an artesian well drilled.

Future improvements that will need to be planned for are the repainting of the interior and exterior of the library, and the conversion of upstairs south room into a children's room.

Respectfully submitted,

ANN-MARIE CROWLEY, Secretary

GRANVILLE PUBLIC LIBRARY FINANCIAL REPORT FOR 1964

Expended:

Books	\$14.86
Fuel oil	18.44
Supplies	2.61

\$35.91

DOROTHEA G. TRYON,
Financial Secretary

REPORT OF THE LIBRARIAN — 1964

To the Citizens of the Town of Granville:

Last February through May the Librarian was able to complete a course on Reference in the Library Science Department of Westfield State College. It was a very rewarding course and should help to fulfill the many requests of the student subscribers of the Library.

Mrs. Ralph Hiers, curator of the Historical Room, and many of the town's Danish citizens arranged a very fine display of Danish antiques and articles of interest. Open house was held in October to view this display and many people from surrounding towns and cities took advantage of it. Danish refreshments were served by Mrs. Guy Hansen, Mrs. Hamlin Tripp, Mrs. Carl Hansen and Mrs. Paul Holcomb. Mrs. Hiers is to be congratulated for such a successful year.

With the help of the Western Regional Library Bookmobile, the Library Club and many generous citizens, we are able to have a very fine collection of books in every category. The number of subscribers increases every year, and there is no doubt this small Library gives ample service to the community.

Sponsored by the Library Club, a Christmas tree was placed on the porch of the Library by Mrs. George Woodger and Mrs. Frederic Wack-
erbarth.

Thanks to all who have shown such interest in our library.

FINANCE COMMITTEE'S REPORT

To the Citizens of Granville:

The Finance Board would like to bring to your attention the two items of the Highway Department under new equipment for a Trailer and Road Grader. After careful evaluation, it has been determined that this equipment could more efficiently be hired than purchased and maintained. Therefore, our recommendation is that this equipment be hired and accurate records kept so that in the future if reconsideration is desired, accurate records will be available to justify expenditures of this size.

Having examined the Village School roof it was found the leakage confined to a limited area. It is our opinion that only this area should be rebuilt. (Expect quotations in at the time of town meeting.)

SUPERINTENDENT OF SCHOOLS, SCHOOL UNION NO. 39

Roland C. Weeks, Southwick, Massachusetts 01077

SUPERINTENDENT'S OFFICE

High School Building, Southwick. Tel. 569-6463

Secretary, Helen Childs

Clerk, Jean Fenner

OFFICE HOURS

Daily Monday Through Friday

School Days: 8:00 - 12:30 and 1:00 - 4:30

Non-school Days: 9:00 - 12:00 and 1:00 - 4:00

The Superintendent is available for conferences by appointment.

"Today's provision for education will affect tomorrow's history, economics, creative arts, science and politics." This statement taken from the report of the Special Commission Relative to Improving and Extending Educational Facilities in the Commonwealth points out the basic purpose for growth and improvement in our educational systems. This growth and improvement in education is required in order to maintain our position of leadership in technology, culture and government in today's changing world.

Granville through its School Committee and professional staff must examine continually its system and evaluate it against these changing situations. This cannot be more necessary than at this time when the Commonwealth will undoubtedly be revising its educational systems based upon the report of the above mentioned commission.

Some points recommended by this commission for us to consider before having them thrust upon us are compulsory kindergarten, 185 day school year, increase in mandatory attendance age to 18 years, teacher preparation beyond the bachelor degree level, maximum class size and minimum salaries.

Certain of these items this Committee has already discussed and considered. We have recently adopted a new teacher salary schedule in line with the state minimum and competitive with other surrounding towns our size. This is always a major consideration in establishing our budget and must be at a level to keep our competent staff of teachers.

Starting with the school year 1965-66 the committee plans to establish two first grade rooms at West Granville and maintain grades two through eight at the Village. This step is being taken because of the abnormally large size of the incoming first grade and the necessity of providing a classroom for our Special Class. This housing situation must be considered each year and arrangements

made to use all our facilities to their fullest extent economically as well as educationally. Thus the housing of the kindergarten will eventually become a requirement if the Commission's recommendations are adopted by the General Court.

We are now in the midst of our second year with a supervising principal. This committee is extremely pleased with the results of this improvement in our system. Mr. Martin has given not only the detailed administrative guidance but also the needed direction and supervision of our teachers, especially the new members of the staff. In addition he has spearheaded curricula study and instituted Parent-Teacher Conferences. Reporting to the committee has been improved and thus the committee is better informed and capable of acting more intelligently on questions and problems.

During the past year the committee has worked vigorously on School Policy in order to assemble in one booklet all policy providing guidance for the committee and staff. This booklet will shortly be available.

Two major items of budget expense have been included for this year, the replacement of a bus and the roofing of the Village School. Continual maintenance costs with the present roof has led to the conclusion that complete replacement is required.

The budget again is higher mainly because of the increased number of tuition pupils and teacher salary requirements. The committee is ever conscious of the need to maintain responsible financial control but also is charged with the maintenance of a quality school system.

Further detailed information is provided in the following Superintendent and Principal reports.

We wish to thank the residents of Granville as well as the members of our staff for their cooperation throughout the past year and look forward to their continued support and confidence through the coming year.

HENRY MILLER, Chairman
PHYLLIS WOODGER, Secretary
CHRISTIAN JENSEN

REPORT OF THE SUPERINTENDENT

I hereby submit my thirteenth annual report as Superintendent of Schools for the Berkshire-Hampden Southwest School Union, it being the sixty-second of such reports.

A special commission was established in 1962 by the General Court of Massachusetts "Relative to Improving and Extending Educational Facilities in the Commonwealth". To many this report has become commonly known as the Willis Report, named for Benjamin C. Willis, the executive director of the study.

The report was released December 30, 1964. A summary of the report reached my office on January 6th. Today, the time of this writing, only being two days later, I am not going to editorialize or comment but merely submit direct quotes, statements and a few of their recommendations.

1. "Children entering the first grade this year can expect to live through three decades of the next century."

2. "Therefore, today's provision for education will affect tomorrow's history, economics, creative arts, science, and politics."

3. "The Commission's study indicates that growth, improvement, and investment characterize the future of education."

4. "The Commonwealth's public elementary and secondary school enrollment has increased by almost 29,000 students annually for the last ten years, and an annual increase of 30,000 can be expected for the next ten years."

5. "Anticipated growth, needed improvement, and required investment in education must be set against the backdrop of technology, mobility, and urbanization if public education is to fulfill its public trust."

6. "Currently some 28,500 students are enrolled in public institutions of higher learning in the Commonwealth. This may be contrasted with an enrollment in 1900 of 147, in 1950 of 9,037 or in 1960 of 17,000 . . . but still far from the limit of the potential."

7. In proposing a master plan the Commission has recommended "coordination of all public education by the creation of (1) a lay Board of Higher Education; (2) a lay Board of Public School Education (mainly for elementary and secondary education); and (3) an Advisory Council on Education for research and continuous study of educational needs and programs for the Commonwealth."

8. "It is generally considered today that 1200 elementary school pupils and a high school graduation class of at least 100 represent the minimum size for a school district if it is to be able to offer a program sufficiently flexible to accommodate differences in pupil ability and sufficiently broad to capitalize upon the interests adolescents develop as well as the talents they possess."

9. "Consolidation of school districts over a stipulated period of time shall eventuate in all school districts encompassing grades kindergarten - 12, with the above mentioned minimums of size of districts.

10. "Each School Committee shall provide a comprehensive program of high school education, to include occupational education as a part of general education, either through one or multiple school plants or through reciprocal arrangements with one or more adjacent districts.

11. "Library resources shall be available in every school to all children and youth. Those schools with enrollments of fewer than 300 children shall provide appropriate library resources through collections of appropriate books in every classroom. A school with 300 or more children shall have a central library without delay; those schools with 300 or more children enrolled and now operating without central libraries must provide such libraries within two years; in the interim, classroom collections of books are to be provided in every classroom."

12. "Program offerings in vocational education should be brought into line with changing occupational needs, deleting or deemphasizing some present programs and enlarging or adding others.

a. Curriculum offerings in the regular vocational education program should be widened to include training for semi-skilled jobs, with shorter length than needed for the skilled occupations.

b. Programs for the training of technicians should be broadened to include more types of technician jobs, and should be made available in more areas of the state.

c. Expansion should take place in program offerings for the health occupations.

d. Special vocational education programs should be developed for students with educational or socio-economic handicaps.

e. New programs should be developed for occupations requiring home economics skills in wage-earning jobs, and for occupations related to agriculture but in non-farm jobs.

f. Pre-employment programs for occupations in the field of distribution should be developed and put into operation.

g. Part-time cooperative education programs for diversified occupations should be considered for high schools of sufficient size and of appropriate location for satisfactory operation of such programs.

h. Increased provision should be made for pre-employment training and retraining programs for out-of-school youths and adults.

i. Increasing attention should be paid to providing training opportunities for women."

13. "A state-wide building program should be developed to provide for the replacement of the school facilities erected prior to 1900. Most buildings constructed between 1900-1920 should be given priority for replacement."

14. "A vigorous program of expansion and growth in educational opportunities for all people in the state must be undertaken without delay. Financing education should continue to be a shared responsibility of the local, state and the federal governments. Special problems of providing support for education such as those experienced by large cities, like Boston, must be recognized in the distribution of state funds. The equalizing principle (distribution of state funds in relation to local effort and need) should be applied through a state aid program which helps all cities and towns achieve an agreed-upon minimum program."

These are just a few highlights of the Commission's report. To be understood, it should be read and studied to grasp the implications for "Quality Education in Massachusetts".

PERSONNEL CHANGES

Mrs. Rachel Kuznicki resigned to accept a teaching position in Springfield. Mr. Kenneth Davidson resigned and is teaching in East-hampton.

Mr. Thomas Shaughnessy was transferred from the West Granville School to the Village School. Mr. Peter Carenza was appointed to replace Mr. Shaughnessy.

Mrs. Rose FitzGerald was appointed to the staff at the Village School.

Mrs. Elizabeth Lawrence was appointed to teach special class students.

Mrs. Nellie Robak was appointed school nurse to replace Mrs. Nels Olsen.

Miss Eileen Provoda resigned as of December 31st to re-enter the nursing profession. She was replaced by Mrs. Linda Shaughnessy.

ORGANIZATION

During the 1964-65 school year eight grades have been in operation at the Village School with a separate teacher for grades one through five.

Grades six, seven and eight have been organized on a semi-departmental program with three teachers, each teaching in specialized areas. The program allows the teacher to instruct in his major subjects and it is preparatory to departmental work for pupils entering high school.

The West Granville School is organized on a one through three and a four through six program with a teacher for each three grades. Seventh and eighth grade pupils attend the Village School.

The first grade entering in September, due to its large enrollment, will require two teachers. To provide the required space the School Committee voted to have all first graders attend the West Granville School and all pupils in grades two through eight will be housed at the Village School during the 1965-66 school year.

EDUCATIONAL REPORT

A big educational step forward was taken when a supervising principal was appointed to administer the two schools.

Mr. Martin's first year was spent in organization, curriculum study, and supervision. Having a person continuously on the job provides a needed service. Improved organization is noticeable. Curriculum work and textbook revisions have proven educationally sound and have improved standards. The benefit to the pupils and the service to the parents has been noticeable and worthwhile.

I call your attention to Mr. Martin's report for details.

ENROLLMENT

School enrollment is not making rapid growth but it is showing a steady increase. The four-room addition at the Village School answered our classroom needs for the moment. Serious consideration should be given to future classroom and building needs, a need that will arise in the very near future.

The all-purpose room at West Granville serves the pupils well as a physical education room, lunch room, for music, assemblies and programs. It also provides a very desirable meeting place for the townspeople of West Granville.

Increased numbers attending Westfield poses a possible problem if Westfield should decide, in the future, to build only for its own needs. It would be advantageous to the students if Westfield should organize a four-year high rather than the present three-year program.

INVENTORY

The buildings are valued based on replacement construction costs at about \$375,000. Furniture, equipment, books and supplies are valued at about \$30,000.

NO SCHOOL

It is the policy of the School Committee to order the no-school signal only in most severe weather conditions or when transportation is interrupted. At other times parents are expected to use their own good judgment in sending children to school.

The signal for no-school is broadcast over stations WTIC and WHYN.

WORK PERMITS

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time. Those fourteen (14) and fifteen (15)

must have a physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from Mrs. Nancy Wackerbarth of Granville or from the Superintendent of Schools in Southwick.

TRANSPORTATION

School transportation has become big business throughout the nation. We operate three buses to transport all pupils eligible to ride. To provide service to Westfield High, Westfield Vocational, Westfield Junior High, and to the two schools in town requires close scheduling.

Children should be on time to meet their bus, ride on the bus to which they have been assigned, and observe the regulations established by the Committee for bus riders.

Your attention is called to the reports and statistics which follow as a part of this report.

Respectfully submitted,

ROLAND C. WEEKS

Superintendent of Schools

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

I hereby submit my second annual report as Principal of the Granville Public Schools.

The field of education ever offers to those working in it a challenge, a way of life, and a goal. To this ideal the Granville faculty and staff are dedicated.

This past year we have experienced several changes in the educational program of our schools. After reviewing text books from six different book companies we have selected a new math text. This new text retains much of the traditional math that has been taught over the past years. However, it also contains a great deal of work in what is commonly known today as modern math. The new text books are now in use in grades one through six. Next year grade seven will have them and grade eight the following year.

Another subject receiving new textbooks is spelling. Again various text were reviewed and a text using basically a phonetic approach to spelling was chosen. This seems to be working out very well. All eight grades have this text. Grade one does not start spelling until second semester.

We have added more of the Science Research Associates Reading Laboratories. These laboratories enable us to give the students a structured individualized reading program. These are used in conjunction with basic reading texts. We now have these in grades four and five and by the time you read this report they will be in grade six.

The reading program was also reviewed this past year in grades seven and eight. We again analyzed several textbooks and chose a text which is published by the Macmillan Company. This text not only continues and reviews the basic reading skills but also reaches out into a most needed area today, study skills.

The departmental structure this year has been changed just a little. We now have three subjects departmentalized and have included grade six at the Village School in this structure. English, reading and science are now the subjects that are taught on a departmentalized basis.

It is our intent through the above mentioned changes to offer the children of Granville a quality education program. We are offering modern math because it is felt that this gives greater awareness of number concepts and a better understanding of the four basic manipulative processes of math, a new spelling program because we believe that spelling is a vital subject and needs to be taught every school day and based primarily

on phonics, a greater emphasis on reading in grades seven and eight with emphasis on teaching these children methods of study and organizing material that they read.

I will not elaborate on our testing program in this annual report because it remains the same this year as it was last year.

As many of you know this past year we ventured on scheduled parent-teacher conferences. This was most successful with 100% of our parents responding. It is cooperation like this that enables us to better instruct each child in our school.

Miss Johnson is our music teacher and continues to give our children a well-rounded education in music. Mrs. Lewis is our art teacher. The children, under her instruction, received a diversified program in the area of art. This past year grades seven and eight have had a new dimension added to their art curriculum, art appreciation. Mrs. Lewis has been giving instruction on the various periods of art and the well-known artists.

We in Granville are most fortunate in having a dedicated faculty to carry out our program of instruction. Our faculty have been most cooperative as they carry out their daily task of furthering the knowledge of each student in their room.

In closing I would like to express my thanks to our school committee for their dedicated efforts in our educational program. I wish, also, to thank our Superintendent of Schools, Mr. Weeks, for his guidance and wise counsel.

Respectfully submitted,

HAROLD J. MARTIN

Principal

Granville Public Schools

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I hereby submit my first annual report as School Nurse of the Granville Public Schools.

Beginning in October physical examinations were done by Dr. Delerzon on all pupils in the first, fourth and seventh grades.

The State dental hygienist, Mrs. Watts, did the dental examinations in October. This year she did an experiment called the "plaque test." This was done to the sixth, seventh and eighth grades to see if they were brushing their teeth properly. The results proved satisfactory.

The check on heights and weights was done in November along with cleanliness checks.

The Pure Tone Testing was started in December and will be finished the first of January. This test is being done individually and to date I have had satisfactory results.

Vision testing will be done this spring.

I would like to take this time to thank Mr. Martin and all the teachers for their help and cooperation.

Respectfully submitted,

NELLIE ROBAK, R.N.

School Nurse

REPORT OF THE SCHOOL CAFETERIA

To the Superintendent of Schools:

I hereby submit my second annual report as manager of the Village School Cafeteria.

This year we purchased a portion scale, a straw dispenser, and an electric slicing machine.

The enrollment at the Village School is 153 and we are serving an average of 115 lunches per day or about 75% of the enrollment.

Surplus commodities are still being furnished by the U. S. Department of Agriculture. This year beef roasts have been added to the list of foods given us through this program. We continue to serve a balanced lunch each day and make every effort to find the menus that are enjoyed by most of our students. Our U.S.D.A. commodities are allocated, based on our average daily lunch count and thus it is to our advantage to serve as many lunches as possible.

The West Granville School continues to have only the milk program. Nearly every child receives a bottle of milk each day.

Even though the cost of food continues to increase, we have been able to maintain our same cost to the children.

Mrs. Grace Kane is my assistant.

Respectfully submitted,

ARLENE B. KING

Cafeteria Manager

REPORT OF THE PUBLIC HEALTH NURSE

To the Selectmen of the Town of Granville:

Service Report:

Therapeutic visits	15
Visits to the office	1
Immunization Clinics	3
Total attendance	126
Oral Polio Clinics	2
Total attendance	918
Meetings with Advisory Comm. and Selectmen	3

I wish to thank the Selectmen and the Advisory Committee for their support and cooperation in the Public Health Program, and most of all thanks to all the people who gave their time so generously to make our clinics a success.

Respectfully submitted,

NELLIE ROBAK, R.N.

Public Health Nurse

REPORT OF THE VILLAGE SCHOOL BUILDING COMMITTEE

We hereby submit our final report completing the project of building an addition to the Village School. The sidewalks and grounds were the two major projects completed during the year plus the final purchases of equipment.

The Committee has authorized the payment of all bills and as of this report is disbanded. We express, to the staff and townspeople, our appreciation for their cooperation.

Respectfully submitted,

CHRISTIAN JENSEN, Chairman

HENRY MILLER, Secretary

ARTHUR FRELICK

JAMES HODSDON

BERT PARKER

REPORT OF THE HIGHWAY DEPARTMENT

The following is a report of the Highway Department.

The work of this department has been the upkeep of our streets and roads and bridges which are not included under Chapter 81 or Chapter 90 projects and include the following:

The cleaning of all catch basins and drop inlets in the town. The Hartford Sweeping Service was hired to do the job this spring.

The widening of West Hartland Rd. from Main Road 0.4 mile in a southerly direction, widening from 18 foot surface to 26 feet, excavating of rock and dirt and placing 592 yards of gravel.

The painting of guard rail on Main Road and Old Westfield Road.

The widening of Beech Hill Road from Main Road 1500 ft. in a northerly direction. Widening consisted of excavating 8 ft., placing 400 yards of gravel and penetrating with tar.

Winter Roads

We did the usual plowing, salting and sanding of streets and roads in Town.

We screened and stockpiled about 5000 yards of sand, we used 393 tons of salt.

We had an extra large amount of ice this year namely the weekend of December 4th using 975 tons of sand and 85 tons of salt.

The snow fence was set out in different sections of the town where drifting is most frequent.

We plowed and sanded the Village School Yard, West Granville School Yard, Town Dump, and Fire Stations after every storm.

We cut a large amount of wood for the use at the Town Garage.

Chapter 90 — Maintenance

The work finished this year under this account is as follows:

Main Road, 250 feet of 6 inch sub-drain on Ives Hill to relieve a bad water and ice condition that existed.

Main Road, 200 feet 6 inch sub-drain on Granville Hill for the same reasons as stated above.

Granby Road, 100 feet of 12 inch diameter culvert pipe and one catch basin at the intersection of Granby Road and Granby Road cutoff. A widening of 12 feet, for 600 feet in a southerly direction from Main Road. Construction of 900 feet of berm, 2½ inches of bituminous concrete over the full width (30), and the placing of 1½ inches of bituminous concrete over the full length and width of Granby Road cut-off.

Chapter 90 — Construction

Old Westfield Road: The work under this account consisted of two separate sections: The first section was from Station 114*50 to extend in a southerly direction to Station 97*0.

The road excavation, cutting of trees, removing stumps, installation of 300 feet of 12 inch diameter Hel-Corr pipe, 96 feet of 15 inch diameter A.C.C.M. pipe, 5 catch basins, widening of road, gravelling 1750 lin. feet in length, 30 feet in width, fine grading, 600 feet of berm, bituminous concrete over full width and length and fill and grade bank slopes. The loaming and guide rail will be completed in 1965.

The second section was from Station 10*50 at Main Road to extend in a northerly direction to Station 27*0. The work consisted of excavating, cutting trees, removing stumps, gravelling 1600 feet in length, 30 feet in width, installing 48 feet of 12 inch diameter A.C.C.M. pipe, 48 feet 15 inch diameter A.C.C.M. pipe, 1 catch basin, placing 1600 feet of berm, placing of 2½ inches of bituminous concrete and fill and grade bank slopes. This section is to be continued next year from Station 27*0 in a northerly direction.

Chapter 81

The maintenance and surfacing all of our accepted streets and roads except Chapter 90. Maintenance work is carried out under this account. The state furnishes, of the total amount spent, \$19,800.00. This work constitutes the maintenance and surfacing of both gravel roads and blacktop, with a total of 71.57 miles of accepted streets and roads, of which 45.65 miles are black-top and 25.92 miles are of gravel or dirt.

The usual dragging and scraping of our gravel roads in the outlying district.

The gravel patching of all gravel roads during spring thaws.

The graveling this year as follows: Blandford Road, Beech Hill Road, Wildcat Road, North Lane #1, Otis Road, and Hartland Hollow Road.

The bituminous concrete patching of all black top streets and roads.

The new tar work this year as follows: Beech Hill .65 miles, Wildcat Road .2 miles, West Hartland Road .4 miles, a total of 1.25 miles.

This year the tar and asphalt was furnished by the Guyott Co. 13,621 gallons of tar, 7,054 gallons of asphalt covering the following streets and roads: Beech Hill Rd. .90 mi., Silver Street .25 mi., Water Street 0.75 mi., Barnard Road 0.2 mi., West Hartland Road 0.90 mi., and Phelon Road 0.45 miles.

A total of 3.65 miles of streets and roads was resurfaced with tar or asphalt this year covering 38,755.5 square yards.

The drainage consisted of installation of 6" sub-drain 300 ft. Wildcat Road, 10" sub-drain 300 ft. at Beech Hill Road and 2 catch basins, 18" dia., ACCM 36' long North Lane #2, 15" dia. ACCM 50' Hartland Hollow Road, and the clearing of ditches and basins all over town.

Respectfully submitted,

ARTHUR MIVILLE,
Highway Superintendent

REPORT OF THE GRANVILLE CENTER WATER COMPANY

To the Honorable Board of Selectmen of the Town of Granville,
Massachusetts:

Gentlemen:

In accordance with the provisions of Section 12 of Chapter 486
of the Acts of 1910, we submit herewith the following itemized state-
ment of Receipts and Expenditures of the company for the calendar
year 1964.

RECEIPTS

Water Rents:

Minimum Charges	\$ 1,206.25	
Excess Charges	332.04	
Turn On & Shut Off Charges	26.00	
		\$ 1,564.29
Interest - Westfield Savings Bank		72.18
Total Receipts		\$ 1,636.47

EXPENDITURES

Taxes - Municipal, State and Federal	\$ 354.99	
Maintenance of Transmission System	127.81	
Superintendence	150.00	
Accounting Service	400.00	
Office Supplies and Expense	98.66	
Maintenance Source of Water Supply	88.38	
Power Purchased	149.96	
Total Expenditures		\$ 1,369.80

Note: In addition to the foregoing expenditures the com-
pany has, during the year, charged to operating expenses and
carried to Reserve for Depreciation an amount of \$204.20.

Respectfully submitted,

Granville Center Water Co.

LESLIE A. CHAPIN, Auditor

February 2, 1965

REPORT OF THE RECREATION COMMISSION

To the citizens of the Town of Granville:

The Recreation Commission submits the following report of activities for 1964.

The annual "Music Festival," a talent program for children, was held again in the spring at the Village School with a good representation of our children and their talents. This has suitably been called "Music for a Sunday Afternoon." Refreshments were served to all present at the close of the program.

Again this year the baseball season was a huge success with the Bernie Battles League and the newly formed Babe Ruth League in Southwick plus the little tykes who played on our own diamond at the Village School. Ed Beckwith continued with the Little League which played several games with Southwick and Westfield after completing their regular schedule with Russell, Huntington, Chester and Blandford. Jerry Prince coached the Babe Ruth team which played exceedingly well against veterans of several years at Southwick. Dick Dearborn and Stu Egerton took the newcomers to baseball and played several games on our own diamond at the school which was very entertaining to all those present. In all, about 60 boys engaged in the sport of baseball and we hope this will continue into the coming season.

The Swim School for children in grades 1 thru 6 was continued this year under the able direction of Mrs. John Jones, assisted by Mrs. Richard Brown. 31 children were enrolled and the project was nearly self-supporting.

The 9th Annual Fourth of July Community Field Day was held as usual at the Village School grounds. A parade, beginning at 10:30 A.M. started the day of festivities and was followed by appropriate exercises featuring the Liberty Drum Corps of Westfield, judging of parade entries and awarding of prizes. After a picnic lunch in the grove or a snack at home, almost everyone entered into the activities of the afternoon either by participating or heavy looking-on. Horseshoe-pitching in one corner of the field, all types of field events in the center, a Little League

Baseball game on the Diamond and the smaller ones on the swings and other Gym features made up most of the afternoon topped off with a Pie-Eating contest, a Watermelon-Eating contest and a Rolling-Pin Contest. Some, who weren't too tired stayed to play Volley Ball and help eat up the refreshments that were served throughout the day. At 7:00 P.M. "The Vagabond at the Organ" entertained us with his clown antics and his wonderful Organ music while his wife drew pictures and told stories. This ended the day at the school but those who wished proceeded up the hill to Town Hall and enjoyed an evening of dancing to the music

of Stanley Mack. The Committee wishes to thank all those who made this day a huge success.

Volley Ball is continuing again this year with both the men on Monday and women on Tuesday nights. A group of High School and Junior High boys have been using the gym on Wednesday evenings with one of the men chaperoning. Some of the boys have been playing Monday nights with the men in order to have enough for two teams.

It is hoped that a men's softball team can be organized to play other men's teams from the surrounding area.

It is also the hope of the Recreation Commission that the town might see fit to have a committee look into the possibility of providing some land in a central location to be used for a town playground and recreation area.

We wish to thank all the volunteers and those who weren't exactly volunteers, who gave their time and effort so generously to make all the endeavors a success.

1964 REPORT of the TRUSTEES FOR COUNTY AID TO AGRICULTURE and the HAMPDEN COUNTY IMPROVEMENT LEAGUE GRANVILLE, MASSACHUSETTS AGRICULTURAL WORK

Primary emphasis in all agricultural projects during the past year has been the improvement in the management capabilities of interested farmers in the Hampden County area. Agents in Hampden County assisted farmers through meetings, circular letters and individual farm visits throughout the year.

Requests for specific information available from agents at all times

4-H CLUB WORK

During the year there were 52 boys and girls enrolled in various projects offered. 5 local leaders assisted the county agents and state specialists in conducting the projects. The leaders incurred expenses totaling \$19.68.

HOME DEPARTMENT WORK

During the year 29 women attended 3 meetings or demonstrations conducted by 8 local leaders assisted by the county agents and state extension specialists. There were 2 different projects offered. The local leaders incurred expenses totaling \$15.91.

The appropriation made by your town was used by the agents of the Trustees for only residents of Granville.

FINANCIAL SUMMARY

1964 Appropriation	\$50.00
1963 Unexpended Balance	\$173.10
Total Available for 1964	223.10
Total Expenditure in 1964	35.59
Total Available for 1965	187.51
Recommended Appropriation for 1965	NIL.

Respectfully submitted,

Trustees for County Aid to Agriculture

By ALBERT H. FULLER, Clerk

REPORT OF THE CIVIL DEFENSE DEPARTMENT

To the Board of Selectmen:

The year of 1964 was an eventful one for the Civil Defense Department. The members of the organization and our equipment were called on numerous times for assistance. Our first request came late in March when a bus load of boys from St. Justin's Boys Club in Hartford, Connecticut, came to the State Forest for the day and one of the boys wandered off. We answered the call with men and communications equipment. The second request was on the fourth of July, when an elderly woman was lost in the State Forest. Again we answered with men and communications equipment. We were on the job for three full days, as were the Fire Department, Police Department, State Police, Massachusetts Air

National Guard, and many volunteers. The Civil Defense Department set up and maintained a communications system, enabling the Search Officer to keep in close contact with all search parties. At this point we would like to give our thanks to the Women's Auxiliary of the Granville Fire Department for the outstanding job done keeping the searchers fed. We answered the call again in November for a forest fire on Barnard Road with men and communications equipment. The last call was in December for the bad ice storm. Again with men and communications we assisted the Police Department in keeping traffic clear of all live wires that were down.

We as an organization are happy to have been able to serve the Town of Granville this year and hope to be able to serve you in the years to come, whether it be National or Local.

The co-operation of the Board of Selectmen, Fire Department, Police Department, and our own Civil Defense units have been greatly appreciated.

Respectfully submitted,

WILLIAM H. BOUCHER, Director

WALLACE L. CHAPMAN, Deputy Director

HARLON R. HANSEN, Deputy Director

REPORT OF VETERAN'S DEPARTMENT

The 1964 expenditures for Veterans' Benefits were \$1,745.67. There was a balance of \$254.33 as of December 31, 1964.

Ordinary Benefits	826.45	
Fuel	192.00	
Doctors	124.00	
Medication	205.15	
Hospital	1002.87	
Dental	None	
Miscellaneous	21.00	
		<hr/>
	2371.47	
Refunds	625.80	
Total Expenditures		\$1,745.67

The Town is in receipt of \$1,008.08 from the Commonwealth for the State's share of the 1963 expenditures. This is a return of 50%.

Granville's share of the cost of Administration for this department during 1964 was \$672.51.

Respectfully submitted,

DAVID C. GALLANO
Veterans' Agent

REPORT OF THE COMMITTEE AUTHORIZED TO STUDY THE TOWN'S CLERICAL DUTIES

For a number of years town officers have wished to provide a central office where town business can be conducted during stated hours, for all town departments.

Increased clerical and service demands on all Town departments is recognized. The professional departments meet this demand with added employment and increased costs, but the duties of elected officers who are employed full time earning a living have increased without assistance of any type. To relieve this situation, and at the same time to improve service, the study committee tentatively recommends a central office which would be open five hours daily, Monday thru Friday; two hours, Saturday morning; and two hours, Monday night. Details arrived at after further study and discussion will be presented orally at town meeting.

The necessary financial article will be included in the annual town meeting warrant.

Respectfully submitted,

ROBERT A. DOWLING
REINHOLD M. SUSSMANN

HENRY S. WACKERBARTH

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

January 5, 1965

To the Board of Selectmen
Gentlemen:

In compliance with section 34, Chapter 98, of the General Laws, the report of the Weights and Measures Department for the year ending December 31, 1964, is tendered herewith. Our report to the Director of Standards for the same period was submitted January 5, 1965, as required by section 37, Chapter 98, of the General Laws.

Scales — 100 to 5,000 lbs. — 2 adjusted — 2 sealed
Scales — under 100 lbs. — 7 adjusted — 14 sealed — 4 condemned
Avoirdupois weights — 10 sealed
Liquid measures — 1 sealed

Gasoline meters — 2 adjusted — 10 sealed — 2 condemned
Grease meters — 2 sealed
Total devices — 11 adjusted — 39 sealed — 6 condemned
Sealing fees collected — \$22.00
Trial weighing of commodities sold or offered for sale — 65 tested —
4 underweight — 55 correct — 6 overweight
Gas pumps retested — 1
School scales tested and sealed.

Respectfully submitted,

JAMES C. ROBERTS

Sealer of Weights & Measures

Budget for 1965

Sealer's salary — \$75.00

Supplies on hand for 1965 are adequate

VILLAGE GREEN REPORT

To the Citizens of Granville:

Work on the development of the Village Green on the former Trevallion lot has been steadily progressing.

After the clearance of the buildings, the town committee met on the site with County Agent Boyce and with Professor Harold Mosher, a landscape artist of the University of Massachusetts, who drew up the long-range plan of the area.

The committee used the town appropriation of \$500. for fill and loam, and for grading. An additional amount of top-soil, however, is necessary. Were funds available, we would not have been able to plant or seed during 1964 because of the drought. We are requesting a \$500. appropriation for further development of the project.

The entire lot will be graded, fertilized, and seeded with grass. A variety of deciduous trees, evergreen trees, and shrubs will be planted to make the area at all times of the year a place of beauty. A Norway or blue spruce will be planted to serve as a permanent community Christmas tree. Eventually, two intersecting walks diagonally across the park will be made.

The acquisition of the property has enabled the town to widen the Granby Road, thus improving parking facilities of the library, Grange and church.

In our conservation project we know that the people of Granville feel as we, that the beauty of our town is the concern of all.

Respectfully submitted,

CHARLES HANSEN, Chairman

JOSEPH DICKINSON

ROBERT DOWLING

FRANCIS HUNT

KATHERINE PHELON

POLICE DEPARTMENT REPORT

To the Citizens of Granville:

Accidents	19
Domestic complaints	132
Breaks and attempts	10
Transients removed from Town	1
Larceny	8
Recovering stolen property	1

In 1964 the police activity was slightly lower than in 1963 for the above categories, although in other activities police work has increased.

At the request of the Granville Federated Church authorities, a constable has been assigned to perform traffic duty on Sunday mornings.

The ski area has to be checked periodically even though adequate parking space has been provided for skiers by the owners. There are still many sightseers who ignore the NO PARKING signs and have to be moved on their way.

At the present time, a safety officer has been appointed by the Selectmen. This officer has joined the Western Mass. Safety Council and attends periodic meetings for the protection of school children and the public in general. All towns have this type of officer and it was recommended that we appoint one.

The Police Department still continues to receive excellent cooperation and assistance from the people of the Town, which is greatly appreciated.

Respectfully submitted,

TOWN OF GRANVILLE,
STANLEY BECKWITH, Chief
BERT PARKER
CLARK BOUGHTON
ARTHUR SHEETS

Constables

REPORT OF THE FIRE DEPARTMENT

The Town fire equipment was called out 22 times in the past year.

There were 3 house fires, 2 chimney fires, 1 automobile, 1 lost boy, 1 sugar house and wood pile (Assisting Tolland), 9 forest and brush fires, and 5 not needed.

The Ambulance was called 19 times: 11 times to Noble Hospital, 1 from Holyoke to Boston, 1 from Noble Hospital to Rest Home in Bland-

ford, 1 to Holyoke Veteran's Hospital, 1 local, 1 Hartland to Noble Hospital, 1 to Wesson Memorial and 2 from Noble Hospital to Granville.

There were 502 permits issued, 496 burning permits, 4 blasting permits, 1 diesel, and 1 gasoline.

FIRE DEPARTMENT INVENTORY

- 4 Walkie-Talkie Radios

Respectfully submitted,

ALFRED O. PETERSEN, Chief
Granville Fire Department

NOTICE OF TOWN MEETING

TO EITHER OF THE CONSTABLES OF GRANVILLE:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town affairs, to meet at the Town Hall in Granville Center on March 1st, 1965, to vote upon the articles which follow. The polls will open at 10 o'clock A.M. and close at 7 o'clock P.M.

Article 1. To bring in and deposit your ballots for one Moderator, one Auditor, one Tree Warden, each for one year; one Selectman, one Assessor, one School Committee member, one Library Trustee, one Constable, two Recreation Committee members, each for three years.

Article 2. To choose all necessary Town Officers.

Article 3. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof, in each of the usual places in Town for posting such notices, seven days at least before the time of holding said meeting.

HEREOF, fail not and make due returns of this Warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL this 15th day of February 1965.

REINHOLD M. SUSSMANN
JOSEPH L. DICKINSON
NELS H. OLSEN

Selectmen of Granville

COPY OF TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS

HAMPDEN ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on March 1st, 1965, at 7 o'clock P. M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen and Board of Public Welfare, Tax Collector, Treasurer, Assessors, School Committee and act thereon.

Article 2. To see if the Town will vote to raise such sums of

money as may be necessary to defray the expenses of the Town for the coming year.

Article 3. To see what sums the Town will appropriate for General Government.

Article 4. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 5. To see what sums the Town will appropriate for Health and Sanitation.

Article 6. To see what sums the Town will appropriate for General Highway Purposes.

Article 7. To see what sums the Town will appropriate for Public Welfare.

Article 8. To see what sums the Town will appropriate for Veterans Benefits.

Article 9. To see what sums the Town will appropriate for Veterans Administration.

Article 10. To see what sum the Town will appropriate for the Town Library.

Article 11. To see what sums the Town will appropriate for Unclassified Departments.

Article 12. To see if the Town will vote to appropriate a sum to cover the costs of Interest and Certifying.

Article 13. To see what sums the Town will appropriate for the Insurance, Workmen's Liability Fund and Reserve Fund.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$100.00 for maintenance of the Old Westfield Road Cemetery and \$200.00 for the Woodland Cemetery and \$200.00 for West Granville Cemetery and \$100.00 for Center Cemetery.

Article 15. To see what sums the Town will vote to appropriate for Educational Purposes.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$350.00 to pay the premium on the accident insurance policy covering the volunteer firemen while in performance of the duties.

Article 17. To see if the Town will vote to transfer the Machinery Fund to maintain the Machinery Account for 1965.

Article 18. To see if the Town will vote to appropriate the sum of \$60.00 to the Westfield River Watershed Association.

Article 19. To see if the Town will have the Moderator appoint a committee of five to look into the possibility of acquiring land for the town recreational playground.

Article 20. To see if the Town will receive \$500.00 in state aid, through legislation passed in November 1960, Chapter 760, Acts of 1960, and amended by Chapter 672, Acts of 1963 for the improvement of free public libraries in towns and cities, the trustees of the library request that \$500.00 from surplus be voted and appropriated. Upon receipt of the allotted amount from the state, the money will automatically go into surplus.

Article 21. To see if the Town will vote to elect a Planning Board at the next annual town meeting. This board to consist of five members, one elected for one year, one elected for two years, one elected for three years, one elected for four years, one elected for five years and thereafter one member to be elected for five years.

Article 22. To see if the Town will vote to appropriate \$1,000.00 for improvements on the town barn.

Article 23. To see if the Town will vote to raise the number of the School Committee members from three to five, and to increase the term of office to five years with first election of three. Term to run five, four, three all thereafter for a five year period.

Article 24. To see if the Town will authorize the Treasurer with the approval of the Selectmen to borrow from time to time in anticipation of the revenue of the financial year ending December 31, 1965, and to issue a note or notes, therefore payable in one year and to renew any note or notes for a period of less than one year in accordance with the provisions of Chapter 41, Section 17 of the General Laws.

Article 25. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow on or before January 1, 1966, in anticipation of the revenue of the year ending December 31, 1966.

Article 26. To see if the Town will vote to retain the same committee authorized to study the Town's clerical duties, to establish the duties of the position of Town Secretary and Bookkeeper for the remainder of this

fiscal year, this to include hours of employment, salary, office space, maintenance and the working out of problems that will undoubtedly arise in first year's operation of a central office where all town business can be conducted during stated hours.

This committee to report at next annual meeting evaluating the position and making recommendations for future action.

Article 27. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time of holding this Meeting.

HEREOF Fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of said Meeting. Given under our Hands and Seal this 15th day of February 1965.

REV. LEMUEL HAYNES, A.M.

*Sincerely yours
Lemuel Haynes*

"His sermons left the impression of the majesty of God; the importance of immediate repentance; the awful solemnity of the judgment day; the attractive holiness of Christ and the pleasantness of wisdom's ways His delivery was rapid, his voice charming, his articulation, uncommonly distinct, a perennial stream of transparent, sweet elocution, presenting his arguments with great simplicity and striking effect."

Rev. Timothy Mather Cooley, D.D.

December 1836-

The town of Granville is very proud to pay tribute to the memory of Lemuel Haynes, the first ordained Negro Minister in the United States, and one of the foremost preachers of his generation.

Although he was not born here he spent the first thirty-two years of his life in Granville.

It was on New Year's Day in 1754 when Mr. David Rose returned home from West Hartford with a five month old baby boy in his arms. This child was destined to bring happiness and comfort to the Rose family as well as distinction to the Town of Granville.

He did not bear the name of either of his parents, but the name Haynes, as it was under Mr. Haynes' roof he was born. He was called Lemuel which means "devoted to God." This child was indentured to Mr. Rose until he was twenty-one years old.

In the Rose home Lemuel was treated as one of the family. He was sent to the village school, was permitted to attend church, taught to work, and was given an opportunity to read all the books which were available at the time.

When other boys in the village were playing Lemuel could be found in the chimney-corner studying. Evening after evening he read by fire-light. He studied his Bible until he could produce from memory most of the texts which had a bearing upon the essential doctrines of Grace. He could refer with nearly infallible accuracy to the book, chapter, and verse where they might be found. All this and more too he accomplished, and at the same time no boy in the community performed more manual labor. He told one of his boyhood friends that he made it a rule to know something more every night than he knew in the morning.

As a servant boy Lemuel was faithful to his trusts, and upon maturity, because of his prudence he was managing his master's business. Everything prospered under his care.

Soon after the Lexington alarm in 1775 he joined the forces at Roxbury enlisting as a private. The next year he was a volunteer in the expedition to Ticonderoga. There he was stricken with typhus. Upon returning home, and while regaining his health he studied Latin and Greek. He was out of his indentureship and free to go as he pleased, but he came back to Deacon Rose and did what work he could on the farm without wages.

In 1780 he was examined in theology and languages by a committee which recommended him as qualified to preach.

The Meeting-House in West Granville had recently been completed and a minister was needed. Lemuel was given a unanimous call to become the first pastor. He preached to this congregation of friends and neighbors for five years. They were carried away with his sincerity, dignity, and eloquence.

In 1783 he married Miss Elizabeth Babbit, the village schoolteacher. She made him the overture of her heart and hand.

Mr. Haynes' ordination took place November 9, 1785. On leaving Granville he went to Torrington, Connecticut, as an accredited minister of Christ. There he remained two years.

At this time the State of Vermont was considered a very important field for ministerial usefulness, and when the church in Rutland required a minister Lemuel was called. There in the County Seat he was pastor of the most important church for thirty years. He next went to Manchester, Vermont, staying there for four years. Then because of poor health he accepted a smaller pastorate in Granville, New York, a town about thirty miles away from Manchester. He labored there eleven years.

During his long ministry he was in great demand to preach for special occasions. People came from far and near to hear him. Many of his sermons were printed in this country and abroad.

During all this time he never lost touch with his Granville, Massachusetts, friends and acquaintances. He once said, "I can never be weaned from Granville."

When Lemuel was nearly eighty years old a former parishioner from Manchester bequeathed him a sum of money which enabled him to take a trip back to his boyhood home, a vacation he had long been denying himself.

There, in his eightieth year, he preached from the same pulpit he had occupied more than forty years before, using as his text, "Having therefore obtained the help of God I continue unto this Day."

He spent several days going from house to house renewing the recollections of his early childhood. He visited the Rose home and pointed to the stones in the fireplace he had assisted in placing. He took a last look into the room he had once occupied. He walked over the fields he had cleared and ploughed.

Then he went to the West Granville cemetery and pointed out the tombstones of those who had experienced religion during the time he labored here in the ministry. He also pointed out many epitaphs which were of his own composition.

He returned to Granville, New York, and continued preaching up to the day of his last illness. He died September 28, 1833.

The late Mr. Albion B. Wilson in his "History of Granville" writes, "Granville may well be proud of the self-taught and able colored gentleman who grew up in their midst and whose remarkable oratorical ability was fostered and cherished by a kindly people."

SELECTMEN'S REPORT

To the Citizens of Granville:

In order to create a better understanding of the functioning of our Town Government, your Board of Selectmen voted to have the Chairman write a report of some of the most important highlights of the past year.

One regrettable situation, of which the facts have probably not been known by many, was in regard to the Personal Property and Real Estate of Mrs. Perle Klerx. There have been rumors that the Selectmen did nothing to protect the rights and interests of one of our senior citizens when she was unable to take care of things herself.

The facts are that everything possible was done. With the help of the District Attorney we found that the only way anyone could legally handle the situation was to have someone appointed as Temporary Guardian of the estate.

In the late spring, after the necessary court proceedings had been accomplished, your Chairman was duly appointed. This kept matters in hand until early fall when the nearest of kin had a full conservator appointed. After that all authority was automatically taken from us and as you know a Public Auction was held in December.

Our highways are of great concern to everyone. This year with the excellent cooperation of the landowners and the State Engineers we were able to relocate some of the original layout of the Old Westfield Road Project. It meant some delay in the process but the final result was well worth it.

With the generous help of Mr. Buell Dickinson arrangements have been made to improve the Sodom Street entrance. Work will start this spring. As everyone knows it is a very dangerous spot and again we wish to thank Mr. Dickinson for making this change possible.

We are all aware of the fact that our Winter Road situation can stand some improving but we also realize that even though we are helping in every way possible only experience can teach our Superintendent the final perfection of timing and all around know how.

Many people have compared our highways to those of Southwick. Let us go one step further and point out that in twenty years Southwick has only made one change in Highway Supts. That was to promote the foreman, who had many years of experience, to the capacity of Superintendent. Mr. Zambs is Supt. Number 8 in twenty years for Granville. He is trying to do a good job so let's all help him whenever possible.

For many years a bad drainage situation in our village has existed. With the whole hearted help of all the property owners involved, this unsanitary condition was taken care of.

During the past year there have been some large tracts of land sold in town. This always brings up the possibility of a rapid population increase due to a housing development.

We have given this a lot of consideration and have tried to come up with a solution without hurting people who are already in town. Our recommendation is to change some parts of Section IV of our present zoning laws.

Our proposal is to increase the lot size to 44000 square feet and increase the frontage to 200 feet. This would bring the lot size to 200 x 220 feet. This lot size is essential from a health point because under State regulations no one can have a leach field or septic tank within 76 feet of a domestic water supply.

We would also recommend raising the minimum first floor area to 700 square feet.

We feel these changes will greatly improve our zoning laws without going into anything so complicated that some more of our freedoms will be eliminated.

Something new has been added to our annual Town Report. We were asked in the early summer if a page in the Town Report could be allotted to Granville History. This year there is more than a page but the extra expense has been privately taken care of. Mr. Hermann Patt, Mrs. Helena Duris and Dr. Louis Stevenson deserve a lot of credit for their efforts in this matter. Mrs. Duris was the capable composer of this year's article. Your Selectmen wish to thank the entire committee for what we feel is a very educational and worthwhile project.

At this time we feel it is very appropriate to give thanks, from our department, and in behalf of the Town, to Bert Parker, Mrs. Lena Humphrey and Charles Hansen for their many years of public service. We are sure it is very fitting to extend our appreciation to include Charlie's lovely wife who has always been his courteous and very capable assistant.

WELLINGTON D. CLARY

JOSEPH L. DICKINSON

REINHOLD M. SUSSMANN

REPORT OF THE TOWN CLERK

ANNUAL TOWN ELECTION

MARCH 1, 1965

Results of the Ballot: 381 votes cast:

Moderator: Edward C. Roberts 345. Selectman: Wellington D. Clary 255. Nels H. Olsen 122. Assessor: Harry R. Christiansen 345. School Committee: Christian J. Jensen 253, John R. Evans 120. Auditor: Harold E. Chapman 346. Tree Warden: Harlon R. Hansen 189, Michael Laptew 178. Constable: Arthur C. Sheets 216, George E. Sandman 162. Library Trustee: Dorothea Tryon 346. Recreation Commission: Rachael H. Henderson 326. Recreation Commission: Louis F. Morse 282.

REPORT OF THE BOARD OF PUBLIC WELFARE

December 31, 1965

Chairman
Board of Public Welfare
Granville, Massachusetts

Gentlemen:

I hereby submit my annual report for the year ending December 31, 1965. Attention is drawn to some of the more important legislature changes which occurred during the year, such as:

The Board of Rate Setting established a higher per diem hospital rate for both hospital and nursing home care. Section 30K of Chapter 7 of the General Laws increased per diem hospital rates as of January 1, 1965; while section 30L of Chapter 7 of the General Laws established a higher per diem rate for Convalescent and Nursing Homes. In addition, ambulance rates, fees for chiroprodists, physical therapists and visiting nurses were increased.

Chapter 724 of the Acts of 1965 increased the Leisure Time Allowance (LTA) in all Old Age Assistance budgets effective November 1, 1965.

The 1965 amendment to Title II of the Social Security Act (1) increased the benefits of current OASDI beneficiaries by approximately seven per cent; and (2) broadened eligibility for OASDI to new groups of individuals to include (a) benefits for widows at age sixty, (b) benefits to children eighteen through twenty-one, and (c) made available transitional insured status benefits for certain persons aged seventy-two and over who formerly lacked sufficient coverage.

In accordance with Title VI of the Civil Rights Act of 1964, the Department of Health, Education and Welfare Regulations set forth in Title 45, Part 80 of the code of Federal Regulations, protection is afforded all recipients of assistance against discrimination on the ground of race, color, or national origin, together with the complaint procedure to be followed in the event of discrimination and non-compliance.

Anticipating the imminent enactment of proposed Federal legislation which will affect payment for medical care of public assistance recipients sixty-five years of age and over, Social Security Form SS-5 "Application for Social Security and Tax Account Number" was forwarded to Social Security for each recipient who is not a beneficiary or for whom no Social Security number is known.

In addition to the financial report of the department found else-

where in this report, following is a resume of the statistics of all categories:

GENERAL RELIEF:

Chapter 117:

No cases carried forward January 1, 1965; two applications received, two cases closed; no cases open as of December 31, 1965.

GENERAL RELIEF:

Chapter 117, Section 24A:

No cases in 1965.

OLD AGE ASSISTANCE, Chapter 118A:

Eight cases carried forward January 1, 1965; three applications received; eleven cases aided; three cases closed; eight cases open as of December 31, 1965.

MEDICAL ASSISTANCE TO THE AGED, Chapter 118A:

Two cases carried forward January 1, 1965; eight applications received; two applications denied; five cases aided; three cases closed; three applications pending; two cases open as of December 31, 1965.

DISABILITY ASSISTANCE, Chapter 118D:

One case carried forward January 1, 1965; no applications received; one case aided; one case closed; no cases open as of December 31, 1965.

AID TO FAMILIES WITH DEPENDENT CHILDREN, Chapter 118:

One case carried forward January 1, 1965; one application received; two cases aided; one case closed, one case open as of December 31, 1965.

SUMMARY:

Twelve cases carried forward January 1, 1965; fourteen applications received; two applications denied; twenty-one cases aided; ten cases closed; three applications pending; eleven cases currently receiving assistance as of December 31, 1965 consisting of eleven adults and one child; two other inquiries investigated during the year.

Respectfully submitted,

Mrs. Myrtle S. Elton, Director

JMH

REPORT OF THE LIBRARY TRUSTEES

To the Citizens of the Town of Granville:

The Trustees are pleased to report that many groups and organizations have continued to make use of the library facilities.

We are also pleased to report that Mrs. Ralph Hiers has continued to be curator of the Mabel Root Henry Historical Museum. She has done her usual excellent job of making the exhibits worthwhile and interesting.

Respectfully submitted,

ANN-MARIE CROWLEY, Secretary

REPORT OF THE LIBRARIAN — 1965

To the Citizens of the Town of Granville:

Each year finds the services of the library in more demand. Thanks to the fine and efficient help of the Western Regional Public Library System most of the requests have been fulfilled. A small library, such as ours, just could not accommodate all the types of books needed, although the Granville Library has a very good selection of reference works. More room to spread out is desperately needed and when the children's room is set-up in the former reading room, things may not be quite so congested.

From July through November Mrs. Ralph Hiers, curator of the Historical Room, with the help of Mrs. Richard Dearborn arranged a marvelous exhibit of arts and crafts of local residents. During that time several hundred people viewed the display and looked over all the pieces pertaining to Granville history.

In the Spring several elementary grades from the Village School visited the Library and Historical Room. Many had never seen either place and were very impressed. In December the Kindergarten children were shown the books for their age group and the process of checking one out. The librarian then read them a story.

Several kind friends donated a good collection of books, for which we thank them. It is always very helpful to get books, but remember donate only those you would and could read, meaning good legible print and good content.

Clark Boughton, a conscientious member of the Lions Club, trimmed the shrubbery in front of the library. It certainly needed it and we thank him.

Mrs. Ralph Dickinson was responsible for the Christmas decorations on the library. So on behalf of the Library Club, she placed two lovely wreaths on the doors and a garland around the lamp post.

Best wishes and thanks to all the friends of the library.

FINANCE COMMITTEE'S REPORT

To the Citizens of Granville:

Your Finance Committee would like to bring to your attention their feelings for the necessity of amending one section of our present Zoning by-laws.

It is our belief that Granville will and should grow naturally. We can be pleased and justly proud of the new homes that are being built each year, and would like to see our local contractors and builders continue to prosper and benefit by this growth.

However, the present zoning by-laws are particularly lacking in one respect that leaves the town both wide open and attractive to outside developers: that is, the small building lot. We urge you to vote to increase the lot size to one acre with a minimum of 200' frontage. The people selling lots in town presently are selling this size, and considering the miles of undeveloped road frontage, it will make little difference to the individual home builder.

Our concern is over the very real possibility of a strictly profit-minded contractor putting in a cheap development of fifty homes that would constitute the beginning of an unnaturally fast growth that most of the surrounding towns have experienced, to their sorrow. We won't burden the argument with long discussion on increased expenses of town government and high taxes in these towns.

Granville is presently an agricultural, residential area, with little manufacturing. We would call it "country", and believe most of us live in the country because we prefer it to city living, or suburban or development living. We are living in a beautiful, unspoiled area

that is the envy of visitors and people living in crowded areas. Let us try to preserve what we have and like in Granville. The increased lot size is an easy way to discourage a developer from squeezing in a large volume of cheap houses on a given acreage.

There is going to be growth, there is going to be a planning committee; both will have an effect on the future, but we urge you to act now so as not to let another year go by, because any changes can be made only at our annual meeting.

The Finance Board recommends that the Selectmen consider the possibility of increasing the Public Building Insurance Fund by the amount of the premium of the Town Fire Insurance instead of carrying this insurance.

The Superintendent is available for conferences by appointment.

SCHOOL COMMITTEE MEETINGS

The School Committee meets the first Monday of each month and at other times as needed.

One of the major policies of this School Committee has been to continually seek methods to improve and to broaden Granville's educational program. This policy, necessarily bounded by financial responsibility, has resulted in many changes within our school system during the past five years. There have been two major building programs, alleviating crowded classrooms and providing needed facilities at each of our two buildings. Additional teachers have been added as required in order to eliminate multiple grades in any classroom. A supervising principal has been engaged to provide full time administration of the system, supervision and assistance to the teaching staff, and overall guidance of the educational program. A modern math program was offered to more advanced pupils this past year, an instrumental music program started, and studies are currently underway to determine other areas in which special programs can broaden our curriculum. These changes have continually been directed toward the overall goal of strengthening the educational system in Granville.

A further step toward this objective is the incorporation of the kindergarten into the school system which is planned for the 1966-67 school year. This plan offering a program geared to our present curricula should provide pupils a sound base for success in the regular school program.

Necessarily these expansions of facilities and educational programs have resulted in an increase in the school budget. However, this committee feels that the improvements instituted more than compensate for the financial requirements by providing a more complete educational program, thus developing a solid background for Granville pupils before entering high school.

With the start of the 1965-66 school year Mr. Everett Rockwell has joined our staff as Supervising Principal. The Committee welcomes him and is certain that his enthusiasm and sincerity in approaching this position will be an asset to the school system and to the community.

Of course the success of any educational system rests upon the shoulders of the individual classroom teacher. We are fortunate in having a conscientious and devoted staff and wish to thank them for their continued cooperation.

The physical facilities have been maintained in excellent condi-

tion throughout the year and improvements made such as painting, addition of storm windows at both buildings, and extension and improvement of the driveway and sidewalk at West Granville.

We wish to express our appreciation to all residents of Granville and to our entire staff for their interest and cooperation throughout the year.

HENRY MILLER, Chairman
PHYLLIS WOODGER, Secretary
CHRISTIAN JENSEN

REPORT OF THE SUPERINTENDENT

Democracy cannot function with the disinterested or the uneducated.

The United States has always believed in education. The early days, in this country's history, schooling was for those who could afford private school or through self-learning. The nineteenth century saw the struggle for and eventual successful establishment of free public schools.

The survival and basic strength of democracy rest on the product of our schools. The objective of our schools is to provide educational leadership and opportunities that will enable each student to become an effective and productive member of society.

Education is valuable in an economic sense; it increases one's ability to enjoy more things, to live more richly, to live more creatively, and better equip one to meet the ever-increasing problems of today's technological world.

An elementary education, at one time, met the need of the vast majority. Today a high school diploma is a "must". Secondary education is essential for the benefit of the country as well as for one's own good, economically and socially.

Post secondary education has become essential. In Massachusetts in 1900 only ten per cent went beyond high school. Today over fifty-five per cent are continuing their education after the twelfth grade.

The world, today, is changing more rapidly than ever before. Technological changes are, by no means, at an end. Ninety per cent of all the research scientists who ever lived are alive today. Half of the money ever spent in the United States for research and development was spent in the last eight years.

Where does this leave the person who "just gets by" or drops out of school?

The opportunity is available for an education. The responsibility rests with the individual to take advantage of that privilege and opportunity. Self-discipline, knowing right from wrong, using common sense, and making worthy use of one's time is essential if one is to accept the responsibility of learning.

PERSONNEL CHANGES

The following left during 1965:

Person	Position	Reason
Harold J. Martin	Principal	Principal in Southwick
Wallace Lawrence	Teacher	To teach in Springfield
Linda Shaughnessy	Teacher	To teach in Southwick
Peter Carenza	Teacher	Transferred to Village School
Donald Blakesley	Bus Driver	Resigned

The following entered employment in 1965:

Everett O. Rockwell	Principal
Marcella Waugh (Mrs.)	Teacher - Grade One
Rita Sandman (Mrs.)	Bus Driver

ORGANIZATION

Starting with the opening of school in September two first grades were organized at West Granville to provide for all first graders in town. Grades two through eight and the special class are at the Village School. Grades six, seven and eight are operating on a semi-departmental plan.

Plans for the 1966-67 school year are based on a first grade, the special class, and the kindergarten at West Granville. Grades two through eight will be at the Village School. It is planned to have the kindergarten operate a half-day and the special class a half-day using the same teacher for the two groups.

EDUCATIONAL REPORT

During the past year textbooks have been brought up-to-date, to meet the need of providing material in modern instruction.

A class, in cooperation with Tolland and Sandisfield, was conducted in modern mathematics for the academically talented. The program was in conjunction with a pilot program conducted by the State Department of Education. The class was conducted by Mrs. Theone Christiansen and under the supervision of Mr. Martin.

An instrumental program has been inaugurated, open to both elementary and secondary pupils. Classes are held Saturday mornings by Mr. Thomas Gannon instrumental teacher at the Southwick High School. Sixteen students have taken advantage of the opportunity with an average attendance of thirteen. If this pilot program proves successful, it is the plan to continue as long as there is interest.

For details of our educational program I suggest that you read the report of the principal, Mr. Rockwell.

INVENTORY

The buildings are valued based on replacement construction costs at about \$375,000. Furniture, equipment, books and supplies are valued at about \$30,000.

NO SCHOOL

It is the policy of the School Committee to order the no-school signal only in most severe weather conditions or when transportation is interrupted. At other times parents are expected to use their own good judgment in sending children to school.

The signal for no-school is broadcast over stations WTIC and WHYN.

WORK PERMITS

Educational certificates (work permits) are required of all persons fourteen (14) through eighteen (18) years of age who are employed either full or part-time. Those fourteen (14) and fifteen (15) must have a physical examination and must be accompanied by a parent or legal guardian when applying for the certificate. Those sixteen (16) through eighteen (18) must appear in person. A birth certificate must be presented at the time of application. These may be obtained from Mrs. Nancy Wackerbarth of Granville or from the Superintendent of Schools in Southwick.

TRANSPORTATION

School buses are an integral part of the schools operation. Reimbursement from the State is available for all students transported over one and one-half miles.

Presently, Granville has three buses which are working on a close schedule, at full capacity, to meet the needs of the two local schools and those going to the three schools (High, Junior High, Vocational) in Westfield.

Dignified behavior on the bus and promptness at being ready are important factors in good operation. Parents are valuable assistants when they have their children ready for the bus when it arrives. Behavior is the child's responsibility. Poor behavior becomes the problem of the driver, the school and the parent.

As previously stated, a two-way radio has been installed on the bus going to West Granville. This has been possible through the cooperation of the Civil Defense.

SCHOOL COSTS

The cost of education, like everything else, has risen over the years. At the national level the per pupil cost was \$13.33 in 1889, it was \$86.70 in 1930, \$208.83 in 1950 and \$375.42 in 1960.

ENROLLMENT

Currently our building facilities are capable of providing the essential

areas of instruction. Any noticeable growth in school population would seriously hamper a good educational program.

Our gym and cafeteria areas are too small to meet standards of space requirements. A school library is, also, an essential part of an elementary school. A central school library is lacking due to lack of space.

The School Committee has followed growth trends carefully. As close as the School Committee and Superintendent are to the situation, it is difficult to predict into the future. However, serious study of building needs should be continued with a report to the Town in time to take care of a situation before it develops.

The program at Westfield, 6-3-3, has been under study by the Westfield School Committee. There is a good probability that Westfield will return to a plan where grades nine through twelve will be in one unit. This would be educationally superior and an advantage to Granville students going to Westfield for their secondary education.

It should be kept in mind that Westfield could exclude students from surrounding communities if their own facilities become overcrowded. This isn't likely, at this time, but could be a fact in the future.

Your attention is called to the statistics and reports that follow as a part of this report.

Respectfully submitted,

ROLAND C. WEEKS,

Superintendent of Schools

REPORT OF THE PRINCIPAL

To the Superintendent of Schools:

This is my first report as Principal of Granville Public Schools, submitted with the realization that I may know less about these particular schools than any member of the staff, anyone working for the schools, or a number of interested citizens.

It would be remiss of me if I did not comment on my first impressions of Granville. The welcome of a stranger who may or may not fit the accepted pattern has been pleasing. Staff, including all who work at or for the school; the parents I have met; students I have worked with; and citizens outside the realm of parents (of school-aged children) have been most cordial.

Schools, in my mind, must be an integral part of society. Schools are politically constituted under the laws of the Commonwealth. Schools have their policies set by an elected committee with the help of the school's executive officer, the Superintendent. Schools are attended by some of the citizens of the community — its youth. There is no way to make school "real" then if it isn't an integral part of a youth's life, and it therefore follows that school must be an integral part of the community and a true reflection of that community.

Schools are to educate the youth of a community. This does not mean we have a miniature society in relation to the adult world. A boy is not just a small edition of a man. Early education in pre-school years is well understood to be the development of an unlimited number of experiments — many disastrous — that lead through sight, touch, taste, smell and hearing to our first understanding of the world we are in. Witness the child in the high chair who sees a cup of milk, touches it, probably rams his fist in it, tastes it — or anything else he can get from hand to mouth — probably smells it, and hears it splash. Above all he hears the reaction of the humans surrounding him — he learns and is educated. Schools are not a magic box that can form one like a pat of butter. The human animal needs a place to grow, a vigorous climate to help him grow, to teach him how to profit from his mistakes. He needs to know how to define a problem, how to attack a problem, how to carry out one of his probable solutions, how to be successful and yet strive to perfect even that.

The Chinese proverb, "A picture is worth a thousand words" is being slowly extended in schools to include, "My own discovery is worth a thousand of someone elses." Each person has the ability to compile an extensive file of experiences but for each one he has he may borrow many to go with it from someone else. One can learn to use the eye, the hand, and the mind. One can concentrate

on mastery of less material to increase the power of observation, the power of manipulation, the use of the imagination. There are fewer types of crimes than there are criminals, fewer ways to use food for personal good than there are foods, and probably fewer basic relationships than appearances lead us to believe in this complex-appearing world.

The knowledge "explosion" we all hear about could be well classified as an "implosion". The more we learn the more things appear to be related to each other. The development of depth perception has its beginning with the first of vision yet the latest astronauts were still learning about depth perception with their rendezvous. Bruner says, "It is possible to teach any subject to any child at any age in some form that is honest — and interesting. The challenge is to find how to represent the idea in a mode that is within the child's reach and then to proceed from there to a more precise and deeper representation. It is this that I call a spiral curriculum."

Can't we therefore structure a cycle or spiral of learning for most ideas that lift us gradually to an understanding of systems or to the basic understandings that will help us to find the pattern that will help us understand, or at least live with, the changes that are going on around us. This spiral of growth in understanding is best compared to the threads of a screw, continuing and broadening, penetrating and spreading, holding and controlling. A lack of understanding in this buildup leaves us with a flaw, an imperfection, that may lead to loss of control of the discipline involved.

Mathematics, for example, is not a mysterious situation but a system that helps many relate to numbers. I say many because it helps those most who know it is a system and that its purpose is to help man. It matters little what terms we use in mathematics as long as we use terms we mutually agree upon. A new system of mathematics would immediately grow if we lost ours completely. Those who grow this system will understand it best. The same is true of the student who feels he is growing his own mathematics and therefore wears this garment with ease.

The basic understanding of the disciplines must be bared to the student. Students must be impressed with their own integrity, the integrity of subject, and integrity for the feel of completeness — completeness in the sense of wholeness, propriety, exactitude, and reasonableness.

The preceding paragraphs may be guilty of being too philosophical, too ideal. It is too late at sixteen to try to sell integrity of person or subject. We have a legal point at which we lose many from schools; at what point before this have we already lost many others? When is a child diverted from his own integrity or integrity of subject? When does a child decide there is more dividing than

complementing a society? We need to illustrate a completeness that is understandable to all people of all ages and is worthy of all our drives. We need a respect, an integrity, and a concern for each other and for growth that will nurture each new generation.

We have in Granville a situation where this is possible. We have a relatively stable society, we have a good pupil-teacher ratio, we have people who are willing to work and, more important, willing to think about that work. Let's try to give our students that which will give them understanding to make value judgments and the ability to take steps to carry them out. Let's make our schools an integral part of a healthy Granville in body and spirit.

I want to thank each of you for helping to make our start here interesting; Superintendent Roland C. Weeks, the School Committee and all my co-workers for their help.

Respectfully submitted,

EVERETT O. ROCKWELL

Principal

REPORT OF THE SCHOOL DOCTOR

To the Superintendent of Schools:

Following is my annual report as School Physician for the Town of Granville:

Children attending the Granville and West Granville schools were given routine physical examinations. The parents were notified of any physical defects found upon examination so that the condition could be corrected.

For the number of students examined and dates seen, please refer to nurse's report.

Respectfully submitted,

ADRIAN DELERZON, M.D.

School Doctor

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools:

I hereby submit my second annual report as School Nurse of the Granville Public Schools.

Beginning in October, physical examinations were done by Dr. Adrian Delerzon on all pupils in the first, fourth and seventh grades.

The State dental hygienist, Mrs. Watts, did the dental examinations in October. She was very much pleased to see that the number of dental cavities were greatly reduced.

The check on heights and weights were started in December and will finish in January. Also the cleanliness checks were done at the same time.

The Pure Tone Testing was done between the months of October and November. This test was done individually and to date I have had satisfactory results.

Vision testing was started the first of December and will be finished after school vacation.

I would like to take this time to thank Mr. Rockwell and all the teachers for their help and cooperation.

Respectfully submitted,

NELLIE E. ROBAK, R.N.

School Nurse

REPORT OF THE SCHOOL CAFETERIA

To the Superintendent of Schools:

I hereby submit my third annual report as manager of the School Lunch Program.

In September 1965, we started sending lunches to the first grade classes in the West Granville school. Mrs. Nancy Wackerbarth transports and serves these lunches.

The participation in the lunch and milk programs is very good. For the month of December, we served an average of 150 lunches per day.

Our new equipment purchases for the year consist of:

- 1 Triveyor (for transporting hot foods)
- 2 Large Baking Sheet Pans
- 2 Large Muffin Pans
- 1 14-quart Pot and Cover(s)
- Silverware

The United States Department of Agriculture is continuing to furnish us with surplus commodities of farm products to supplement our purchases.

Mrs. Grace Kane is my assistant and we wish to thank all who have helped us this year.

Respectfully submitted,
ARLENE B. KING
Cafeteria Manager

REPORT OF THE HIGHWAY DEPARTMENT

To the Selectmen of the Town of Granville:

The work of this department has been the upkeep of our streets and roads and bridges, including the following:

The cleaning of all catch basins and drop inlets in the town. The painting of the guard rails and bridges.

We started to widen the Wildcat Road, hauled about 3,000 yards of fill, replaced one 36" culvert.

We did the usual plowing, salting, and sanding of the streets and roads, the Village School Yard, West Granville School Yard, Town Dump, and Fire Stations.

On the Town Barn Improvements: An overhead door was installed, part of the insulation, and wall is completed. A new floor was also poured.

CHAPTER 81

The Maintenance and surfacing all of our accepted streets and roads is carried out under this account. This work constitutes the maintenance and surfacing of both gravel roads and blacktop, with a total of 71.57 miles of accepted streets and roads, of which 45.65 miles are blacktop and 25.92 miles are of gravel.

The usual dragging and scraping of our gravel roads in the outlying district.

The graveling this year as follows: Trumble Lane, Blandford Road, North Lane #1, Winchell Road, and Beech Hill.

The bituminous concrete patching of all black-top streets and roads.

This year the bituminous asphalt was furnished by John J. Hudson, Inc., 5,404 gallons of MC 800, covering the following streets and roads:

Sodom St. 0.40 mi., Cross Rd. 0.70 mi., Silver St. 0.25 mi., Blandford Rd. 0.20 mi., and West Hartland Rd. 0.35 mi. MC 800 is for sealing the roads. 11,353 gallons of MC 3,000 which is used honeing, on the following streets and roads: Sodom St. 0.40 mi., Barnard Rd. 0.60 mi., Beech Hill Rd. 0.60 mi., and the Wildcat Rd. 0.60.

CHAPTER 90 — CONSTRUCTION

Old Westfield Road: The work under this account started at station 24*50 to extend in a northerly direction to station 67*00.

Cutting of trees, removing stumps, road excavation of about 1,000 yds., about 12,000 yds. of fill and gravel, for 4,150 ft., installation of 200 ft., of 10 inch sub-drain pipe, 80 feet of 15 inch A.C.C.M. pipe, 146 feet of 18 inch A.C.C.M. pipe, 50 feet of 24 inch A.C.C.M. pipe, 24 feet of inverted pipe arch, 22 feet of 6 feet $\frac{1}{2}$ arch, 2 catch basins, 1800 feet of berm, placing of $1\frac{1}{2}$ inches bituminous concrete (base course), for 30 feet the full length.

CHAPTER 90 — MAINTENANCE

The work finished this year under this account is as follows:

- 1 Power Grease Gun
- 1 Steam Cleaning Outfit
- 1 Homemade Skeleton Trailer
- 1 Gracestreet Sweeper
- 1 Space Heater
- 1 Weed Control Sprayer

REPORT OF THE RECREATION COMMISSION

To the citizens of the Town of Granville:

The following represents the activities for the year 1965.

Spring was ushered in by the annual "Music Festival," which was held at the Village School on a Sunday afternoon. It was time well spent watching our Granville youngsters progress in their music field.

Our baseball program has been very successful with the cooperation of the Southwick Recreation Center. The 8-9 year old boys played under the management of Vaughn Banks with assistance from Wallace Banks and Ray Peebles. The 10-12 year old boys played in the Bernie Battles League under the management of Ed. Beckwith. The 13-15 year old boys were directed by Jerry Prince. Two of the groups played in Southwick and it is planned to have the third team in there next year.

A terrific swim program was introduced this year through the Westfield Y. M. C. A., at Camp Shepard in Westfield. It was a successful two-weeks course for youngsters eight years old through high school age.

The 10th Annual Fourth of July Community Field Day was held at the Village School grounds. A parade began the day's activities at 10.30 A. M. led by the Selectmen of the town. A highlight of the day was the presentation of Silver Cups to Mrs. Cecelia Oftedahl and Mr. Austin Phelon, oldest living residents of Granville. The afternoon activities were enjoyed by young and old, as participants and as an audience. The evening was concluded with a hypnotist show and dancing until midnight.

The Committee wishes to thank all those who made the Fourth of July day a success. Also, we wish to thank all the volunteers who helped with the other activities throughout the year.

EXPENSES

Baseball Program	628.42
4th of July	320.45
Music Festival	6.59
<hr/>	
Total	995.36

VILLAGE GREEN REPORT

To the Citizens of Granville:

Through the cooperative efforts of many of our townspeople, the year 1965 saw further progress made in the development of the Village Green.

The area was spread with six to eight inches of good topsoil, was fertilized, and was seeded with lawn grass. Lack of rain after the planting was a deterrent to verdant growth. However, to see the expanse topped with green was an improvement. The required mowing was done by a community-minded citizen who gave his services.

The Lions Club expressed their wish to assist in the project, and following the original long-range plans of our horticultural consultant, Professor Harold Mosher of Massachusetts State College, donated and planted the Norway spruce. This served as the Community Christmas tree, the lighting of which was paid for by the Lions. They, too, have offered to give labor in the coming months.

We were happy to have the Village Green the scene of a beautiful and stirring Nativity pageant.

Mr. Edgar Walrath donated and planted a border of two hundred daffodil bulbs.

Mr. Joseph Dickinson donated two Carolina hemlocks, again planted according to design.

The Grange has offered to furnish and plant some of the suggested trees and shrubs.

It is our wish that other local organizations or private individuals donate trees and shrubs of the species recommended on the accepted landscape design for all-season beauty and interest.

This coming year the committee plans to have a walk constructed through the area and to do more planting. With the splendid type of cooperation already displayed Granville should have another area of beauty for all to enjoy for many years to come.

REPORT OF THE FIRE DEPARTMENT

The Town fire equipment was called out 23 times in the past year.

There were 2 building fires, 3 chimney fires, 1 automobile, 1 truck, 1 tractor, 4 brush and 4 forest fires, 1 rubbish, 1 dump, wet down coals at gravel pit for Town, 1 Assisting Tolland, 1 woman lost at Cobble Mt., 1 cat in tree and 1 not needed.

The Ambulance was called 41 times: 23 times to Noble Hospital, 2 calls for oxygen, 3 to Springfield, 2 Noble Hospital to Rest Homes, 2 Noble Hospital to Granville, 2 Rest Homes to Noble Hospital, 2 not needed, 1 Hartland to Winsted, 1 Tolland to Noble Hospital, 1 Tolland to private home, 1 Washington Nursing Home to Noble Hospital, and 1 to Holyoke Veterans Home. .

There were 545 permits issued, 543 burning permits, 1 blasting and 1 gasoline.

FIRE DEPARTMENT INVENTORY

- 1 1964 Cadillac Ambulance
- 1 1945 Ford Fire Truck with American LaFrance Midship Pump--
500 gals. per minute
- 1 1948 Diamond T Fire Truck with Maxim Midship Pump --
500 gals. per minute
- 1 Ford Tank Truck 1200 gals.

2800 ft. 2½" Hose. National Standard thread pin lug couplings.

1800 ft. 1½" Hose. Black Iron Pipe thread pin lug couplings.

400 ft. ¾" Booster Hose

3 10' lengths of 4" Suction Hose. 1 4" Box Strainer.

3 10' lengths of 4½" Suction Hose. 1 4½" Box Strainer.

1 15' length of 2½" Suction Hose.

2 10' lengths of 2½" Suction Hose. 2 2½" Box Strainers.

1 50' length of 5/8" Garden Hose.

2 Portable F.Z.Z. Pumps 250 gals. per minute.

12 Forest Fire Pumps.

4 Walkie-Talkie Radios.

Respectfully submitted,

ALFRED PETERSEN,

Chief, Granville Fire Department

POLICE DEPARTMENT REPORT

To the Citizens of Granville:

Accidents	23
Persons lost	1 (found)
Domestic complaints	118
Breaks and attempts	18
Summons served	2
Traffic duty	32 days (Federated Church)
Malicious destruction of property ..	1
Abandoned vehicle	1
Safety meetings attended	12

Much of the patrol duty was resulted from townspeople leaving town and requesting that their properties be checked periodically.

Other patrolling consisted of working with the State Police on road blocks and on several occasions working with the Conservation Dept.

Again this year we wish to express our appreciation for the assistance and cooperation of the town's People.

Respectfully submitted,

STANLEY BECKWITH, Chief
ARTHUR SHEETS
CLARK BOUGHTON
BERT PARKER

Constables

REPORT OF THE TREE WARDEN

We didn't start tree work this year until the first of Dec. We took several big trees down that were endangering the public. One of these trees was across Maple St. from the Library. This seems a crime to cut down the big maples in our village. I hope whether I am Tree Warden or someone else is next year that we can have enough appropriation increase to do some trimming of these trees and try to save them. These maple trees are slowly dying from lack of maintenance. I hope the town will see fit to preserve the beauty of your village.

Thank you,

HARLON R. HANSEN

REPORT OF THE CIVIL DEFENSE DEPARTMENT

To the Board of Selectmen:

During the year 1965 the Civil Defense Department has again been able to lend assistance with communication equipment and manpower to both the Police and Fire Department when requested.

The necessary radiological monitoring kits and equipment has been received from the Federal Government so that we may now set up our two Radiological Monitoring Stations. These stations in Granville and West Granville, as well as throughout the state of Massachusetts, will be able to check the amount of radioactivity in the area and relay the information to Sector Headquarters who in turn will relay the information to Area Headquarters. Area Headquarters will compile all the information and in turn submit their findings to State Headquarters. Each state will inform the office of Civil Defense in Washington, D. C., as to the amount of radioactivity and the pattern of flow in the atmosphere. In this manner, a constant check can be kept as to the amount and direction of flow.

The West Granville station is tentatively to be set up in the Town Hall and will be known as the Control Station. Each station will have the following:

1 CDV-700 Survey Meter

This meter is recommended for monitoring of personnel, food, and water and follow-up monitoring of areas for human habitation and food production.

2 CDV-715 Survey Meters

This instrument is intended for ground survey but it can serve quite well as interim equipment for aerial measurements. This unit has a removable detector unit for making remote measurements to distance of 25 feet.

12 CDV-742 Dosimeters Self Reading

This instrument measures the total accumulated radiation dose.

1 CDV-750 Dosimeters Charger, Portable, Battery Operated

This instrument is a device for supplying the needed electric potential for zeroing the Dosimeters.

We also plan to set up a permanent communication station at the Village School and the Town Highway Building. The reason being that the Village School is the dispersal point for the town of Agawam CD equipment, and the Highway Department Building is the dispersal point for the town of Southwick CD equipment.

We again are happy to have been able to serve the town of Granville this year and hope to continue to serve in any way we can.

The co-operation of the Board of Selectmen, Police Department, Fire Department and our Civil Defense units have been greatly appreciated.

Respectfully submitted,

WILLIAM H. BOUCHER, Director

WALLACE L. CHAPMAN, Deputy Director

HARLON R. HANSEN, Deputy Director

REPORT OF THE VETERANS' DEPARTMENT

The 1965 expenditures for Veterans' Benefits were \$1,292.14. They are as follows:

Ordinary Benefits	785.85
Fuel	249.00
Doctors	63.00
Medication	192.19
Hospital	None
Dental	None
Miscellaneous	2.10
<hr/>	
Total Expenditures	\$1,292.14

The Town is in receipt of \$872.79 from the Commonwealth for the State's share of the 1964 expenditures. This is a return of 49.9%.

Granville's share of the cost of Administration for this department during 1965 was \$725.73.

Respectfully submitted,

DAVID C. GALLANO,

Director-Agent

DCG/cmk

REPORT OF THE COMMITTEE AUTHORIZED TO STUDY THE TOWN'S CLERICAL DUTIES

At the first meeting it was apparent a minority of the town officials wanted a central office with one person to perform the clerical duties for all offices. It was agreed that the chairman of this committee, the Treasurer, and the Board of Selectmen, would proceed to hire someone to do their clerical and bookkeeping duties. This meeting resolved to hire a qualified person to work 20 hours

a week @ \$1.50 per hour, or on a monthly basis of \$125.00, to perform the following services:

- 1. Attend the town offices on Mondays
- 2. Act as clerk to the selectmen
- 3. Assist other town officers as required
(i.e., Road superintendent)
- 4. Perform other duties as required.

In August, Mrs. Eleanor Geiger accepted a full time position, after ably performing the above duties for a period of five months. She submitted her resignation effective August 31. The Committee agreed that at this time it would be better to hire someone as Selectman's clerk and bookkeeper, as had been done in previous years. Mr. Raymond Whiting was appointed to fill this position.

The officials and townspeople who benefitted from Mrs. Geiger's services appreciate the full value of the work that was done and should take action to provide the most efficient operation in the future.

Respectfully submitted,

ROBERT A. DOWLING
HENRY S. WACKERBARTH
CHARLES E. HANSEN
HARRY R. CHRISTIANSEN

REPORT OF THE PUBLIC HEALTH NURSE

To the Selectmen of the Town of Granville:

Service Report:

Therapeutic visits	9
Visits to the office	3
Immunization Clinics	3
Total attendance	139
Inservice meetings	2

I would like to take this opportunity to thank the Board of Selectmen and the Advisory Committee for their support and cooperation in the Public Health Program, and most of all thanks to the people who helped to make our clinics a success.

Respectfully submitted,

NELLIE ROBAK, R. N.
Public Health Nurse

ZONING BY-LAW

for the

TOWN OF GRANVILLE

Section 1. Purpose

1-1. The purpose of this By-Law is to provide for the Town of Granville all the protection authorized by the General Laws of the Commonwealth of Massachusetts, Chapter 40A and any amendments thereof.

Section II. Establishment of Districts

2-1. Types of Districts: For the purpose of this By-Law the Town of Granville shall be considered an Agricultural-Residential District.

Section III.

Use Regulations: No structure or land shall hereafter be used or occupied and no structure shall hereafter be erected, maintained or altered unless in conformity with the regulations for an Agricultural-Residential District.

3-1. Agricultural Residential District

a. Permitted Uses

- (1) Farm (excluding commercial raising of swine or fur-bearing animals) and nursery, including the display and sale of natural products raised in the Town.
- (2) Detached one-family dwelling.
- (3) Religious, educational or municipal use.
- (4) Renting of rooms or furnishing of board for not more than (4) persons in a dwelling regularly occupied for residential purposes.

b. Uses Permitted on Special Authorization:

In an Agricultural-Residential District the Board of Appeals may in a specific case, after a public hearing with due notice given, authorize any of the following additional uses subject to appropriate conditions where such are deemed necessary to protect the neighborhood and Town:

- (1) Aviation field, golf course, boat livery, riding stable and ski tow.
- (2) Private club not conducted for profit.
- (3) Gravel, loam, sand and stone removal.
- (4) Conversion of a one-family dwelling existing at the time of adoption of this By-Law, into a two family dwelling, provided the lot is at least 30,000 sq. ft .in area.
- (5) Use of a trailer as a dwelling for a period of 60 days — Renewals may be granted at the discretion of the Board of Appeals.

c. Accessory Uses in Agricultural-Residential District:

In an Agricultural-Residential District the following uses are hereby specifically declared to be customary accessory uses within the meaning of this By-Law:

(1) Use of a room or rooms in a dwelling for customary home occupation conducted by resident occupants, such as dressmaking, millinery, or for the work of a resident member of a recognized profession.

(2) Use of premise or building thereon in connection with his trade by a resident carpenter, electrician, painter, plumber or other artisan, provided that no manufacturing or business requiring substantially continuous employment be carried on therein.

(3) Display of not more than two signs pertaining to a permitted use with a total area of not more than (12) square feet.

Section IV. Area, Yard, Floor Area and Coverage Regulations.

4-1. A dwelling hereafter erected in Agricultural-Residential District shall be located on a plot having not less than 20,000 square feet of area and not less than 125 feet of frontage on a way. A lot or parcel of land having an area or frontage of lesser amounts than required above may be considered as coming within the area and frontage requirements of this section provided such lot or parcel of land was listed in the tax records, or shown on a plan or described in a deed duly recorded or registered at the time of adoption of this By-Law, and did not, at the time of such adoption adjoin other land of the same owner available for use in connection with such lot or parcel.

4-2. A dwelling hereafter erected and any addition to an existing structure shall be located not less than 40 feet from the traveled way, and in no case closer than 30 feet to the property line.

4-3. A dwelling hereafter erected and any addition to an existing structure shall be so located on the lot as to provide a side yard of not less than 25 feet, and a rear yard of not less than 25 feet.

4-4. A dwelling hereafter erected shall have not less than a minimum first floor area of 600 square feet.

Section V. General Regulations

5-1. Non-conforming Uses:

The lawful use of any structure or land existing at the time of the enactment or subsequent amendment of this By-Law may be continued although such structure or use does not conform with provisions of the By-Law.

a. Alteration: A non-conforming use may not be altered or reconstructed if the cost of such alterations exceeds (50)% of the replacement valuation of the structure at the time of the change.

b. Restoration: No structure damaged by fire or other causes to the extent of more than (75)% of its replacement valuation shall be repaired or rebuilt except in conformity with the By-Law.

c. Extensions: No increase in the extent of the non-conforming use of a structure or lot may be made.

d. Abandonment: A non-conforming use which has been discontinued and for a period of more than (1) year shall not be re-established and any future use shall conform with this By-Law.

e. Changes: Once changed to a conforming use, no structure or land shall be permitted to revert to a non-conforming use.

5-2. Accessory Buildings

a. No accessory building shall be located in any front yard. No accessory building shall be located in any side yard nearer to the side lot line than (25) feet, nor in the rear yard nearer to the rear line than 25 feet.

Section VI. Administration

6-1. Enforcement. This by-law shall be enforced by the Board of Selectmen, either directly or by an inspector appointed by them; and upon any well founded information as to a violation, the said Board shall take immediate steps to enforce this by-law in any manner provided by law.

Permits: Permits will be required only for new construction and may only be issued by the Board of Selectmen.

6-2. Board of Appeals. There shall be a Board of Appeals of (3) members and (2) associate members appointed by the Selectmen as provided in Chapter 40A of the General Laws which shall act on all matters within its jurisdiction under this By-Law in the manner prescribed in Chapter 40A of the General Laws.

6-3. Validity. The invalidity of any section or provision of this By-Law shall not invalidate any other section or provision hereof.

6-4. Amendments: This By-Law or any portion thereof may be amended by a 2/3 vote at any regular town meeting, as provided for and in pursuance of the provisions G. L. Ch. 40.A

The Zoning By-Laws are hereby approved.

E. J. McCORMACK, JR.

Attorney General

NOTICE OF TOWN MEETING

TO EITHER OF THE CONSTABLES OF GRANVILLE:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town affairs, to meet at the Town Hall in Granville Center on March 7th, 1966, to vote upon the articles which follow. The polls will open at 10 o'clock A.M. and close at 7 o'clock P.M.

Article 1. To bring in and deposit your ballots for one Moderator, one Auditor, one Tree Warden, each for one year; one Selectman, one Assessor, one School Committee Member, one Library Trustee, one Constable, one Town Clerk, one Tax Collector, two Recreation Commission members, each for three years; five Planning Board Members, two for three years, two for two years, one for one year.

Article 2. To choose all necessary Town Officers.

Article 3. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof, in each of the usual places in Town for posting such notices, seven days at least before the time of holding said meeting.

HEREOF, fail not and make due returns of this Warrant with your doings thereon to the Town Clerk at the time and place of said meeting.

GIVEN UNDER OUR HANDS AND SEAL this 7th day of February 1966.

WELLINGTON D. CLARY

JOSEPH L. DICKINSON

REINHOLD M. SUSSMANN

COPY OF TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS
HAMPDEN ss

To either of the Constables of Granville:

GREETINGS:

In the name of the Commonwealth of Massachusetts you are hereby directed to notify the inhabitants of Granville in said County, qualified to vote in Town Affairs, to meet at the Town Hall in Granville Center on March 7, 1966 at 7 o'clock P.M. to vote upon the articles which follow:

Article 1. To receive the reports of the Board of Selectmen and Board of Public Welfare, Tax Collector, Treasurer, Assessors, School Committee and act thereon.

Article 2. To see if the Town will vote to raise such sums of money as may be necessary to defray the expenses of the Town for the coming year.

Article 3. To see what sums the Town will appropriate for General Government.

Article 4. To see what sums the Town will appropriate for the Protection of Persons and Property.

Article 5. To see what sums the Town will appropriate for Health and Sanitation.

Article 6. To see what sums the Town will appropriate for General Highway Purposes.

Article 7. To see what sums the Town will appropriate for Public Welfare.

Article 8. To see what sums the Town will appropriate for Veterans Benefits.

Article 9. To see what sums the Town will appropriate for Veterans Administration.

Article 10. To see what sum the Town will appropriate for the Town Library.

Article 11. To see what sums the Town will appropriate for Unclassified Departments.

Article 12. To see if the Town will vote to appropriate a sum to cover the costs of Interest and Certifying.

Article 13. To see what sums the Town will appropriate for the Insurance, Workmen's Liability Fund and Reserve Fund.

Article 14. To see if the Town will vote to raise and appropriate the sum of \$300.00 for care of Veterans' Graves.

Article 15. To see what sums the Town will vote to appropriate for Educational purposes.

Article 16. To see if the Town will vote to raise and appropriate the sum of \$290.00 to pay the premium on the accident insurance policy covering the volunteer firemen while in performance of the duties.

Article 17. To see if the Town will vote to transfer the Machinery Fund to maintain the Machinery Account for 1966.

Article 18. To see if the Town will vote to appropriate the sum of \$60.00 to the Westfield River Watershed Association.

Article 19. To see if the Town will vote to appropriate the sum of \$878.94 to pay the Tennessee Gas Pipeline Company for work done.

Article 20. To see if the Town will receive \$500.00 in state aid, through legislation passed in November 1960, Chapter 760, Acts of 1960, and amended by Chapter 672, Acts of 1963 for the improvement of free public libraries in towns and cities, the trustees of the library request that \$500.00 from surplus be voted and appropriated. Upon receipt of the allotted amount from the state, the money will automatically go into surplus.

Article 21. To see if the Town will vote to appropriate \$50.00 for improvement on the town barn.

Article 22. To see if the Town will authorize the Treasurer with the approval of the Selectmen to borrow from time to time in anticipation of the revenue of the financial year ending December 31, 1966, and to issue a note or notes, therefore payable in one year and to renew any note or notes for a period of less than one year in accordance with the provisions of Chapter 41, Section 17 of the General Laws.

Article 23. To see if the Town will vote to authorize the Treasurer with the approval of the Selectmen to borrow on or before January 1, 1967, in anticipation of the revenue of the year ending December 31, 1967.

Article 24. To transact any other business that can legally come before this meeting.

And you are directed to serve this Warrant by posting attested copies thereof in each of the usual places in Town for posting such notices, seven days at least before the time of holding this Meeting.

HEREOF Fail not and make due return of this Warrant with your doings thereon to the Town Clerk at the time and place of said Meeting. Given under our Hands and Seal this 7th day of February 1966.

WELLINGTON D. CLARY
JOSEPH L. DICKINSON
